Gazetteer of Scottish and Irish Ghosts May 14 2021 *Gazetteer of Scottish and Irish Ghosts* is the first comprehensive collection of ghostly legends and modern reports of ghosts and hauntings through the Highlands, Lowlands and Isles of Scotland and the whole of Ireland. Here are such varied phenomena as the 'big grey man of Ben MacDhui' - the haunted mountain vouched for by professors, doctors and mountaineers of considerable standing; or the curious disturbances at the Edinburgh home of Sir Alexander Seton - subsequent to his wife's removing an ancient bone from an Egyptian tomb. Do you know where a vampire lurks in the shadows of a ruined church? Where giant footsteps cause panic to hardened climbers? Where the red glow of battle shines annually? Where corpses whisper? These and many other strange stories, legends and authentic accounts of ghostly happenings have been catalogued alphabetically for easy reference. In addition to presenting a profusion of fascinating reports from the towns and valleys, lochs and lakes, mountains and rivers, historic castles and houses of these lovely countries, Peter Underwood draws on his twenty-five years of study and practical investigation to describe a rich patchwork of reported happenings that cannot be explained in material or scientific terms. All in all, *A Gazetteer of Scottish and Irish Ghosts* provides a unique reference book and guide to the ghost population of these lands. The result of many years study, it is a worthy successor to the earlier *Gazetteer of British Ghosts* by the same author.

Living Ghost and Other Uncanny Stories Feb 29 2020 This book delves into the mystic world of the Tangkhul Naga where the line between the real and spirit worlds are blurred. Drawn from the deep oral storytelling tradition, the author successfully takes the readers to a place where

the present and past exist together side by side – where supernatural is a part of everyday life. The book captures a very important essence of the Tangkhul Naga and their beliefs and is a welcomed addition to the growing depository of English writing from the North East India. Jim Wungramyao Kasom Author of Homecoming and Other Stories.

The Living Spirit Apr 24 2022 For anyone who has been visited by a ghost, been spoken to by a spirit, or need to know more about the paranormal this book is for you. Even if you haven't experienced something paranormal then this book is also for you, definitely not a journey to be missed. As a child of six I was unaware that the vision of a ghost and the whispering of voices were coming from beyond the grave. At eleven years old I was haunted by a voice telling me to say 'goodbye' to my sister - she wasn't coming back. Child, teenager, adult, the battles were always there. I lived in fear of ghosts and the voices from beyond the grave. That fear turned to love as I grew to learn and understand more about ghosts and spirits. The battle with the 'Living' continues as I question why scientific research after two hundred years has seen little progress in

the way those with psychic functioning abilities are tested. I battle to understand why millions of people who claim to communicate with the dead, or have witnessed something paranormal are so easily dismissed by professional career debunkers. Where does science fit in amongst those with psychic functioning and spirituality as an orthodox religion? Let the journey begin. “What stories, events, emotions – no fiction can match the story of Carole’s sister, the abject fear and terror of her youth, the casual disdain from so called intelligent people, and at the end, having learnt to adjust, managing her talents to the benefit of mankind. If you wish to disbelieve this book, you will succeed. If you have an open mind, this book will make you think. I am still thinking!” Professor Ray J Paul, author of *Living with Parkinson’s Disease: Shake, Rattle and Roll* (2009) “A compelling read! What a journey from dark to light. This book shares in the wonders of working with spirit and opens our eyes beyond this earthly world.” Jackie Weaver, *The Animal Psychic*: Amazon Best-Selling Amazon author of *Animal Insight*.

Ghost Walk Aug 24 2019 Maaya is a teenager who can see ghosts, and she and her three friends get by on the poor streets of Sark by sealing away troublesome spirits under the direction of a deceptive, malicious wealthy man. Accompanying them is a ghost named Saber, Maaya’s long-time friend. Maaya doesn’t concern herself with world affairs, focusing only on staying alive in a superstitious town that ignores her at best and wants her dead at worst — but after an entire street of people goes missing without a trace and whispers of war begin to reach her ears, Maaya decides it’s time to investigate. Maaya soon finds herself in over her head as she confronts a wave of faceless ghosts that terrify even the dead. Driven on by rumors of a mysterious weapon that can make entire cities vanish in an instant, she and Saber start their journey across the world to find out how to stop it. She begins to find new friends, powerful allies, and even love, all while being pursued by new and more dangerous enemies. The closer she gets, however, the more she realizes that the ghosts she’s after may not just be mindlessly killing innocents — and that they may be chasing her instead.

