**Project Legion** Jun 19 2019 THE SIGNAL WAS RECEIVED Ten years after a deep space transmission was broadcast from a futuristic citadel hidden in the Arctic ice, Jon Hudson finds himself in a position beyond comprehension. His days of lazy Sasquatch hunting on behalf of the DHS's Fusion Center--Paranormal (FC-P) have been a fading memory since the appearance of Nemesis, the goddess of vengeance, reborn through genetic tinkering. Now he longs for those quiet days once more. THE AEROS HAVE RETURNED Facing down giant kaiju has become almost commonplace for Hudson and the FC-P, who he regards as his family, but the threat now facing them is global. An alien race known as the Aeros, summoned to Earth ten years ago, have arrived in orbit, hell-bent on destroying their ancient enemy, the Ferox, along with all of humanity...in all dimensions of reality. ALL EARTHS WILL BE DESTROYED Facing off against an invasion of city-destroying kaiju, a massive mothership and an assault in a parallel world, Hudson must bolster the FC-P's ranks. Joined by Milos 'Cowboy' Vesely, Hudson must journey through alternate dimensions to gather a one-of-a-kind legion of defenders, including a smart-mouthed soldier, a woman who can animate the lifeless, a time traveler, a robot-man, a powerful king and an assassin who can slip between frequencies of reality. With Project Legion, Jeremy Robinson has created an epic series finale, bringing together characters and plot elements from more than a dozen different novels and series. The result is a crossover novel, ten years in the making, the likes of which have never been seen outside of comic books and movies like Captain America - Civil War. Project Legion is an apocalyptic end to the first story arc of the bestselling kaiju-thriller series: The Nemesis Saga. Novels whose characters or plot elements are featured in Project Legion include: The Nemesis Saga, Island 731, The Didymus Contingency, Raising the Past, Nazi Hunter: Atlantis, The Last Hunter (The Antarktos Saga), Xom-B (aka: Uprising), the Jack Sigler Thrillers and MirrorWorld. Also mentioned are elements from the following novels: Refuge, Kronos and Beneath. Although reading all these novels is NOT a prerequisite for enjoying Project Legion, they will help flesh out the included characters.

**Project Maigo** (a Kaiju Thriller) Mar 09 2021 BOSTON IS IN RUINS Jon Hudson, head of the Department of Homeland Security's Fusion Center - Paranormal division, is haunted by Boston's destruction at the hands of Nemesis, a three-hundred-foot tall monster with the heart of a murdered little girl, Maigo. In the time since Boston fell and Nemesis retreated to the ocean's depths, Hudson has helped prepare the United States against future attacks. But no one is prepared for what rises from the depths. THE WORLD BURNS Five Kaiju attack cities and consume the world's citizens in an unstoppable rampage around the globe. But it soon becomes apparent that these attacks aren't all random events. Hudson is targeted, putting the FC-P headquarters, known as the Crow's Nest, and his team, in the very large crosshairs. General Lance Gordon, a man who carries Nemesis's vengeful heart in his chest, directs the Kaiju, and when Hudson finds protection from an unlikely source, the General turns his attention to his next target. THE NATION'S CAPITOL IS NEXT While Gordon and his Kaiju storm toward Washington D.C., Hudson, along with his team and some new and unusual allies, race to stand in their path, hoping to spare the nation-and the world-from destruction. But salvation at the end of all things will come only through the gravest of sacrifices. --- With Project Nemesis, Jeremy Robinson introduced the world of popular fiction to Kaiju, a word that has become popularized by the movie Pacific Rim, and is associated with classic movie monsters such as Godzilla and Gamera. In the year since the release of Project Nemesis, the book has become the bestselling original Kaiju novel of all time, and it is being featured in the video game Colossal Kaiju Combat: Fall of Nemesis. **Project Nemesis (a Kaiju Thriller) Apr 10 2021 Jon Hudson, lead investigator for the Department of Homeland Security's Fusion Center-P, thinks his job is a joke. While other Fusion Centers focus on thwarting terrorist activity, Hudson's division is tasked with handling paranormal threats to national security, of which there have been zero during his years at the DHS. When yet another Sasquatch sighting leads to a research facility disguised as an abandoned Nike missile site in the back woods of Maine, Hudson's job becomes deadly serious. Hudson and the local Sheriff, Ashley Collins, suddenly find themselves on the run from a ruthless ex-Special Forces security team, but the human threat is short-lived as something very much not-human destroys the facility and heads for civilization, leaving only a single clue behind--a name scrawled in blood: Nemesis. Working with his team at Fusion Center-P, Sheriff Collins and a surly helicopter pilot named Woodstock, Hudson pursues the creature known as Nemesis, attempts to uncover the corporate secrets behind its creation and accidental release and tries to comprehend why several clues lead to a murdered little girl named Maigo. But as the body-count explodes, along with the monster's size, it quickly becomes clear that nothing short of a full military response can slow Nemesis's progress. Coordinating with every branch of the U.S. military, Hudson simultaneously searches for clues about Nemesis's origins and motivations, and leads the counterattack that will hopefully stop the monster before it reaches Boston and its one million residents. Witness the birth of a legend as Jeremy Robinson, bestselling author of *SecondWorld* and *Ragnarok*, combines the pacing of Matthew Reilly with the mystery of James Rollins and creates the first iconic American Kaiju\* story since King Kong. Description: I've been told that the entire continent of Antarctica groaned at the moment of my birth. The howl tore across glaciers, over mountains and deep into the ice. Everyone says so. Except for my father; all he heard was Mother's sobs. Not of pain, but of joy, so he says. Other than that, the only verifiable fact about the day I was born is that an iceberg the size of Los Angeles broke free from the ice shelf, a few miles off the coast. Again, some would have me believe the fracture took place as I entered the world. But all

