The Forest Garden Greenhouse Aug 01 2020 Jerome Osentowski, one of North America's most accomplished permaculture designers, presents a wholly new approach to a very old horticultural subject, showing how bringing the forest garden indoors is not only possible, but doable on unlikely terrain and in cold climates, using near net-zero technology. Different from other books on greenhouse design and management, this manual advocates for indoor agriculture using permaculture design concepts - integration, multi-functions, perennials and polycultures - that take season extension into new and important territory
