inquiry based learning

wikipedia Nov 16 2021 inquiry
based learning also spelled as
enquiry based learning in
british english is a form of

active learning that starts by
posing questions problems or
scenarios it contrasts with
traditional education which
generally relies on the teacher
presenting facts and their own
knowledge about the subject
inquiry based learning is often
assisted by a facilitator rather
than a lecturer

problem based learning wikipedia Dec 17 2021

problem based learning pbl is a
student centered pedagogy in
which students learn about a
subject through the experience
of solving an open ended
problem found in trigger
material the pbl process does
not focus on problem solving
with a defined solution but it
allows for the development of
other desirable skills and
attributes this includes
knowledge acquisition
