Gaming Cultures and Place in Asia-Pacific Dec 01 2019 This collection explores the relationship between digital gaming and its cultural context by focusing on the burgeoning Asia-Pacific region. Encompassing key locations for global gaming production and consumption such as Japan, China, and South Korea, as well as increasingly significant sites including Australia and Singapore, the region provides a wealth of divergent examples of the role of gaming as a socio-cultural phenomenon. Drawing from micro ethnographic studies of specific games and gaming locales to macro political economy analyses of techno-nationalisms and trans-cultural flows, this collection provides an interdisciplinary model for thinking through the politics of gaming production, representation, and consumption in the region.

Self-Publishing for Fun and Profit Book Two Sep 09 2020 Your manuscript is complete. Now what? Self-publishing is well within the reach of many authors however, the learning curve can be frustratingly steep. Author Rae A. Stonehouse, veteran of a dozen of his own self-help, personal/professional development books and others for his clients, shares sage advice from his self-publishing career and from the pros. There is nothing wrong with sending your manuscript to a traditional publishing company, but only self-publishing allows you to make all the choices - cover art, interior design, even story content - based on your vision, and your goals. Plus, you can have a finished copy in months, not years. Book Two Self-Publishing for Fun and Profit in The Successful Self Publisher Series: How to Write, Publish and Market Your Book Yourself demonstrates the ins and outs of self-publishing and explores the following topics essential to publishing your manuscript: - Self-Publishing vs Traditional Publishing - Proofreading - Editing Your Manuscript - Copyrighting - File format - Digital Rights Management - ISBNs - Pricing - Royalties - Publishing And much more... Other books in the series... Book One Writing & Publishing as a Business in The Successful Self Publisher Series: How to Write, Publish and Market Your Book Yourself, addresses writing books and self-publishing based on business best-practices. Book Three Content Marketing Strategies That Work in the series focuses on how to market your book, yourself.

An Honest Kindle Booksales Blueprint - How to Break Out of the No-Sales Self-Publishing Basement to Start Earning Routine and Consistent Passive Kindle Income Nov 11 2020 Why Does it Seem Everyone Thinks Beginning Authors are Already Rich? It's not because their books are bringing them any income. But the courses and services designed to ""help"" you just put you further in the hole! It doesn't have to be

that way. This entire series was written with the idea that you can get started from the computer and internet connection you already have. And nothing else. After I got my own financial freedom from publishing books, I was able to "invest" in some of these courses to see what I was still missing. Funny enough, that extra \$500 per course taught me little I didn't already know. And what I did learn was either wrong, or I could have learned it for free from those same authors. Here's the secret, exposed: You only have to write decent books, and market them decently, to get decent income. And you should be able to start writing today, self-edit and proof when you're done, then self-publish for no more than your own sweat-equity. Get You Copy Now.

Self-Publishing for Passive Income May 30 2022 Don't just self-publish a book on Amazon, learn how to make it passive income! After self-publishing 11 books on Kindle and making over \$69,000 in a few years, I've learned one undeniable truth about Amazon publishing, writing a book is the easy part. Anyone can write a book in just a few months and have it published on the world's largest ecommerce site. Hugely more difficult is keeping your book ranked on Amazon to keep making money every month! Against more than four million other books, you need to know how to launch a book and how to get enough sales that keep it ranked in the top ten. You need to know how to pick categories and how to write a book that sells itself. That's what this book is all about. Get More than Just How to Write a Book I'll start by showing you how to make writing a book easy. I'll show you how to plan, research and write your book within a month. Then I'll go beyond to reveal how to launch a self-published book to an Amazon best-seller status and keep it ranked so you make passive income every single month. You won't find this in any other book about self-publishing on Amazon. These are the secrets that will set you apart from millions of other authors. Amazon Self-Publishing is My Business Too many books about How to Self-Publish a Book here on Amazon are by people with no idea what it takes to be successful on the platform. Even of the ones that have written a few books, few have the experience or insight in keeping a book ranked on Kindle to make it passive income. This will be my 12th self-published book on Amazon and the 11 before it all reached best-seller rank in at least one category, some becoming a top pick in multiple categories. More than just that launch though, I've learned how to get enough monthly sales to keep the books ranked and make over \$2,000 every month without doing anything at all. I've created an Amazon self-publishing business that runs itself and I want to share what I've learned with you. What you'll get: How to find and develop a book idea that will be instantly popular (pg 8) The process I use to make writing easy and will guarantee you publish fast (pg 18) My blueprint for a best-selling book launch (pg 72) How to leverage other websites to help sell your books to make more money (pg93) Three book marketing strategies that will keep your books ranked and earn you passive income every month (pg 103) I'm also giving away a free bonus cheat sheet, 9 Tips Anyone Can Use to Write a Book, within the book. This is three books in one. You'll get everything you need about how to publish a book on Amazon. You'll get an easy process for writing a book that will drive you to publish. You'll also get a launch strategy that makes your book a best-seller, racking up those quick sales to shoot the book up the charts. Finally, you'll learn how to make your Amazon self-publishing business passive income with the strategies I use to keep my books ranked and making sales. Don't settle for any book on self-publishing. Don't be one of the millions of authors with books that bomb on Amazon and make nothing. If you want to self-publish a book that makes you passive income every month, scroll back up and get this book now.

