American Zeus Jul 28 2022 Alexander Pantages was 13 when he arrived in the U.S. in the 1880s, after contracting malaria in Panama. He opened his first motion picture theater in 1902 and went on to build one of the largest and most important independently-owned theater chains in the country. At the height of the Pantages Theaters' reach, he owned or operated 78 theaters across the U.S. and Canada. He amassed a fortune, yet he could not read or write English. In 1929 he was convicted of sexually assaulting a 17-year-old dancer--a scandal that destroyed his empire and reduced him to a pariah. The day his grandest theater, the Pantages Hollywood, opened in 1930, he lay sick in a jailhouse

Orpailleurs : Faire fortune au Klondike Jan 28 2020 Aucun autre événement de notre histoire n'a inspiré autant de récits et de poèmes que la ruée vers l'or du Klondike. En 1896, à la suite de la découverte d'un riche gisement au ruisseau Bonanza, des gens issus de tous les milieux affluèrent de partout vers la ville de Dawson, qui commençait à peine à prendre forme. Voici l'histoire remarquable de la ruée vers l'or du Klondike, racontée pour la première fois à travers la vie de six personnages très différents : un chercheur d'or, William Haskell; un bon prêtre, le père Judge; une femme d'affaires avisée, Belinda Mulrone; un jeune écrivain, Jack London; une journaliste déterminée, Flora Shaw, et un Mountie très discipliné, Sam Steele. A travers leurs récits enchevêtrés, Orpailleurs nous présente, dans un panorama fascinant, une ville subarctique où mineurs, tenanciers de saloons, danseuses, membres du clergé et hommes de loi vécurent ensemble, par la force des choses, un événement marquant de notre histoire. La ruée vers l'or a donné naissance à bien des légendes, mais, grâce à ses recherches minutieuses, Charlotte Gray nous révèle qui a véritablement gagné et qui a perdu dans cette course à la fortune instantanée. « Grâce à sa recherche approfondie et son attention aux détails, Charlotte Gray démêle les fils enchevêtrés des mythes et des clichés entourant l'histoire de la grande ruée vers l'or du Klondike

pour nous livrer la véritable histoire de ces aventuriers extraordinaires qui ont lutté pour survivre et prospérer dans ces contrées inhospitalières. » Margaret MacMillan « Ce livre montre pourquoi ces années de misère nous fascinent encore aujourd'hui et confirme la réputation de Charlotte Gray en tant que remarquable auteure de récits historiques. » National Post

Canada and the Idea of North Mar 24 2022

Canada and the Idea of North examines the ways in which Canadians have defined themselves as a northern people in their literature, art, music, drama, history, geography, politics, and popular culture. From the Franklin Mystery to the comic book superheroine Nelvana, Glenn Gould's documentaries, the paintings of Lawren Harris, and Molson beer ads, the idea of the north has been central to the Canadian imagination. Sherrill Grace argues that Canadians have always used ideas of Canada-as-North to promote a distinct national identity and national unity. In a penultimate chapter - "The North Writes Back" - Grace presents newly emerging northern voices and shows how they view the long tradition of representing the North by southern activists, artists, and scholars. With the recent creation of Nunavut, increasing concern about northern ecosystems and social challenges, and renewed attention to Canada's role as a circumpolar nation, Canada and the Idea of North shows that nordicity still plays an urgent and central role in Canada at the start of the twenty-first century.

Captain Alex MacLean Aug 29 2022 Alex MacLean was the inspiration for the title character in Jack London's bestselling novel The Sea-Wolf. Originally from Cape Breton, MacLean sailed to the Pacific side of North America when he was twenty-one and worked there for thirty-five years as a sailor and sealer. His achievements and escapades while in the Victoria fleet in the 1880s laid the foundation for his status as a folk hero. But this biography

Pursued Oct 07 2020 The challenge for me in writing this book was to blend factual incidents with fictional characters and events in a way that would be entertaining as well as educational for the readers-- regardless of their background and experience. Although the active characters

and events described in this novel are fictional, they are based upon real incidents and real people. The depiction of their ancestors is factual and taken from history, news articles and internet interviews. After the book was written-- in a surprisingly short time-- I found some errors in the information I had received. It took weeks of travel and many interviews in British Columbia, the Yukon Territory, Alberta and Alaska to sort out the truth. Interviews with geologists, archeologists, historians, pilots, and airplane mechanics were all necessary to authenticate some of the scenes in this book. The places depicted actually exist-- I have been there. In a few cases the names have been changed to protect the owners of various facilities. The Characters-- both human and animal-- and the actions depicted in this novel are based upon real life incidents. Humans are a very complex species and how they act in private may be entirely different from the image they present in public. It has been said that we all have demons inside that we must deal with. I have attempted to expose some of the demons inside the principal characters and to show how they coped-- or in some cases could not cope with them. To a certain extent this book is a survival guide. It pits man against man, emotion against emotion, man against animal, and man against nature in all its fury. Most of all, it is a book about being PURSUED. Man is PURSUED by man, man is PURSUED by animal, man is PURSUED by nature and the elements, and man is PURSUED by himself-- and the demons within him. A complex series of events brought the passengers together on this doomed flight into the Arctic winter night. You will get to know each intimately by the end of the book. How was the pilot able to find a place to land in the ice and snow? How did they survive that 40 degree below zero weather? What did they do when they found 60 million dollars in Mafia money hidden in the plane? How did they get back to civilization? You will find out when you read this book.
