HIRE SERVICES AS A BUSINESS ENTERPRISE Oct 03 2022 This manual is specifically designed to help train actual and potential farm mechanization service providers, in order to increase access to sustainable farm power to raise the productivity of smallholder farmers. It focuses on two crucial aspects: the provision of farm mechanization services as a viable business opportunity for entrepreneurs, and the essential criteria of raising productivity in an environmentally sensitive and responsible way i.e. that includes conservation agriculture. Practical guidance on the essential

business development and management skills required to successfully run a mechanization service provision business are presented, with a focus on the equipment required to offer services compatible with conservation agriculture. The manual will be of particular interest to policymakers' intent on achieving sustainable intensification in the agricultural sector. It is also a valuable resource for trainers charged with increasing the supply of well-trained and well-equipped entrepreneurial mechanization service providers through the implementation of training courses tailored to the specific course locations.

Kingdom Business Leadership - Training Manual for Emerging Business Leaders Sep 02 2022 As technological advancements accelerate change, global organizations must re-invent themselves periodically or they will become irrelevant. It is not only the change itself that is impacting so much, but more the rate of speed that change is occurring. To adopt new structures, adapt to changing situations and implement new systems requires innovative, flexible, visionary leaders. This is a learner-focused manual for training Emerging Business Leaders. It is not meant to be a scholarly dissertation, but a how and what to do manual or handbook. The manual is designed to empower a new kind of business leader - one that may have 7-10 careers during a fast-paced lifetime. Even though technology has a profound influence on business formation and operations, there are eternal principles that ultimately overshadow all else. These principles are time-tested and proven over centuries of industry and governing. Leading wisely is still a mandate to be embraced by CEOs and organizational leaders today.

The Palgrave Handbook of African Entrepreneurship Jul 28 2019 This comprehensive handbook offers a state-of-the-art guide to new frontiers of African entrepreneurship. Written from a Pan-African perspective by a cast of international authors, the book addresses the rapid modernisation and evolution of African entrepreneurship and business practices. It maps new developments in entrepreneurial ecosystems, technology and digital entrepreneurship, entrepreneurship in conflict zones, and gender and diversity issues. It proposes new models for entrepreneurial financing and explores the contrast between entrepreneurship in high-technology urban centers with peripheral rural districts and conflict zones. Bringing together empirical insights and case studies from countries across Africa, the Handbook illuminates regional and contextual differences and shares theoretical and practical insights which inform policy and practice. It is an ideal guide for researchers and students working on international business, entrepreneurship and emerging economies. It

will also inform policymakers in developing context-informed entrepreneurial policies and initiatives in Africa.

UNCTAD Training Manual on Statistics for FDI and the Operations of TNCs Apr 04 2020 Many developing countries, including the least developed countries, have attracted only small amounts of foreign direct investment (FDI) despite their efforts at economic liberalisation in an increasingly globalising world. UNCTAD has prepared this three volume manual with the aim of helping developing countries to enhance the capacity of their government agencies to compile, analyse and disseminate data on FDI and the operations of transnational corporations (TNCs), based on internationally recommended standards. The volumes are: FDI Flow and Stock Data; Statistics on the Operations of Transnational Corporations; and Collecting and Reporting FDI/TNC Statistics: Institutional Issues. This Volume I stresses the importance of collecting data on FDI flows and stocks in line with international definitions and standards. It provides definitions and an overview of the existing standards set or used by international organisations and national compilers, and discusses and evaluates different approaches to compiling FDI flow and stock data, identifies data complexities and problems, and presents solutions to each of them.