The Scribe Method Mar 28 2022 Ready to write your book? So why haven't you done it yet? If you're like most nonfiction authors, fears are holding you back. Sound familiar? Is my idea good enough? How do I structure a book? What exactly are the steps to write it? How do I stay motivated? What if I actually finish it, and it's bad? Worst of all: what if I publish it, and no one cares? How do I know if I'm even doing the right things? The truth is, writing a book can be scary and overwhelming—but it doesn't have to be. There's a way to know you're on the right path and taking the right steps. How? By using a method that's been validated with thousands of other Authors just like you. In fact, it's the same exact process used to produce dozens of big bestsellers—including David Goggins's *Can't Hurt Me*, Tiffany Haddish's *The Last Black Unicorn*, and Joey Coleman's *Never Lose a Customer Again*. The Scribe Method is the tested and proven process that will help you navigate the entire book-writing process from start to finish—the right way. Written by 4x New York Times Bestselling Author Tucker Max and publishing expert Zach Obront, you'll learn the step-by-step method that has helped over 1,500 authors write and publish their books. Now a Wall Street Journal Bestseller itself, *The Scribe Method* is specifically designed for business leaders, personal development gurus, entrepreneurs, and any expert in their field who has accumulated years of hard-won knowledge and wants to put it out into the world. Forget the rest of the books written by pretenders. This is the ultimate resource for anyone who wants to professionally write a great nonfiction book.

Understanding and Negotiating Book Publication Contracts Feb 12 2021 "Copyright law and contract language are complex, even for attorneys and experts. Authors may be tempted to sign the first version of a publication contract that they receive, especially if negotiating seems complicated, intimidating, or risky. But there is a lot at stake for authors in a book deal, and it is well worth the effort to read the contract, understand its contents, and negotiate for favorable terms. To that end, *Understanding and Negotiating Book Publication Contracts* identifies clauses that frequently appear in publishing contracts, explains in plain language what these terms (and typical variations) mean, and presents strategies for

negotiating "author-friendly" versions of these clauses. When authors have more information about copyright and publication options for their works, they are better able to make and keep their works available in the ways they want"--Publisher.

Urban Inequality and Segregation in Europe and China Sep 29 2019 This open access book explores new research directions in social inequality and urban segregation. With the goal of fostering an ongoing dialogue between scholars in Europe and China, it brings together an impressive team of international researchers to shed light on the entwined processes of inequality and segregation, and the implications for urban development. Through a rich collection of empirical studies at the city, regional and national levels, the book explores the impact of migration on cities, the related problems of social and spatial segregation, and the ramifications for policy reform. While the literature on both segregation and inequality has traditionally been dominated by European and North American studies, there is growing interest in these issues in the Chinese context. Economic liberalization, rapid industrial restructuring, the enormous growth of cities, and internal migration, have all reshaped the country profoundly. What have we learned from the European and North American experience of segregation and inequality, and what insights can be gleaned to inform the burgeoning interest in these issues in the Chinese context? How is China different, both in terms of the nature and the consequences of segregation inequality, and what are the implications for future research and policy? Given the continued rise of China's significance in the world, and its recent declaration of war on poverty, this book offers a timely contribution to scholarship, identifying the core insights to be learned from existing research, and providing important guidance on future directions for policy makers and researchers.

