How Mechanics Cheat Women Apr 17 2021 Get honest car repair without scams Mechanics scam women. This is a guide for outsmarting mechanics and getting your car fixed well, at a fair price. A sample of topics: Never trust dealership service advisors Engine flushes are a scam New tires won't improve your fuel economy There's no such thing as "dealer-only" parts Most people overpay for transmission repairs Doris Chan is a lifelong car enthusiast from Los Angeles who loves helping other people figure out the world of cars. How Mechanics Cheat Women is everybody's guide to how the car repair industry works for its own benefit, and how you can take charge -- without having any mechanical ability or knowledge yourself -- to get good, honest, low-priced car repairs. Get a \$800 transmission replacement when your neighbor paid \$3,000. Know when and how to say "no" to your mechanic. And overcome your fear of mechanics so that any car, even an old high-maintenance car, becomes easy-peasy for you and your budget.

Building a Special with Ant Anstead Master Mechanic Apr 05 2020 Ant Anstead's Building a Special brings the Haynes story full circle, coming 61 years after the original Building a 750 Special was written by John Haynes, Haynes Publishing's founder, when he was still a schoolboy. This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal.

Jaguar XJ6 Jul 09 2020 Saloon with 6-cyl DOHC engines & automatic transmission. Covers most features of Daimler 3.6 & 4.0 litre models. Does NOT cover manual transmission or XJR models. Petrol: 3.2 litre (3239cc), 3.6 litre (3590cc) & 4.0 litre (3980cc). Does NOT cover 2.9 litre SOHC engine.
