Bibliography Index

Human Rights and Prisons Jan 15 2021 This publication is part of a series of training handbooks on human rights education designed to be adaptable to the needs and experience of a range of potential audiences. This publication sets out instructions and guidance for those conducting training courses on human rights training for prison officials. Topics covered include: training methodology and techniques, conducting training sessions and covering human rights issues, and training tools. It is designed to be used together with the "Manual on Human Rights Training for Prison Officials (ISBN 9211541549), and other companion publications are also available: a pocketbook of international human rights standards (ISBN 9211541581) and a compilation of international human rights instruments concerning the administration of justice (ISBN 9211541573).

Asperger's Syndrome and Jail Jul 09 2020 Will Attwood was finishing a three-year sentence in prison when he was formally diagnosed with Asperger's syndrome for the first time. After his diagnosis he recognised just how much it had been affecting his life behind bars. This book is a practical advice guide for people with autism who have been sentenced to time in prison. Will shares his first-hand knowledge of what to expect and how to behave within the penal system. He sheds light on topics that are important for people with autism, answering questions such as: How should you act with inmates and guards? How do you avoid trouble? What about a prison's environmental stimuli may cause you anxiety? His thoughtful, measured writing debunks rumours about daily life in prison, and the useful tips and observations he offers will help anyone with autism prepare for the realities of spending time incarcerated, and be enormously helpful to those working with offenders on the autism spectrum.

Women in Prison Oct 04 2022 A concise survey of the treatment of jailed women in America since the early 1800s, their unique problems, the effect on their families, and the state of prisons today. * Includes an abundance of resources for further research including extensive statistics on the number of women in state and federal prisons by race, the proportion of women jailed for violent offenses, and characteristics of female state prison inmates * An annotated bibliography of print and nonprint resources such as Sexual Abuse: A Journal of Research and Treatment, Journal of Offender Rehabilitation, Corrections Today, and Women, Crime, and Justice

A Day in Prison Jun 07 2020 Twenty-four hours pass slowly in a prison. A Day in Prison will help new inmates understand what's ahead of them, hour by hour, and how to deal with the many challenges. From doing laundry in "the hole" to surviving a fight, this book offers invaluable advice for both prisoners and their families, as well as plenty of first-hand stories. Prison Coach John "Doc" Fuller illustrates what life is like behind bars from morning roll call to lights out, and a comprehensive description of the official prison rules and the inmates' "real" rules. The prison culture, detailed here, is maintained by violence; Fuller teaches inmates how to interact with convicts, prison guards, and administrators in different situations, so as to avoid bodily harm as much as possible, insisting prisoners embrace their new life as a cog in a system they cannot change. Fuller also offers specific suggestions for filling the hours in ways that benefit inmates in their daily prison life, provides meaning, and even prepares them for release. Also included is updated contact information for resources and helpful organizations. A Day in Prison is structured like an actual day in prison, tracking where in the building an inmate might be at any given point in a twenty-four hour period, what they should be doing at that time, and what to watch out for. This realistic, thorough guide is based on the author's own time in a federal penitentiary and his years coaching people—from soccer moms to NBA stars—on how to survive on the inside.

A Day in Prison Feb 25 2022 A rare glimpse at twenty-four hours in the life of an inmate—from doing laundry in "the hole" to surviving a fight—by an ex-con and professional prison coach. No one is prepared for the reality of incarceration. In this fascinating and utterly candid guide, prison

coach John “Doc” Fuller draws on his own experience of eleven years in jail to outline what the newly imprisoned can expect from moment to moment during a typical day. Spanning the hours from a prisoner’s waking to lights out, the author describes the two sets of rules every inmate must know—the official prison guidelines and the often-brutal laws set down by the population itself. With advice on how to interact with guards and other inmates alike, Fuller details how to survive not only fights, but the rigor of meals, daily jobs, and the yard. With an outlook toward eventual release, Fuller also delves into the ways inmates can make the most of their free time. From the man who prepared Martha Stewart for her jail time, and who has coached everyone from housewives to professional athletes on life behind bars, this eye-witness view into the daily life of a correctional facility outlines the details and dynamics anyone facing prison time needs to know.

Life and Death in Rikers Island Mar 05 2020 This revelatory and groundbreaking book concludes with the author's analysis of the case for closing Rikers Island jails and his advice on how to do it for the good of the incarcerated.

Peace Inside Sep 30 2019 This moving book provides an inside-view of life in prison, and people's remarkable ability to make sense of their lives there as they learn to meditate. Drawing on years of intimate correspondence between prisoners and charity workers of the Prison Phoenix Trust, it traces prisoners' struggles through the harshest of circumstances to find authenticity, friendship and hope. This is not only an empowering guide for those in prison, but a testament to the liberating power of peace, which, in spite of all obstacles, can be unlocked within us all.

