Military Instructors Manual Nov 28 2019 "This book so condenses and systematizes general military instruction and the work done at Plattsburg so that it may be easily utilized in training other troops. No broad claim for originality is made except in the arrangement of all available material; the bibliography makes acknowledgment to all texts so utilized. Besides bringing helpful reminders to new officers regarding the elements of modern warfare, much of the material will be found of radical importance, as it is practically new and never before condensed.