Sommersgate House Dec 09 2020 Douglas Ashton is the cold and unfeeling owner of the gothic Victorian Mansion, Sommersgate House. Julia Fairfax is his stubborn American sister-in-law. After tragedy strikes, Douglas and Julia are forced to live together at Sommersgate and raise their newly orphaned nieces and nephew. Douglas has no desire to raise his dead sister’s children nor does he want the distraction of the tempting Julia living under his roof. Julia is struggling with grief and trying to make a go in a new country without much help from impossibly handsome but even more impossibly remote Douglas. Not to mention, she has to deal with the active hostility of Douglas’s frosty, Attila-the-Hun-in-a-skirt mother, Monique. Douglas decides the best way to give the children what they need, get his mother to behave and give himself what he wants is to marry Julia. When he tells her (yes, tells her) she will be his wife, Julia thinks Douglas is (probably) insane. And anyway, she’s decided if she ever has another husband (since the last one wasn’t so great), he was going to be short, balding, have a paunch and worship the ground she walks on (none of these characteristics define Douglas in the slightest). One more thing, Sommersgate House is haunted by the ghosts of the man who built the house and the woman who was the love of his life. They both died mysteriously at Sommersgate months after it was finished. When they did, a curse settled on the house making it seem strangely alive. And the only way for the beautiful but frightening house to rid itself of this curse is for its owner to find true love.

The Spectral Metaphor Mar 24 2022 What does it mean to live as a ghost? Exploring spectrality as a metaphor in the contemporary British and

American cultural imagination, Peeren proposes that certain subjects – migrants, servants, mediums and missing persons – are perceived as living ghosts and examines how this figuration can signify both dispossession and empowerment or agency.

They are involved in love tangles, vendettas, jealous plots, remorseful penitence, fascinating tales of desire, hate, revenge and death covering many centuries. Paul writes regular features on the supernatural for newspapers and magazines. His books are critically acclaimed as 'absorbing and fascinating reads'. Here he also includes interviews with his wife Dilys Gater and friend Jaine Francis, both professional mediums.

Ghosts of Kent Jun 22 2019 The first expert exploration of the haunted houses and authentic ghosts of Kent, this volume is filled with fascinating true ghost stories from times past. Read about the curious case of Anne West of Old Bayhall Manor, who 'was always worried that she might be buried while yet alive', or the 'ghostly old gentleman' of Cleve Court in Minster, who, when he turns up, is treated 'more as a guest than a ghost' - because 'the dear old thing means no harm'. And there is Lympe Castle, where Underwood once took a party of Ghost Club members: 'I had just obtained a description of the room, when one of the Club members rushed into the kitchen begging me to accompany her to one of the towers where "something horrible had once taken place"...'.

Great Ghost Stories Jun 02 2020 "Ghosts! They come in all shape and sizes, all genders and species, and they have manifold reasons for manifesting--or, as is sometimes the case, not manifesting. For more than two centuries, ghosts have haunted the imaginations of writers around the world, who have chronicled their exploits with uncommon vividness for entities whose relative lack of material substance leads many among us to question their very existence. Great Ghost Stories pays tribute to the long literary legacy of the ghost story by gathering together in one volume 101 of the best short ghost stories of all time. Here you will find ghosts of virtually every stripe and semblance: ghosts who seek revenge against the living, ghosts who dutifully keep appointments made while their hosts were still alive, ghosts who appear to convince skeptics of their existence, and even ghosts who don't know that they're ghosts. Some of the ghosts depicted here are helpful, while others are horrifyingly malevolent. Some have disconcerting physicality--for example the phantom limb whose owner claims committed the murder he's accused of. Others are so insubstantial for instance, the lingering influence of a suicide that imbues a boarding house room that--that their power over the living seems completely out of proportion."--Book jacket.

Ghosts of New York Nov 27 2019 Literary novel with a New York setting and a dash of speculative fiction, for fans of Colum McCann, Colm Toibin, and Dana Spiotta. Ghosts of New York is a novel in which the laws of time and space have been subtly suspended. It interweaves four strands: a photographer newly returned to the neighborhood where she grew up, after years spent living overseas; a foundling raised on 14th Street; a graduate student, his romantic partner, and his best friend entangled in a set of relationships with far-reaching personal and political repercussions; and a shopkeeper suffering from first love late in life. Mixing prophecy, history, and a hint of speculative fiction, its stories are bound together even as they are propelled into stranger territory. And undergirding it all is a song, which appears, disappears, and then resurfaces. Ghosts of New York explores complex lives through indelible renderings of settings--a bar, a night market, a recording studio--that alternate between familiar and unsettling. The work of a celebrated novelist and veteran of the art, film, and music scenes in New York and Austin (described as "a rare talent" by the New York Times and "a powerful literary voice" by Jeffrey Eugenides), this novel will immediately absorb readers intrigued by creative people and the places that sustain and challenge them.