*that really matters, according to my parents, is that I, Solomon Ull Vincent, the first child born on Antarctica—the first and only Antarctic—was born on September 2nd, 1974. If only someone could have warned me that upon my return to the continent of my birth, thirteen years later, I would be kidnapped, subjected to tortures beyond comprehension and forced to fight...and kill. If only someone had hinted that I'd wind up struggling to survive in a subterranean world full of ancient warriors, strange creatures and supernatural powers. Had I been warned, I might have lived a normal life. The human race might have remained safe. And the fate of the world might not rest on my shoulders. Had I been warned... This is my story—the tale of Solomon Ull Vincent—The Last Hunter.*

*The Others May 11 2021 UFOs and alien abductions remain one of the most hotly debated and mysterious subjects of the twenty-first century. The Others takes a fast-paced and moving look at the phenomenon that has fueled Jeremy Robinson's imagination since several sightings, strange happenings, and visits with renowned UFO investigator, and family friend, Raymond Fowler.*

*Kronos Oct 16 2021 Two years after his wife's death, oceanographer and former navy SEAL, Atticus Young, attempts to reconcile with his rebellious daughter, Giona, by taking her on the scuba dive of a lifetime--swimming with a pod of peaceful humpback whales in the Gulf of Maine. But the beauty of the sea belies a terror from the deep--a horrific creature as immense as it is ancient. There is no blood, no scream, no fight. Giona is swallowed whole by the massive jaws. Only Atticus remains to suffer the shame of the survivor and his inconsolable grief turns to an unquenchable thirst for revenge. Drawn by the spectacle, Trevor Manfred, a ruthless billionaire, approaches Atticus with a proposition: Trevor will make available all the advanced technology of his heavily armed mega-yacht, the Titan, to aid Atticus in his death-quest. In return,*

*Trevor is to receive the beast's corpse as the ultimate hunting trophy. But in the midst of the hunt, Atticus makes a terrifying discovery that changes the way he sees the ocean's creatures and begs the question: What is Kronos? The answer sets him on a new and much more deadly course. This updated edition has been re-edited, revised, repackaged and expanded, making this new edition of KRONOS superior to all that came before. Be sure to look for Robinson's early standalone novels, which have likewise been revised.*

