Who Killed My Father May 26 2022 Who Killed My Father is the story of a tough guy - the story of the little boy I never was. The story of my father. 'What a beautiful book' MAX PORTER In Who Killed My Father, Édouard Louis explores key moments in his father's life, and the tenderness and disconnects in their relationship. Told with the fire of a writer determined on social justice, and with the compassion of a loving son, the book urgently and brilliantly engages with issues surrounding masculinity, class, homophobia, shame and social poverty. It unflinchingly takes aim at systems that disadvantage those they seek to exclude - those who have their expectations, hopes and passions crushed by a society which gives them little thought. 'Édouard Louis is the vanguard of France's new generation of political writers' Evening Standard

Versailles Nov 07 2020 Henri de Nolhac grew up without a father...though his father, Pierre, was very much alive and working mere meters away from their home at the Palace of Versailles. Once appointed to the Palace in 1887, Pierre de Nolhac dedicated his life to protecting its historical archives and restoring Versailles to its former glory: an agora of politics, art and culture. But it soon became more than a passion to him--it turned into an obsession, and the closer he got to Versailles, the further he drifted from his family and himself.

Crux Dec 09 2020 A daughter's quest to understand her charismatic and troubled father, an immigrant who crosses borders both real and illusory—between sanity and madness, science and spirituality, life and death PEN America Literary Award Winner • "The kind of memoir that seems to redefine the genre."—Los Angeles Review of Books Throughout Jean Guerrero's childhood, her father, Marco Antonio, was an erratic and elusive presence. A self-taught genius at fixing, creating, and conjuring things—and capable of transforming himself into a shaman, dreamcaster, or animal whisperer in his enchanted daughter's eyes—he gradually began to lose himself in his peculiar obsessions, careening wildly between reality and hallucination. In time, he fled his family and responsibilities—to Asia, Europe, and eventually back to Mexico. He succumbed to drug- and alcohol-fueled manias, while suffering the effects of what he said were CIA mind-control experiments. As soon as she was old enough, Jean set out after him. Now a journalist, she used the tools of her trade, hoping to find answers to the questions he left behind. In this lyrical, haunting memoir, Jean Guerrero tries to locate the border between truth and fantasy as she searches for explanations for her father's behavior. Refusing to accept an alleged schizophrenia diagnosis at face value, she takes Marco Antonio's dark paranoia seriously and investigates all his wildest claims. She crisscrosses the Mexican-American border to unearth the stories of cousins and grandparents and discovers a chain of fabulists and mystics in her lineage, going back to her great-great-grandmother, a clairvoyant curandera who was paid to summon spirits from the afterlife. As she delves deeper and deeper into her family's shadowy past, Jean begins mirroring her father's self-destructive behavior. She risks death on her adventures, imperiling everything in her journey to redeem her father from the underworld of his delusions. In the tradition of engrossing family memoirs like *The Liar's Club* and *The Glass Castle*, *Crux* is both a riveting adventure story and a profoundly original exploration of the human psyche, the mysteries of our most intimate relationships—and ourselves. "[Guerrero] writes poetically about borders as a metaphor for the boundary of identity between father and daughter and the porous connective tissues that bind

them."—The National Book Review

My Father, Taken Sep 05 2020 Guardianship is golden, in more ways than one. It is more supreme than a power of attorney. A power of attorney seems to be the correct way to assure your end of life accountings are in order. Majority of people complete the preparation for when their time comes. Some of us know little about guardianship. You either learn from others or find yourself in an actual unfortunate experience. Power of Attorney and guardianship are similar; someone has control. However, there is one huge difference if you have siblings and sometimes other family members in the picture. Once they are plagued with greed, they can change EVERYTHING. Our experience is a good example.

The Memoirs of Jean Laffite Feb 29 2020 Jean Laffite was born in Santo Domingo and raised by a Spanish-Jewish grandmother who instilled in him a hatred for the Spanish Crown and those who served it. Later this hatred grew to include the British. Following in the footsteps of his eldest brother Alexandre, Jean and his brother Pierre became privateers for France under the command of their uncle Rene Beluchai. Laffite describes in detail the capture of a Spanish ship and its crews fate. After a period of seizing enemy vessels, the two brothers go to France to join Napoleons armies. Instead, they find themselves in enemy prisons, and upon release they return to the Caribbean where they resume depredations against Spanish and British ships. The slave uprising in Haiti sends the brothers to the safety of Louisiana, where they establish Baratavia as a smuggling center into New Orleans and up river. Jean and Louisiana governor Clairborne become enemies who mutually post rewards on the others head. Only the arrival of the British, offering a pardon and a bribe to Laffite, breaks the impasse between the Baratarians and the Americans. Laffites aid to General Andrew Jackson is well known and is the basis of his place in American history. After the victory, Jean received a pardon but no indemnification for his financial losses during the war years. Fruitless trips to Washington confirmed to Laffite the necessity of resuming old habits, and he established a new privateer settlement in Spanish territory on Galveston Island. A hurricanes destruction and a changing

world--backed by the power of the U.S. Navy --- led to the second dissolution of the Laffite enterprise. Jean and the last of his men quit Galveston settlement as it flamed, lighted by their own hands. Freelance plundering became more and more dangerous until Jean and Pierre decided to call it quits and spread the rumor of their violent demise and burial on the Yucatan coast. The brothers split their swag, buried some, and went their separate ways. Jean, who had lost a young wife during the birth of their third child, found a young wife in Charleston, South Carolina. They began his second family in Philadelphia before moving to St. Louis, Missouri, to end their years. Jean Laffite maintained his anonymity but worked behind the scenes for causes he held dear. The former slaver became an abolitionist under the influence of his new wife, and after a visit to Europe in 1847, he even became a socialist supporter of the young Karl Marx. He saw himself as a benefactor of mankind, but even at the end of his memoirs he did not forget to proclaim Down with the British dragon!