Federal Prison Handbook Aug 02 2022 The definitive guide to surviving incarceration in a federal prison. Federal Prison Handbook teaches individuals facing incarceration, prisoners who are already inside, and their friends and family everything they need to know to protect themselves and their rights. The thorough information has been compiled by an advocate currently serving time at a federal prison. His insider's view of this unknown world guides inmates through the mental stresses of confinement. Equally as important, he keeps readers physically safe by explaining how to avoid the near-constant conflicts found inside federal prisons. In detailed chapters broken down by topical areas, readers discover: * What to expect during admissions and how to greet cellmates for the first time. * How to communicate with the outside world through telephones, computers, and mail. * What types of items can be purchased from the official commissary and the underground economy. * The best ways to avoid fights, and the options that provide the greatest protection if a fight cannot be avoided. * The knowledge required to avoid scams, schemes, theft, and other problems. * What to do about sexual harassment or assault. * The types of jobs available and their pay grades. * Medical and psychological services. * Religious activities and services. * Entertainment, recreation, and keeping fit. * And much more. Importantly, this text provides detailed instructions on how prisoners can protect their rights. The author is a college-educated prisoner who has fought extensively to preserve his rights and the rights of other prisoners. Incarceration can be cruel for prisoners and their loved ones. Know what to expect and make the best of this time by staying safe, remaining safe, and building a life behind bars.

The Prisons Handbook Aug 29 2019 This guide to prisons, remand centres and young offenders institutions in England and Wales was written by a former prisoner with first-hand experience, as an inmate, of more than 50 of Britain's prisons. The prison-by-prison detail has been compiled from official reports supplemented by questionnaire replies from inmates and staff. It includes practical information on each establishment: visiting hours; workshops; education; chaplaincy; medical services and sports facilities. Further sections provide advice on useful organizations, foreign prisoners, health problems, financial matters, welfare, religion, discharge grants, release,

women prisoners and young offenders.

The Punjab Record Jul 29 2019

Guidance Manual for Monitoring Facilities Under the Juvenile Justice and Delinquency Prevention Act of 1974, as Amended Dec 02 2019

Handbook for Prison Leaders Nov 24 2021 The Handbook focuses on an overview of key issues which should be of concern to prison managers and the reforms they must often engage in and promote as prison leaders. It is meant to support a basic five-day training workshop for prison officials responsible for leading and managing prisons in developing and post-conflict countries. It is aimed to explore and understand practical ways in which prison leaders can more effectively implement international standards and norms in the institutions for which they are responsible. The Handbook and the workshop curriculum provide a template to help leaders identify the changes required in their environment and to reflect on the challenges they are likely to encounter in bringing about these changes.

European Prison Rules Sep 03 2022 This publication examines the rules in force in Europe governing prisons and the treatment of prisoners, including the use of force, the selection of prison staff and the protection of prisoners' human rights, based on Recommendation Rec (2006) 2 on the European Prison Rules (which was adopted by the Committee of Ministers of the Council of Europe in January 2006). It contains the text of the recommendation with a detailed commentary on it, together with a report which considers recent developments and analyses the effectiveness of these rules and of imprisonment as a form of punishment.

Handbook for Jailhouse Lawyers Jun 19 2021 Topics in this handbook include setting up a home-based business, writing a grant proposal, writing a loan proposal, keeping business records, business investments, and writing legal documents. (Legal Reference/Law Profession)

Routledge Handbook on American Prisons Dec 26 2021 The Routledge Handbook on American Prisons is an authoritative volume that provides an overview of the state of U.S. prisons and synthesizes the research on the many facets of the prison system. The United States is exceptional in its use of incarceration as punishment. It not only has the largest prison population in the world, but also the highest per-capita incarceration rate. Research and debate about mass incarceration continues to grow, with mounting bipartisan agreement on the need for criminal justice reform. Divided into four sections (Prisons: Security, Operations and Administration; Types of Offenders and Populations; Living and Dying in Prison; and Release, Reentry, and Reform), the volume explores the key issues fundamental to understanding the U.S. prison system, including the characteristics of facilities; inmate risk assessment and classification, prison administration and employment, for-profit prisons, special populations, overcrowding, prison health care, prison violence, the special circumstances of death row prisoners, collateral consequences of incarceration, prison programming, and parole. The final section examines reform efforts and ideas, and offers suggestions for future research and attention. With contributions from leading correctional scholars, this book is a valuable resource for scholars with an interest in U.S. prisons and the issues surrounding them. It is structured to serve scholars and graduate students studying corrections, penology, institutional corrections, and other related topics.

Handbook on Women and Imprisonment Aug 10 2020 This handbook aims to assist legislators, policymakers, prison managers, staff and non-governmental organisations in implementing international standards and norms related to the gender-specific needs of women prisoners, in particular the United Nations Rules for the Treatment of Women Offenders and Non-Custodial Measures for Women Offenders ('the Bangkok Rules'). It further aims to increase

awareness about the profile of female offenders and to suggest ways in which to reduce their unnecessary imprisonment, including by rationalising legislation and criminal justice policies, and by providing a wide range of alternatives to prison at all stages of the criminal justice process. The handbook forms part of a series of tools developed by the United Nations Office on Drugs and Crime (UNODC) to support countries in implementing the rule of law and the development of criminal justice reform.