*The Last Hunter - Onslaught Nov 05 2020 The past few years have been a mixture of torture, painful growth and sometimes, pushing its way through all the darkness-joy. I have made friends and allies, brothers and sisters, mentors and...Kainda, who is something else entirely. But someone is missing, someone whose memory saved me from despair-Mirabelle Whitney, my hope. So while the human race prepares to defend itself, I ride toward the encroaching Nephilim army intending to save Mira, return to our feeble base and lead the charge against those who plan to wipe the human race from the face of the Earth. It sounds like an impossible plan, and maybe it is, but if we're going to die, we're going to die like hunters-boldly and bravely. More than that, we're going to die together, as a united race facing a common enemy. Nationality no longer matters. Ancient grudges are forgotten. The human race must resist as one, or face extinction. And now it falls to me, along with Kainda, Em, Mira, Kat, Merrill, Aimee and Luca, to light the path for humanity in our darkest hour. Harnessing the power of the ancient Jericho shofar, we must prevent Nephil, the most ancient and evil of the Nephilim from possessing my body and using its supernatural abilities against mankind. The odds are stacked against victory. The Nephilim out-size, out-power and outnumber us ten to one, but we will fight to the last, the very last, so help me God. I am Solomon Ull Vincent-the Last Hunter and King of Antarktos-and I am prepared to face my fate.*

*Space Force Jan 19 2022 Five years ago, the United States Space Force became a reality. And while those writing the checks took things very seriously, the other military branches did not. As a result, Space Force was populated by undesirables: men and women who made too many mistakes, didn't follow the rules, or...slept with the wrong general's daughter. Three times. On camera. It was a mistake, okay? My name is Captain Ethan Stone, a decorated member of SEAL Team 6 turned Space Force 'recruit.' While the powers-that-be attempted to make Space Force an embarrassment, they also sent some of the very best minds, fighters, and pilots to the program, because sometimes the best of us decide to take a stand against those same powers. Yeah, yeah. Not me. Though I seem to recall I was standing when... Sorry. It's a distracting memory. Flash forward five years and between tenses. President West is in office. Power has shifted. And Space Force is defunded. With just a handful of us still living on base, we find ourselves being evicted. But before all of us can leave, aliens invade. Really ugly ones, too. Super nasty. I don't think I could describe them here without getting the book banned. Anywho, using their advanced technology, they seal off Space Force Command behind a shrinking force field and kick off a battle royale to the death. Human vs. alien. To the victors goes the Earth. While my boy Frank Taylor and I throw down inside the force field, my main squeeze, First Lieutenant Jennifer Hale, leads an international strike team into freekin' space. It's nuts. Crazy action. Super funny, too, in like a Deadpool way, if that's your thing. The only way to really know what went down is to snag a copy of this book and read it for yourself...before it's too late. Or wait for the movie. There is going to be a movie, right?*

*Island 731 Jul 01 2020 NO EVENT IN HISTORY COULD HAVE PREPARED HIM FOR THIS. Mark Hawkins, former park ranger and expert tracker, is on board a research vessel on the Pacific. But his work is interrupted when the ship is plagued by a series of strange malfunctions and the crew is battered by a raging storm... "Jeremy Robinson blends myth, science, and terminal-velocity action like no one else."-Scott Sigler, New York Times bestselling author of Nocturnal The next morning, the beaten crew awakens to find themselves anchored in the protective cove of a tropical island-and no one knows how they got there. The ship has been sabotaged, two crewmen are dead, and a third is missing. Hawkins spots signs of the missing man onshore and leads a small team to bring him back. But they soon discover evidence of a brutal history left behind by the island's former occupants: Unit 731, Japan's ruthless World War II human experimentation program. As more of his colleagues start to disappear, Hawkins begins to realize the horrible truth: That Island 731 was never decommissioned and the person preying on his crewmates may not be a person at all-not anymore... "Robinson, a skilled blender of the thriller and horror genres, has another winner on his hands."-Booklist*

