Principle Or Profit Dec 25 2019 Ever since Malcolm James was a child, cold blooded murder has played a significant part in his life. Whether it be from both of his parents being brutally assassinated right in front of him, or having blood on his own hands, murder has been his reality. Constantly haunted and consumed by his own actions, the only thing stronger than Malcolm's thirst for blood, is his hunger for money and power! Flooding the crime ridden and gang infested inner city streets of Denver, Colorado with Cocaine and pounds of Kush, grindin, as his "Gang Green" squad of misfits commit robberies, mayhem and murder while on their way to the top. However, the sudden murder of Malcolm's friend and right hand man, not only cause the homicide rate to shoot through the roof, but also derails their mission. All while Malcolm battles with a dark secret brewing deep down inside, at which only "Tear Drop and Buds" are able to recognize and tame.

Both OG's in the game graduating to bosses of a mountain west and west coast black underworld syndicate, whom eventually put Malcolm on the payroll as a triggerman, which of course leads to more problems, money, women, and deadly consequences. Why Principle or Profit you ask? Because nine times outta ten every time a life is taken out in these streets, it's a direct result of one or the other. To profit is self explanatory; however, principle could be ones personal belief, or even a weak emotion like jealousy and greed, to killing over territory, a debt, turf, stripes, or other principles of the streets. At the end of the day we all gotta go, so which one are you willing to die for?

Stopping the Rot Sep 02 2020 Keeping historic buildings in good repair and, where possible, in use, is the key to their preservation. Owners of listed buildings are under no statutory obligation to maintain their property in a good state of repair, although it is in their interests to do so. Local authorities can, however, take action to secure repair when it becomes evident that a building is being allowed to deteriorate. Urgent Works Notices, Repairs Notices and Section 215 Notices can be very effective tools to help secure the preservation of historic buildings. This guidance is designed to help local authorities make effective use of these powers. It provides step-by-step advice on the use of the main procedures and includes case studies and a selection of specimen letters, notices, schedules and agreements. Samples of these are available to download at the bottom of this page for local authorities wishing to edit them for their own use.