Handbook on Prisoner File Management Aug 22 2021 This handbook discusses the importance of effective prisoner file management, illustrating the consequences of poor or non-existent management. It will be of particular relevance to prison systems that do not have electronic systems for managing files. It outlines the key international human rights standards that apply to prisoner and detainee file management. It also summarizes and illustrates the key requirements of prison systems in relation to prisoner and detainee file management in order to meet international human rights standards and how these might be met.

When You Have to Go to Prison Apr 17 2021 The number of people incarcerated across the United States reached two million in 2002. That number has increased since then, and the U.S. holds the highest incarceration rate in the world - one out of every 100 Americans are in prison. The rate of imprisoned females is rising at a faster rate than imprisoned males, and many individuals are imprisoned for non-violent crimes. Individuals with otherwise respectable lives are incarcerated with little or no idea of what to expect and how it will affect them and their families. This book was written to help anyone who is preparing to go to prison with the possibilities, expectations, and realities of their situation from the strain it will put on a marriage, to the conversations you will need to have with your children. You will learn everything you need to know about prison that the system is unwilling to tell you. Learn how visitation works and how often you will be able to see your family. Learn how to discuss prison with your children and how to maintain a healthy relationship with your spouse regardless of the duration of your incarceration. Learn about the unique issues women go through in prison. Learn how to write a loving letter and how to effectively bide your time in prison without succumbing to the temptations and bad influences. Learn how to maintain your dignity and the respect of your children despite everything that has happened, by consistently keeping in touch. After interviewing more than 100 past and present inmates along with their families, this book provides a complete perspective into how people respond to the prospect and reality of incarceration, and what you can do to prepare for those realities. Learn what prison life is really like depending on your crime and where you will be sent. Learn how you can reduce your prison time through good behavior and how you can: prepare your family for your departure, prepare your finances, ensure friends or family members will help your spouse, and set aside the necessary resources to maintain your family's lifestyle and comfort. For anyone preparing to go to prison and leaving behind a family, this book will provide the necessary information that no one else is willing to tell you before you go in. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Atlantic Publishing prides itself on producing award winning, high-quality manuals that give readers up-to-date, pertinent information, real-world examples, and case studies with expert advice. Every book has resources, contact information, and web sites of the products or companies discussed.

A Handbook for Correctional Psychologists Sep 22 2021 Correctional psychology is an area of specialization that has recently enjoyed explosive growth along with the burgeoning United States prison population and the renewed interest in providing correctional rehabilitation

programs that reduce inmate recidivism. This completely revised and updated second edition continues to provide an overview of empirical findings and practices in the field. The text focuses specifically on the psychologist's role within a correctional setting and clarifies the differences in working with inmates and correctional staff from populations more commonly encountered.

Helping Hands Mar 29 2022 This book is designed to help volunteers become team workers, and to help them gain knowledge of inmates and correctional systems.

A Guide to Improved Handling of Misdemeanant Offenders May 19 2021

Health in Prisons May 31 2022 Based on the experience of many countries in the WHO European Region and the advice of experts, this guide outlines some of the steps prison systems should take to reduce the public health risks from compulsory detention in often unhealthy situations, to care for prisoners in need and to promote the health of prisoners and prison staff. This requires that everyone working in prisons understand how imprisonment affects health, what prisoners' health needs are, and how evidence-based health services can be provided for everyone needing treatment, care and prevention in prison. Other essential elements are being aware of and accepting internationally recommended standards for prison health; providing professional care with the same adherence to professional ethics as in other health services; and, while seeing individual needs as the central feature of the care provided, promoting a whole-prison approach to care and promoting the health and well-being of people in custody.

Trainer's Guide on Human Right Training for Prison Officials Apr 05 2020

Handbook on Anti-Corruption Measures in Prisons Jan 03 2020 Through this handbook, UNODC seeks to formally acknowledge and articulate a problem endured by all jurisdictions and to underline the international commitment to addressing it. The aim of this handbook is not simply to address corruption once it occurs but also to help Member States prevent corruption and protect prisoners, staff and communities from its insidious consequences. This is without prejudice to the fact that the management of prisons is one of the most difficult and demanding tasks that societies require, and many prison leaders and staff work with great professionalism and commitment to provide safe, decent and just conditions in prisons.

Family and Friends Prison Information booklet and Guide Mar 17 2021 We've created a prison information booklet for the family and friends of prisoners. This guide includes information on how to visit a prisoner, what to expect while you're there, and how to stay in touch.

When a Parent Goes to Jail Oct 12 2020 Explains rules, laws, choices, and consequences resulting in going to jail, discusses what to expect from the legal system, and provides advice on coping with having a parent in jail.
