Dissidence and Literature Under Nero Jul 28 2022 This work inquires into the impact of dissident sensibilities on the writings of the major Neronian authors. It offers a detailed and innovative analysis of essays, poetry and fiction written by Seneca, Lucan and Petronius, and illuminates their psychological and moral anguish. The study is intended as a companion volume to Vasily Rudich's earlier work *Political Dissidence under Nero: The Price of Dissimulation*, where he discussed the ways in which 'dissident sensibilities' of the Neronians affected their actual behaviour. *Dissidence and Literature under Nero* extends this analysis to show how the same sensibilities became manifest in the texts written by the Neronian authors. It explores the pressures on authors under a repressive regime, who strive to maintain their artistic integrity. Thus the argument of this book can be seen as a comparison between the predicament of a Neronian dissident and the situation of the postmodern intellectual. It will interest professional classicists and the wider audience concerned with the ongoing debate on the benefits and perils of rhetorical discourse.

Macbeth (Second International Student Edition) (Norton Critical Editions) Nov 19 2021 A tragedy that evokes both pity and terror—now in a thoroughly revised and updated Norton Critical Edition. The Norton Critical Edition is again based on the First Folio (1623), the only authoritative text of the play. The volume includes a revised introduction and new annotations and textual notes. The Second Edition also includes the innovative feature “The Actors’ Gallery,” which presents famous actors and actresses—among them David Garrick, Sarah Siddons, Ian McKellen, Hira Mikijirô, Patrick Stewart, and Kate Fleetwood—reflecting on their roles in major productions of *Macbeth* for stage and screen. “Sources and Contexts” provides readers with an understanding of *Macbeth*’s origins in earlier texts, specifically the works of the Roman playwright Seneca, the Tudor historian Raphael Holinshed, and the medieval drama *The Slaughter of the Innocents* and *The Death of Herod*. Contexts for the play include contemporary debates on predestination versus free will (Martin Luther versus Erasmus), witchcraft as fiction or fact (Reginald Scott versus King James I), the ethics of regicide (an Elizabethan homily versus Jan de Mariana, S.J.), and the ethics of equivocation (Henry Garnet, S.J., versus—new to the Second Edition—Sir Edward Coke). Eight carefully chosen essays represent four hundred years of critical and theatrical interpretation. Contributors include Simon Forman, Samuel Johnson, Samuel Taylor Coleridge, Thomas De Quincey, Harry Levin, Stephen Orgel, Peter Holland, and, presenting the latest arguments on the authorship controversy, Gary Taylor. Finally, an engaging new selection of *Macbeth*’s “Afterlives” includes excerpts from Giuseppe Verdi’s *Macbeth* and related letters, Eugene Ionesco’s *Macbett* (1972), Bill Cain’s *Equivocation* (2009), and more. This edition also provides a list of online and print resources.

Domitian Oct 19 2021 This is the first ever study to assess Emperor Domitian from a psychological point of view and covers his entire career from the early years and the civil war AD through the imperial rule to the dark years and the psychology of suspicion. Pat Southern strips away hyperbole and sensationalism from the literary record, revealing an individual who caused undoubted suffering which must be accounted for.

A Geographical and Historical Description of Ancient Italy Aug 17 2021

Nero Caesar Augustus Oct 31 2022 Propelled to power by the age of 17 by an ambitious mother, self-indulgent to the point of criminality, inadequate, paranoid and the perpetrator of heinous crimes including matricide and fratricide, and deposed and killed by 31, Nero is one of Rome's most infamous Emperors. But has history treated him fairly? Or is the popular view of Nero as a capricious and depraved individual a travesty of the truth and a gross injustice to Rome's fifth emperor? This new biography will look at Nero's life with fresh eyes. While showing the man 'warts and all', it also casts a critical eye on the 'libels' which were perpetrated on him, such as claiming he was a madman, many of which were most probably made up to suit the needs of the Flavians, who had overthrown his dynasty.

Imperial Ideology and Provincial Loyalty in the Roman Empire Sep 29 2022 "As he illuminates the relationship between the imperial government and the empire's provinces, Ando deepens our understanding of one of the most striking phenomena in the history of government."--BOOK JACKET.

An Introvert in an Extrovert World Jun 26 2022 **An Introvert in an Extrovert World: Essays on the Quiet Ones** is a multi-disciplinary anthology about introversion in the world of extroversion. Susan Cain's book, *Quiet*, recently addressed the complexities of an issue that was initially raised by Carl Jung, and this anthology expands the analysis of the challenges faced by those who are considered to be introverts - those who prefer reading to partying, listening to speaking - living in a world of people who cannot understand their quieter ways. Introverts are innovative and make significant contributions, but dislike self-promotion. They derive their energy from quiet rejuvenation, as opposed to acquiring renewed energy from being surrounded by, and interacting with, multitudes of people. That they are typically labeled "quiet" often suggests negative connotations. However, from Van Gogh's *Sunflowers* to the invention of the personal computer, the contributions of the "quiet ones" have made an immeasurable and invaluable impact on

our society. An Introvert in an Extrovert World contains analyses of popular culture, literature, television, film, and social media, as well as poignant personal narrative examples of the lives of these two contrasting personality types. Examples of the pain, conflict, repression, and even humor related to introversion in everyday life are manifested in this collection of articles that span the spectrum of human nature. The volume looks at the unlikely professions that the populace would attribute to the introvert: from teacher/professor and actor to politician and even gladiator. The reader is given an understanding of different characters in literary works and their connection to introversion, visits the spectrum of social media and the pluses and minuses therein, and is provided with examples of how to promote one's writing for publication whilst being an introvert. Within the pages of this book, there are many and varied topics and intuitive insights traversing several situations that relate to the "quiet" world of introversion.

Ante-Nicene Fathers: Translations of the Writings of the Fathers Down to A.D. 325, Volume 8 Dec 29 2019 Philip Schaff's classic work colloquially known as Early Church Fathers, is an invaluable resource filled with the primary documents, and early theological building blocks for the Christian Church. Comprised of 38 volumes it is broken into three parts, the Ante-Nicene Fathers, and Nicene and Post-Nicene Fathers, First and Second Series.