My Father's Glory ; And, My Mother's Castle Sep 17 2021 With warmth, lucidity and good humour, Pagnol, a boy from the city, recounts the glorious summer days he spent exploring the sun-baked Provençal countryside. He vividly captures the atmosphere of a childhood filled with the simple pleasures: a meal, a joke, an outing shared with his close-knit and loving family. These heart-warming stories remind us of how children can invest the smallest event or statement with incredible significance, how mysterious the workings of the adult world can seem to them and how painful the learning process can often prove. However, Pagnol's writing is filled with enormous optimism and delight. And his triumph in these classic memoirs is to have created that rare thing, a work suffused with joy. 'Pagnol's place in the history of French culture is secure. The Prousts and Sartres may be admired, but Pagnol is loved' Times Literary Supplement

Jean Baptiste : A Story of French Canada Jul 16 2021 Jean Baptiste : A Story of French Canada Nevertheless, Jean Baptiste kept the hired man, and, while working on the farm somewhat more than formerly, still found time for hunting and fishing and the reading of books, while his mother, as though bewitched, smiled complacently at everything that he did. But Jean sank lower still in the estimation of the neighbours, for he began to keep bad company, the very worst--that of a sorcerer. It came about in this way. Jean was having a day's fishing, and, although the trout were rising well, he was not content to stay in one place but kept moving on up the stream until he found himself, at sunset, standing on a rocky ledge beside a deep, dark pool, called the trou du sorcier. Precipitous cliffs, crowned with firs and pines, rose on all sides, enclosing a sort of amphitheatre into which the river plunged in a white cascade. Striking a granite ledge, the stream swirled around in a great eddy, a dark whirlpool, on the borders of which lurked giant trout, old warriors that had broken the tackle of many a luckless angler, wary fish that must be under the special protection of Satan himself--so often had they escaped the toils. It was a place of evil repute, little frequented by anglers. So much the better, as Jean knew, for the man of courage, and, although he had never taken a large fish in the place, he was determined to try his luck once more in the famous pool. Looking into the deep water at his feet he saw a sight that made his heart leap to his throat. It was the head of an enormous fish, the biggest he had ever seen, now pushed out from beneath the rock until he could see the gills, and the lateral fins, now slowly withdrawn until only the snout was visible. On tiptoe Jean drew back; with grim haste attached a new fly; tested the casting-line and the supple rod; and then, with a dexterous turn of the wrist, launched the fly upon the foam-flecked surface of the pool, just beyond the hiding-place of the trout. It floated down stream in full view of the fish, but the ancient denizen of the pool made no response, nor did any of the lesser fry dare to rise, but kept at a respectful distance from the king of the river. Jean made several casts, tried another fly, and another, until he had gone through his book; then put on a grasshopper; and, finally, descended to worms, but without avail.

My Father Before Me Jun 26 2022 "The fifth of eight children, Chris Forhan was born into a family of silence. His mother and father often sat in the same room but exchanged no words. He and his siblings learned, without being told, that certain thoughts and feelings were not to be shared. On the evenings his father didn't come home, the rest of the family would eat dinner without him, his whereabouts unknown, his absence pronounced but unspoken. And on a cold night just before Christmas 1973, long after dinner, the rest of the family asleep, Forhan's father killed himself in the garage--a new silence. Forty years later, Chris speaks into the quiet his father left behind, digging into his family's past and finding within each generation

the same abandonment, loss, and silence in which he was raised. Like Ian Frazier in *Family* or Philip Roth in *American Pastoral*, Forhan shows his family as both a part and a product of its time. *My Father Before Me* is a family history, an investigation into a death, and a stirring portrait of an Irish Catholic childhood, all set against a backdrop of America from the Great Depression to Elvis Costello. Lucidly and unflinchingly, Forhan attempts to understand his father and ultimately himself in order to avoid passing his family's silence on to his children. To separate this silence from the introversion that inspires him as a writer, he courageously confronts it, telling the story that his family will not tell, and piecing together the fragments of the life that his father chose to leave"--Provided by publisher.