*The Last Hunter - Pursuit (Book 2 of the Antarktos Saga) Apr 29 2020 I was thirteen years old when I was kidnapped. They took me from my family, from my friends-from everything I knew, and stole my innocence. They brought me to a world beneath the surface of Antarctica, where I was broken and trained by a hunter named Ninnis. He served the ancient Nephilim: half-human, half-demon monsters. My personality was buried in my subconscious and replaced by that of Ull, a hunter and killer. For a time, I too served the Nephilim. As the first and only human born on Antarctica, they believed that I could contain the spirit of their fallen king, Nephil, and lead them to conquer humanity. But I was stronger than they knew and escaped deep into the underworld, where I have been hiding for the past two years. I live in a cavern, which is somehow lush with green vegetation, eking out a living and cowering from the confrontation that I know awaits me. But the nightmare has found me. I can smell them. The hunters. They have discovered my hideout. The pursuit of*

**Flux Jan 27 2020 Lost in time, the town of Black Creek, Kentucky becomes home to temporal layers of people, creatures, and monsters from disparate eras. Journey beyond the time of humanity and witness the rewriting of mankind's genesis. For Owen McCoy, a typical day on the job as head of security for Synergy, a research company conducting mysterious experiments, is boring at best. And that's the way he likes it. Patrolling the Appalachian mountainside, where his now deceased father taught him how to hunt, is relaxing and connects him to the past. But today is not a typical day on the job. It begins with asking a thief to join him for breakfast. Seeking to set the young man on a better path, Owen invites him to walk the perimeter with him and consider a more honest living. Before their patrol can begin, they discover evidence that the facility has been breached. When Owen's truck explodes, he's confused, but ready for whatever might come his way. **The Last Hunter - Lament (Book 4 of the Antarktos Saga) Sep 15 2021 In all the days since my kidnapping, breaking and transformation into a hunter at the hands of the half-human, half-demon Nephilim, my life has been a mass of chaotic actions and reactions to the horrors of the Antarctic underworld. I have battled unnatural monsters, fled for my life, and sacrificed everything-or thought I had, when I stepped through the gates of Tartarus. Every choice I have made was in response to forces beyond my control, lacking any kind of direction. But now, reunited with my friends, Kainda and Em, and in the company of new friends, Wright and Kat, I am taking control of the chaos and choosing my own direction-down. Deeper than the realm of Hades, the most feared of the Nephilim, deeper than the gates of Tartarus and deeper than any human being has ventured since the beginnings of the human race. My goal is simple-find the Jericho shofar, a weapon revealed to me by Cronus the Titan. I don't know what it does or how it works, but I know the Nephilim fear it and that Nephil, possessing the body of Ninnis, will do anything to stop me from recovering it. The path will be dangerous and the cost might be great, but my path is clear: retrieve the shofar, return to the surface and prepare for war. My name is Solomon Ull Vincent-the Last Hunter-and I am done running.**

**The Last Hunter - Descent (Book 1 of the Antarktos Saga) Jun 24 2022 I've been told that the entire continent of Antarctica groaned at the moment of my birth. The howl tore across glaciers, over mountains and deep into the ice. Everyone says so. Except for my father; all he heard was Mother's sobs. Not of pain, but of joy, so he says. Other than that, the only verifiable fact about the day I was born is that an iceberg the size of Los Angeles broke free from the ice shelf a few miles off the coast. Again, some would have me believe the fracture took place as I entered the world. But all that really matters, according to my parents, is that I, Solomon Ull Vincent, the first child born on Antarctica-the first and only Antartican-was born on September 2nd, 1974. If only someone could have warned me that, upon my return to the continent of my birth thirteen years later, I would be kidnapped, subjected to tortures beyond comprehension and forced to fight...and kill. If only someone had hinted that I'd wind up struggling to survive in a subterranean world full of ancient warriors, strange creatures and supernatural powers. Had I been warned I might have lived a normal life. The human race might have remained safe. And the fate of the world might not rest on my shoulders. Had I been**
