Creon's Ghost Law Justice and the Humanities

Sep 17 2021 Creon's Ghost examines the enduring problem of the relationship between man's law and a "higher" law from the perspective of core humanities texts and through discussion of hotly debated contemporary legal conundrums. Today, such issues as intelligent design in school curricula, same-sex marriage, and faith-based government grants are all examples of the interaction between man's law and some other set of moral principles. As these debates are considered in this book, the author uses texts such as Antigone and Plato's Republic and pairs them with the most important jurisprudence texts of the 20th century to explore different approaches to the contemporary conflict or

court ruling under consideration. Creon's Ghost demonstrates that the humanities can both illuminate our understanding of contemporary problems and that "classic" texts can be read alongside jurisprudential texts, thus enriching our understanding of and appreciation for law. *Depression Baby* Oct 26 2019 Written by someone who has lived it, this first book by Ray B. Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. Beyond Order therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life.

The Measure of a Man Jan 10 2021 First published in 1959, this pair of meditations by

the revered civil-rights leader Martin Luther King, Jr. contains the theological roots of his political and social philosophy of nonviolent activism. Eloquent and passionate, reasoned and sensitive. "AT THE first National Conference on Christian Education of the United Church of Christ, held at Purdue University in the summer of 1958, Martin Luther King presented two notable devotional addresses. Moved by the dear and persuasive quality of his words, many of the 3000 delegates to the conference urged that the meditations be made available in book form. They wanted the book for their own libraries and they were eager to share Dr. King's vital messages with fellow Christians of other denominations. "In the resolute struggle of American Negroes to achieve complete acceptance as citizens and neighbors the author is recognized as a leader of extraordinary resourcefulness, valor, and skill. His concern for justice and brotherhood and the nonviolent methods that he advocated and uses, are based on a serious commitment to the Christian faith. "As his meditations in this book suggest, Dr. King regards meditation and action as indivisible functions of the religious life. When we think seriously in the presence of the Most High, when in sincerity we "go up to the mountain of the Lord," the sure event is that "he will teach us of his ways, and we will walk in his paths" (Isaiah 2: 3)."

nine essays in this volume offer critical studies of the range of King's public discourse as forms of sermonic rhetoric. They focus on five diverse and relative short examples from King's body of work: "Death of Evil on the Seashore," "Letter from Birmingham Jail," "I Have a Dream," "A Time to Break Silence," and "I've Been to the Mountaintop." Taken collectively, these five works span both the duration of King's career as a public advocate but also represent the broad scope of his efforts to craft and project a persuasive vision a beloved community that persists through time.

Blessed Are the Peacemakers Apr 24 2022 Martin Luther King Jr.'s "Letter from Birmingham Jail" is arguably the most important written document of the civil rights protest era and a widely read modern literary classic. Personally addressed to eight white Birmingham clergymen who sought to avoid violence by publicly discouraging King's civil rights demonstrations in Birmingham, the nationally published "Letter" captured the essence of the struggle for racial equality and provided a blistering critique of the gradualist approach to racial justice. It soon became part of American folklore, and the image of King penning his epistle from a prison cell remains among the most moving of the era. Yet as S. Jonathan Bass explains in the first comprehensive history of King's "Letter," this image and the piece's literary appeal conceal a much more complex tale.

Letters to a Birmingham Jail Nov 19 2021 Collects essays that use Dr. King's "Letter from Birmingham Jail" as their focus and encourage diversity in the pursuit of Christ.

Letter from the Birmingham Jail Sep 29 2022 Martin Luther King, Jr. rarely had time to answer his critics. But on April 16, 1963, he was confined to the Birmingham jail, serving a sentence for participating in civil rights demonstrations. "Alone for days in the dull monotony of a narrow jail cell", King pondered a letter that fellow clergymen had published urging him to drop his campaign of nonviolent resistance and to leave the battle for racial equality to the courts. In response, King drafted his most extensive and forceful written statement against social injustice - a remarkable essay that focused the world's attention on Birmingham and spurred the famous March on Washington. Bristling with the energy and resonance of his great speeches, Letter from the Birmingham Jail is both a compelling defense of nonviolent demonstration and a rallying cry for an end to social discrimination that is just as powerful today as it was more than twenty years ago.