Redefining Normal Sep 02 2022 Growing up, they didn't believe they had a future. Together, they are building forever. Alexis Black persevered through her mother's death and her father's imprisonment. And after escaping a long and abusive relationship, the college junior promised her foster parents not to date for at least a year. But when she meets an incoming freshman on the first day of their scholarship program, she feels the world melt away, as though it were only the two of them in the room. Justin Black lived in the poorest section of Detroit before his parents surrendered him to the foster care system at the age of nine. But when he grabs the chance for better opportunities by pursuing higher education, he can't help but be drawn to a beautiful third-year student. At first, their past traumas--and their age difference--conspired to complicate their attraction. But the joy each took in the other and eventually conquered those obstacles, and these two survivors journeyed together toward healing. In a stark and wholehearted true story that shares how two individuals on separate paths found each other, Alexis and Justin merge their course into one full of hope and purpose. And hand-in-hand, with a desire to help others, they learned to reject the abusive patterns of their past, thereby intentionally breaking the cycle of generational violence and unhealthy behaviors. Written in an engaging novelistic style, the authors put forward a thoughtful exchange of ideas and personal experiences illustrating how anybody, no matter their backgrounds, can have a life of self-empowerment and joy. Broken down into four sections that cover crucial topics such as "Worthiness" and "Mental Health," this compelling narrative will help any who are learning to love themselves and want to end the line of toxic relationships. Redefining Normal: How Two Foster Kids Beat The Odds and Discovered Healing, Happiness, and Love is a page-turning memoir that will open your eyes to possibilities and dreams. If you like honest tales of triumph, refreshing transparency, and resilient faith in God, then you'll adore Justin and Alexis' inspirational story. This story contains mentions of domestic violence, trauma, sexual assault, and other difficult issues faced on the road to healing. Buy Redefining Normal to claim victory over harmful pasts today!

Ebook Passive Income System Jan 02 2020 If you've been trying to get an online business started, but just haven't had any success yet, have you asked yourself why? At a minimum, have you looked around, done research on the people who have created passive income from their online businesses? If you haven't, you most certainly should! Take a look at successful people like Allen Says, Paul Myers, Anthony Blake, Willie Crawford, Bryan Kumar, Cory Rudl, John Reese... Can you spot the one thing they all have in common? They all have their own products. Sure, a lot of them are making some pretty good money telling their subscribers about other people's products now and then, but the heart of their business was originally, and still is, built around their own products. Does that tell you something? It ought to. I'm sure you've thought about this. It's not rocket science or brain surgery. I'm just as sure that you've probably made plans to have your own product to proudly sell to the world...or at least you've had some thoughts about having a product at some point. But something is holding you back. That's exactly why I'm writing this book. Over the past 6-7 years, I've received literally thousands of emails asking me the same questions: "Can you help me write my own ebook?" "How can I do the same thing you're doing?" "I really want my own product like you...can you help me get started?" I answered probably 99% of those emails with good, helpful advice for quite a while. But as time went on the emails got more numerous. I simply couldn't answer all of them anymore. That's where this book comes in. I distilled all of the advice I was giving, all of the experience that made me able to give that advice in the first place, into these pages that you hold in your hand or see on your computer monitor. This book is the sum total of what I'd tell you if you were sitting right here in my office discussing your business with me. The advice comes from all of the mistakes I've made along the way...and all of the lessons I've learned. In the end, the book comes from my successes. It comes from my heart, because I'd truly like to see you succeed in your own business. I'd truly like to see you take control of your own future...your own family's future. So, if you really want that control over your own destiny, you can get started by learning how to create and produce your own ebooks by reading this guide.

*Music Publishing Apr 28 2022 Music Publishing covers the basics of how a composition is copyrighted, published, and promoted. Publishing in the music business goes far beyond the physical sheet--it includes live performance and mechanical (recording) rights, and income streams from licensing deals of various kinds. A single song can generate over thirty different royalty streams, and a writer must know how these royalties are calculated and who controls the flow of the money. Taking a practical approach, the authors -- one a successful music publisher and attorney, the other a songwriter and music business professor -- explain in simple terms the basic concept of copyright law as it pertains to compositions. Throughout, they give practical examples from "real world" situations that illuminate both potential pitfalls and possible upsides for the working composers.*