Human Chain Jan 28 2020 Seamus Heaney's new collection elicits continuities and solidarities, between husband and wife, child and parent, then

and now, inside an intently remembered present - the stepping stones of the day, the weight and heft of what is passed from hand to hand, lifted and lowered. *Human Chain* also broaches larger questions of transmission, as lifelines to the inherited past. There are newly minted versions of anonymous early Irish lyrics, poems which stand at the crossroads of oral and written, and other 'hermit songs' which weigh equally in their balance the craft of scribe and the poet's early calling as scholar. A remarkable sequence entitled 'Route 110' plots the descent into the underworld in the Aeneid against single moments in the arc of a life, from a 1950s adolescence to the birth of the poet's first grandchild. Other poems display a Virgilian pietas for the dead - friends, neighbours and family - which is yet wholly and movingly vernacular. *Human Chain* also adapts a poetic 'herbal' by the Breton poet Guillevic - lyrics as delicate as ferns, which puzzle briefly over the world of things which excludes human speech, while affirming the interconnectedness of phenomena, as of a self-sufficiency in which we too are included. *Human Chain* is Seamus Heaney's twelfth collection of poems.

Living with Ghosts Aug 05 2020 In *Living With Ghosts* renowned veteran journalist Brian Rowan retraces his steps through Northern Ireland's conflict years, as he bravely delves into the darkness of those times. His story takes us beyond the often strict boundaries of the news into the very real dilemmas and fears behind its scenes. In his journalistic career Rowan walked the thinnest of lines, where morals and principles were blurred, and as a result his mind became tortured. This book is an explanation, not a confession. He goes deep into his contacts with the IRA, the loyalist organisations, MI5, Special Branch, the army and the many other players in the conflict period. And he joins the dots on a path out of 'war' in a place that has not yet found peace of mind. Rowan thinks and writes inside a moral maze, and in this book he invites us into his nightmares of remembering and to times he will never forget. *Living with Ghosts* is a moving and deeply personal account of one man's doubts and decisions, and the challenges of reporting a war on his doorstep.

As Alive, So Dead Jul 28 2022 *As Alive, So Dead* is a collection of memoirs by a woman with a unique ability: she can see and talk to ghosts. Because of this, she is able to write a book that shows the human side of the paranormal-stories about ghosts told from the perspectives of the ghosts themselves. Recounting the stories of those who have died in a variety of ways, *As Alive, So Dead* looks at death through the eyes of the victims of murder, suicide, and accident, as well as glimpses into the afterlife of Native Americans, patients kept alive on life-support, and even animals. Far from the sensationalized tales of most ghost lore, *As Alive, So Dead* presents real stories of troubled people-both the living and the dead-not simply the terror of sinister manifestations. *As Alive, So Dead* is a lesson on death and the immortality of the spirit that only someone who can actually speak with the deceased could teach. Originally published in 2000 with a limited run, *As Alive, So Dead* sold out immediately and had been out of print ever since. Over the next decade, Mary Ann Winkowski inspired and served as a consultant to TV's *Ghost Whisperer*, which starred Jennifer Love Hewitt and ran on CBS for five seasons. She also published four additional books, including *When Ghosts Speak*; *Beyond Delicious: The Ghost Whisperer's Cookbook*; and two works of fiction based on her experiences. Despite this, the one thing she has been repeatedly asked by fans and clients over the years is where they can get a copy of her first memoir: *As Alive, So Dead*. Finally back in print, these requests can now be filled. The second edition of *As Alive, So Dead* has been reformatted for better readability and includes the last names of Mary Ann and her ghostwriter, David Powers, who previously left their last names off the book and published it simply as Mary Ann and David Christopher.

The Way of the Living Ghost Dec 29 2019 *The Way of the Living Ghost* is a cautionary treatise. It is a work about being hollow and overfull, and about seeing "now" and "then" through darkened eyes. It is about hunger, need, loss, violence, and injustice. It is a meditation on paradox and inertia. All of these are hallmarks of ghosts, but the living ghost can change its fate. This enigmatic work by Dr Anderson combs through the Daodejing, line by line, in new translation giving robust commentary to the dark side of the Dao. It is a direct response to the pronounced current in Daoist literature which recognizes some form of "cultivated" or "perfected" person, but awards scant recognition of the "unwhole" or "imperfect" parts of a lived life. We invite you to delve into this work and explore the necromantic philosophy espoused herein and learn the ways of the living ghost. Featuring art by Bryan Paul Patterson and Joseph Uccello, and a foreword by Brandt Stickleby.
