Successful Writing at Work Jul 09 2020 This respected market-leading text offers students a comprehensive, practical introduction to workplace writing to prepare them for a range of communication tasks. **SUCCESSFUL WRITING AT WORK, 10E**, features an abundance of real-world examples and problems as well as an accessible writing style and detailed guidelines for planning, drafting, revising, editing, and producing professional documents and graphics. Students are presented with topics in four logically sequenced sections, beginning with basic business communications and proceeding to conducting research, documenting sources, and handling more advanced tasks such as reports, proposals, and oral presentations. With each new task,

students learn to become effective problem solvers at work, to understand their audience, and to select the best communication tools to accomplish their goals. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Neuropsychological Assessment Aug 02 2022 The 12 chapters in the second section contain nearly all of the tests and assessment techniques covered in the previous editions plus many additional ones, including newly developed neuropsychological tests, tests from other branches of psychology, research techniques that have only recently been introduced into clinical neuropsychology, tests originating in Europe and elsewhere, and a few measures - as yet untried by neuropsychology - that appear to be potentially useful for neuropsychological purposes. Thus, the third edition of *Neuropsychological Assessment* maintains its multipurpose functions as an authoritative textbook, reference work, and practitioner's manual.
