In an attempt to preserve, improve and recreate the original content, we have worked towards: 1. Type-setting & Reformatting: The complete work has been re-designed via professional layout, formatting and type-setting tools to re-create the same edition with rich typography, graphics, high quality images, and table elements, giving our readers the feel of holding a 'fresh and newly' reprinted and/or revised edition, as opposed to other scanned & printed (Optical Character Recognition - OCR) reproductions. 2. Correction of imperfections: As the work was re-created from the scratch, therefore, it was vetted to rectify certain conventional norms with regard to typographical mistakes, hyphenations, punctuations, blurred images, missing content/pages, and/or other related subject matters, upon our consideration. Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references. However, a few of such imperfections which could not be rectified due to intentional/unintentional omission of content in the original edition, were inherited and preserved from the original work to maintain the authenticity and construct, relevant to the work. We believe that this work holds historical, cultural and/or intellectual importance in the literary works community, therefore despite the oddities, we accounted the work for print as a part of our continuing effort towards preservation of literary work and our contribution towards the development of the society as a whole, driven by our beliefs. **Pendennis Volume III - Works of William Makepeace Thackeray** May 05 2020 PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is depend-ent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream- fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is

at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

it at least has the advantage of a certain truth and honesty, which a work more elaborate might lose. In his constant communication with the reader, the writer is forced into frankness of expression, and to speak out his own mind and feelings as they urge him. Many a slip of the pen and the printer, many a word spoken in haste, he sees and would recall as he looks over his volume. It is a sort of confidential talk between writer and reader, which must often be dull, must often flag. In the course of his volubility, the perpetual speaker must of necessity lay bare his own weaknesses, vanities, peculiarities. And as we judge of a man's character, after long frequenting his society, not by one speech, or by one mood or opinion, or by one day's talk, but by the tenor of his general bearing and conversation; so of a writer, who delivers himself up to you perforce unreservedly, you say, Is he honest? Does he tell the truth in the main? Does he seem actuated by a desire to find out and speak it? Is he a quack, who shams sentiment, or mouths for effect? Does he seek popularity by clap-traps or other arts? I can no more ignore good fortune than any other chance which has befallen me. I have found many thousands more readers than I ever looked for. I have no right to say to these, You shall not find fault with my Art, or fall asleep over my pages; but I ask you to believe that this person writing strives to tell the truth. If there is not that, there is nothing. Perhaps the lovers of "excitement" may care to know, that this book began with a very precise plan, which was entirely put aside. Ladies and gentlemen, you were to have been treated, and the writer's and the publisher's pocket benefited, by the recital of the most active horrors. What more exciting than a ruffian (with many admirable virtues) in St. Gile's, visited constantly by a young lady from Belgravia? What more stirring than the contrasts of society? William Makepeace Thackeray - The History of Pendennis Dec 12 2020 The great author of *Vanity Fair* and *The Luck Of Barry Lyndon* was born in India in 1811. At age 5 his father died and his mother sent him back to England. His education was of the best but he himself seemed unable to apply his talents to a rigorous work ethic. However, once he harnessed his talents the works flowed in novels, articles, short stories, sketches and lectures. Sadly, his personal life was rather more difficult. After a few years of marriage his wife began to suffer from depression and over the years became detached from reality. Thackeray himself suffered from ill health later in his life and the one pursuit that kept him moving forward was that of writing. In his life time, he was placed second only to Dickens. High praise indeed.

*The History of Pendennis. His Fortunes and Misfortunes, His Friends and His Greatest Enemy.* By: *William Makepeace Thackeray* Oct 22 2021 *The History of Pendennis: His Fortunes and Misfortunes, His Friends and His Greatest Enemy (1848-1850)* is a novel by the English author William Makepeace Thackeray. It is set in 19th-century England, particularly in London. The main hero is a young English gentleman Arthur Pendennis, who is born in the country and sets out for London to seek his place in life and society. In line with other Thackeray's works, most notably *Vanity Fair*, Pendennis offers an insightful and satiric picture of human character and aristocratic society. The characters include the snobbish social hanger-on Major Pendennis and the tipsy Captain Costigan. Miss Amory and Sir Francis Clavering are somewhat reminiscent of Becky Sharp and Sir Pitt from *Vanity Fair*. PLOT: Arthur Pendennis ("Pen" to his friends) is the only child of a prosperous physician and former apothecary now deceased. He and his foster sister Laura are raised in the village of Fair Oaks by his indulgent mother, Mrs. Pendennis. The family has risen to gentility in the past generation or two but is not wealthy: the late Mr. Pendennis left only a house and investments producing about 500 pounds a year. The Pendennises, however, claim descent from an ancient family, and Arthur's uncle Major Pendennis, though he has only his retired Army pay, associates with wealthy and titled people. As Pen and Laura grow up, Mrs. Pendennis tells them she hopes they will marry someday. At age 18, however, Pen falls in love with an actress, Emily Fotheringay (a stage name), who is about ten years his senior. Emily's father, Captain Costigan, believes Pen is rich and wants Pen to marry his daughter, but Pen's mother is horrified. She summons Major Pendennis from London, and the Major derails the marriage simply by telling Costigan his nephew is not rich. Emily jilts Pen. Pen, heartbroken, leaves home to study at St Boniface's college in Oxbridge. There he lives extravagantly, unwittingly causing his mother and Laura to live in near poverty. After two years, Pen fails his final examination and remorsefully returns home where, unfortunately, his mother and Laura easily forgive him and Laura sacrifices her small personal fortune to pay Pen's debts. He soon returns to Oxbridge, retakes the exam, and obtains a degree, but returns to Fair Oaks as his mother thinks earning a living is both beneath her son and harmful to his health. Soon a large house in the neighbourhood that has stood empty for years is reoccupied by its owners, the Clavering family, consisting of Sir Francis, a baronet and Member of Parliament addicted to gambling; his rich and kindly but low-born wife, whose father earned his fortune in India; their young son; and Lady Clavering's daughter from her first marriage, Blanche Amory. The Pendennises become friendly with the Claverings and Pen becomes infatuated with Blanche, but the flirtation doesn't last long. To please his mother, Pen at this point languidly proposes to Laura but she turns him down essentially because she thinks he's not mature enough. Pen then sets out for London, where he meets George Warrington, a journalist, with whom Pen takes cheap lodgings and who helps Pen get started as a writer. Pen achieves some success and starts to support himself, swearing he'll take no more of his mother's or Laura's money..... William Makepeace Thackeray (18 July 1811 - 24 December 1863) was an English novelist of the 19th century.

*The History of Pendennis* Jul 31 2022 Written immediately after *Vanity Fair*, *Pendennis* has a similar atmosphere of brooding disillusion, tempered by the most jovial of wits. But here Thackeray plunders his own past to create the character of Pendennis and the world in which he lives: from miserable schoolboy to striving journalist, from carefree Oxbridge to the high (and low) life of London. The result is a superbly panoramic blend of people, action and background. The true ebb and flow of life is caught and the credibility of Pen, his worldly uncle, the Major, and many of the other characters, extends far beyond the pages of the novel. Held together by Thackeray's flowing, confident prose, with its conversational ease of tone, *Pendennis* is as rich a portrait of England in the 1830s and 40s as it is a thorough and thoroughly entertaining self-portrait.