When Patty Went To College Mar 31 2020 Of all the college stories that have been published in the past hundred or so years, those gathered by Jean Webster into her book 'When Patty Went to College' are among the best. Never before has that subtle and much-abused thing known as "college atmosphere" been so well transferred into type as in this book, the happy-go-lucky irresponsibility, tempered by a vein of conscientiousness, inconsistent and bewildering, that makes the ordinary undergraduate an inexplicable puzzle to the outsider. Miss Patty Wyatt, who furnishes the foreground for the fifteen stories contained in the book, amply exemplifies this bewildering many sidedness. She is ever just in or just out of difficulty, and yet her fun is managed with such frankness and open audacity and such freedom from malice that it always leaves a pleasant taste behind. The book is deeply interesting and thoroughly readable. In fact, it deserves a second reading as well as a first, so natural and spontaneous is its charm.

Conversations with Jean Jan 22 2022 "Victims of domestic violence who read this book will know they are not alone." -Laurel Lynch, Director Hope Family Services Bradenton, Florida "Here the mind of the murderer is revealed in his own words. This book is for women and all who have daughters and sisters because what happened to Jean is far from rare. Many women are unknowingly at risk. Offered here is insight into the impact of parent-daughter and mother-daughter relationships that we all need to acknowledge and nurture. If the unthinkable occurs, families must find ways to cope with what should never have happened." -Constance A. Bean, M.P.H. Author of *Women Murdered by the Men They Loved* Hawthorn Press, NY 1992 "A heartrending true story that the whole country needs to know. These mother-daughter dialogues take us deep inside the last months of an abused wife's life. Equally earth shattering are the hateful and self-righteous ramblings reproduced from the actual diary of the man who finally killed her,

leaving two children without a mother. Anyone who reads this book will understand how urgent it is to put a stop to domestic violence, and to change the male attitudes that foster and condone it. Not to be missed." -Lundy Bancroft Author of *Why Does He Do That: Inside the Minds of Angry and Controlling Men*

Orphaned by the Colour of My Skin Jul 04 2020 In an invasive, paternalistic, federal public policy environment for Indigenous communities, this book provides an in-depth account of one person's experiences as a 'Stolen Generation' Aboriginal Australian. Told from the heart, the book speaks in the raw voice of a grandmother reflecting on her life, focusing on her childhood experiences, subsequent perceptions and life stories. The book presents a rare autobiographical journaling of the psychological impact of institutionalisation on an Indigenous woman, her search for family, community and identity, her psychological breakdown and her personal reconstruction through telling her story in a supportive educational environment. As an Appendix, the author provides us with a critical analysis and autoethnography - using her story as a case study - that provides deep insights into the personal experience of dealing with forced institutionalisation and social engineering to assimilate Aboriginal people.

Jean Simmons Mar 12 2021 Arriving in Hollywood in 1950 to launch her American film career, Jean Simmons (1929-2010) had already appeared in 18 British films and was best known for her portrayal of Ophelia in Laurence Olivier's *Hamlet*. She soon became a favorite female face working with some of filmmaking's greats and acted opposite many Hollywood A-listers. Two of her most popular films--*Guys and Dolls* (1955) and *Spartacus* (1960)--were international box-office hits, and in her seven decades-long career she collected numerous awards and honors including a Golden Globe, an Emmy, and two Oscar nominations as Best Actress. Despite the accomplishments and accolades, radiant beauty, and stunning versatility, Simmons is considered by many to be an underrated artist, too often handed more comfortable leading female roles than those that could've elevated her to the level of super stardom experienced by some of her peers. This, the first full-length biography of Simmons, fills a gap in film and performing arts studies, and includes extensive notes and photographs.

Jean Paton and the Struggle to Reform American Adoption Jun 14 2021 "Pioneering adoption activist Jean Paton (1908-2002) fought effectively for 50 years to reform American adoption. Paton gave adult adoptees a voice and provided them with a healthy self-image; facilitated thousands of meetings between adult adoptees and their families of origin; fought to open sealed adoption records; and indefatigably explained the adoption experience to a wider public. Paton's ceaseless activity created the preconditions for

the explosive emergence of the adoption reform movement in the 1970s. She was also instrumental in the formation of two of the movement's most vital organizations, Concerned United Birthparents and the American Adoption Congress. Using previously unexamined sources, historian E. Wayne Carp offers the first-ever biography of Jean Paton. Beginning in 1951, Paton, a twice-adopted, middle-aged ex-social worker, dedicated her life to overcoming American society's prejudices against adult adoptees and women who give birth out of wedlock. Her unflagging efforts over the next five decades helped reverse social workers' harmful policy and practice concerning adoption and sealed adoption records and change lawmakers' enactment of laws prejudicial to adult adoptees and birth mothers, struggles that continue to this day"--

Comprehensively revised and expanded for this new edition, Jean Seaton's perceptive study presents an absorbing analysis of an institution that both reflects Britain and has helped to define it.

Jean Baptiste Oct 19 2021 *Jean Baptiste, A Story of French Canada* is a story by James Edward le Rossignol. Le Rossignol was a professor of economics and the author of several works of fiction based in Quebec.

Excerpt:" It was a simple and oft-repeated story, but there was something in the voice and manner of Jean that compelled attention. All the children listened; also the teacher; and the visitor, M. Paradis, curé of the parish, was visibly impressed. He brought his horn-rimmed spectacles down from the top of his head, set them firmly on the bridge of his nose, and regarded Jean for some moments without saying a word."
