updated and revised with new case studies and additional support for revision and exam preparation. The book covers the thematic content of the course providing one unit for each theme. Each theme is explored using an enquiry-based approach: stimulating activities and real-life case studies provide in-depth investigation to challenge pupil's thinking and deepen their understanding. All case studies have been rewritten and updated to provide opportunities for pupils to fully engage with topical issues such as sustainable development, globalisation and

updated for the new syllabus to provide extensive support for all units. It provides: - teaching notes and worksheets to support enquiries in the Pupil's Book - extensive advice on differentiation and assessment - additional support for teaching locational knowledge - a CD containing all worksheets in an editable format. A companion volume, Map Skills for Common Entrance Geography and Key Stage 3 covers the map skills section of the syllabus and provides practice in using Ordnance Survey Maps at 1:25,000 and 1:50,000 scales and interpreting aerial photographs.
