Blade Oct 29 2019 BLADE has already told his life story through graffiti. Now, more than forty years into his career and armed with an incredible memory, BLADE sits down with Chris Pape to reflect on growing up in the Bronx in the turbulent 1970s, and recounts the highs and lows of his storied career, holding nothing back. BLADE is considered "The King of Graffiti" because, by 1980, after painting 5,000 wildly creative trains, he stopped counting. This book parallels the New York graffiti movement almost from its inception, moving through its glory years in the mid-1970s, when BLADE earned his title, and ending in the global art scene, where he remains a major presence. BLADE helped New York graffiti become internationally famous by making it look fun, and, for reasons of quantity, quality, and, perhaps above all, for sheer spirit, BLADE may very well be the most popular graffiti artist with his peers.

Reading behind Bars Dec 12 2020 In December 2008, twentysomething Jill Grunenwald graduated with her master's degree in library science, ready to start living her dream of becoming a librarian. But the economy had a different idea. As the Great Recession reared its ugly head, jobs were scarce. After some searching, however, Jill was lucky enough to snag one of the few librarian gigs left in her home state of Ohio. The catch? The job was behind bars as the prison librarian at a men's minimum-security prison. Talk about baptism by fire. As an untested twentysomething woman, to say that the job was out of Jill's comfort zone was an understatement. She was forced to adapt on the spot, speedily learning to take the metal detectors, hulking security guards, and colorful inmates in stride. Over the course of a little less than two years, Jill came to see past the bleak surroundings and the orange jumpsuits and recognize the humanity of the men stuck behind bars. They were just like every other library patron—persons who

simply wanted to read, to be educated and entertained through the written word. By helping these inmates, Jill simultaneously began to recognize the humanity in everyone and to discover inner strength that she never knew she had. At turns poignant and hilarious, *Reading behind Bars* is a perfect read for fans of *Orange is the New Black* and *Shakespeare Saved My Life*.

The Writer's Cats Feb 11 2021 Like so many writers, Muriel Barbery is a lover of cats. Grey-furred and amber-eyed (matching her home décor), Barbery's four Chartreux cats keep her company as she works from her house in the French countryside, entertaining her with their quirks and foibles, inspiring her with their beauty, and soothing her nerves. But that's not all. For Kirin, Ocha, Mizu and Petrus – named after the writer's love of all things Japanese, and, in true French style, of good wine – are no ordinary felines. These intelligent creatures have taken it upon themselves to guide their owner's writing – flicking aside sections of her manuscript with a disdainful tail, pointing an approving paw at others. And it's time these put-upon literary consultants got the recognition they deserve. With delicious wit and irony, the international bestselling author of *The Elegance of the Hedgehog* gives an insight into her writing life – and the paws behind the pen. Accompanied by delightful illustrations by Maria Guitart, *The Writer's Cats* is the perfect gift for cat lovers and book lovers everywhere.

Addressing Challenging Moments in Psychotherapy Jul 19 2021 "This practical and helpful volume details how clinicians can work through various and common challenges inherent to psychotherapy, whether within the context of individual, marital, or group settings. Chapters draw upon wisdom gleaned from the author's 48 years as a practicing psychiatrist to address topics such as using countertransference for therapeutic purposes; resistance, especially when it needs to be the focus of the therapy; and a prioritization of exploration over explanation and favor working in the here-and-now. Along with theory and clinical observations, Dr. Gans offers a series of "Clinical Pearls," pithy comments that highlight different interventions to a wide range of clinical challenges. These include patient hostility, the abrupt termination of therapy, treating a couple that's lost compassionate neutrality, and more. In addition to offering advice and strategies for therapists, the book also addresses foundational concerns like the matter of fees in private practice and the virtue of moral courage on the part of the therapist. Written with clarity, heart, and an abundance of clinical wisdom, *Challenging Moments in Psychotherapy* is essential reading for all clinicians, teachers, and supervisors of psychotherapy"--

Blue Legalities Oct 10 2020 The ocean and its inhabitants sketch and stretch our understandings of law in unexpected ways. Inspired by the blue turn in the social sciences and humanities, Blue Legalities explores how regulatory frameworks and governmental infrastructures are made, reworked, and contested in the oceans. Its interdisciplinary contributors analyze topics that range from militarization and Maori cosmologies to island building in the South China Sea and underwater robotics. Throughout, Blue Legalities illuminates the vast and unusual challenges associated with regulating the turbulent materialities and lives of the sea. Offering much more than an analysis of legal frameworks, the chapters in this volume show how the more-than-human ocean is central to the construction of terrestrial institutions and modes of governance. By thinking with the more-than-human ocean, Blue Legalities questions what we think we know—and what we don't know—about oceans, our earthly planet, and ourselves. Contributors: Stacy Alaimo, Amy Braun, Irus Braverman, Holly Jean Buck, Jennifer L. Gaynor, Stefan Helmreich, Elizabeth R. Johnson, Stephanie Jones, Zsafia Korosy, Berit Kristoffersen, Jessica Lehman, Astrida Neimanis, Susan Reid, Alison Rieser, Katherine G. Sammler, Astrid Schrader, Kristen L. Shake, Phil Steinberg