What Jane Austen Ate and Charles Dickens Knew Nov 27 2019 A "delightful reader's companion" (The New York Times) to the great nineteenth-century British novels of Austen, Dickens, Trollope, the Brontës, and more, this lively guide clarifies the sometimes bizarre

maze of rules and customs that governed life in Victorian England. For anyone who has ever wondered whether a duke outranked an earl, when to yell "Tally Ho!" at a fox hunt, or how one landed in "debtor's prison," this book serves as an indispensable historical and literary resource. Author Daniel Pool provides countless intriguing details (did you know that the "plums" in Christmas plum pudding were actually raisins?) on the Church of England, sex, Parliament, dinner parties, country house visiting, and a host of other aspects of nineteenth-century English life—both "upstairs" and "downstairs. An illuminating glossary gives at a glance the meaning and significance of terms ranging from "ague" to "wainscoting," the specifics of the currency system, and a lively host of other details and curiosities of the day.

Letters to a Birmingham Jail Jun 26 2022 More than fifty years ago, Dr. Martin Luther King, Jr. wrote his Letter from a Birmingham Jail. Much has transpired in the half-century since, and progress has been made in the issues that were close to Dr. King's heart. Thankfully, the burning crosses, biting police dogs, and angry mobs of that day are long gone. But in their place, passivity has emerged. A passivity that must be addressed. That's the aim of Letters to a Birmingham Jail. A collection of essays written by men of various ethnicities and ages, this book encourages us to pursue Christ exalting diversity. Each contribution recognizes that only the cross and empty tomb of Christ

can bring true unity, and each notes that the gospel demands justice in all its forms. This was a truth that Dr. King fought and gave his life for, and this is a truth that these modern day "drum majors for justice" continue to beat. *Gospel of Freedom* May 26 2022 "I am in Birmingham because injustice is here," declared Martin Luther King, Jr. He had come to that city of racist terror convinced that massive protest could topple Jim Crow. But the insurgency faltered. To revive it, King made a sacrificial act on Good Friday, April 12, 1963: he was arrested. Alone in his cell, reading a newspaper, he found a statement from eight "moderate" clergymen who branded the protests extremist and "untimely." King drafted a furious rebuttal that emerged as the "Letter from Birmingham Jail"-a work that would take its place among the masterpieces of American moral argument alongside those of Thoreau and Lincoln. His insistence on the urgency of "Freedom Now" would inspire not just the marchers of Birmingham and Selma, but peaceful insurgents from Tiananmen to Tahrir Squares. Scholar Jonathan Rieder delves deeper than anyone before into the Letter-illuminating both its timeless message and its crucial position in the history of civil rights. Rieder has interviewed King's surviving colleagues, and located rare audiotapes of King speaking in the mass meetings of 1963. *Gospel of Freedom* gives us a startling perspective on the Letter and the man who wrote it: an angry prophet who chastised American whites, found

[A Testament of Hope](#) Dec 09 2020 "We've got some difficult days ahead," civil rights activist Martin Luther King, Jr., told a crowd gathered at Memphis's Clayborn Temple on April 3, 1968. "But it really doesn't matter to me now because I've been to the mountaintop. . . . And I've seen the promised land. I may not get there with you. But I want you to know tonight that we as a people will get to the promised land." These prophetic words, uttered the day before his assassination, challenged those he left behind to see that his "promised land" of racial equality became a reality; a reality to which King devoted the last twelve years of his life. These words and other are commemorated here in the only major one-volume collection of this seminal twentieth-century American prophet's writings, speeches, interviews, and autobiographical reflections. *A Testament of Hope* contains Martin Luther King, Jr.'s essential thoughts on nonviolence, social policy, integration, black nationalism, the ethics of love and hope, and more.

The Dialectical Self Oct 19 2021 Although Karl Marx and Søren Kierkegaard are both major figures in nineteenth-century Western thought, they are rarely considered in the same conversation. Marx is the great radical economic theorist, the prophet of communist revolution who famously claimed religion was the "opiate of the masses." Kierkegaard is the renowned defender of Christian piety, a forerunner of existentialism, and a critic of mass politics who challenged us to become "the single individual." But by drawing out important themes bequeathed them by their shared predecessor G. W. F. Hegel, Jamie Aroosi shows how they were engaged in parallel projects of making sense of the modern, "dialectical" self, as it realizes itself through a process of social, economic, political, and religious emancipation. In *The Dialectical Self*, Aroosi illustrates that what is traditionally viewed as opposition is actually a complementary one-sidedness, born of the fact

that Marx and Kierkegaard differently imagined the impediments to the self's appropriation of freedom. Specifically, Kierkegaard's concern with the psychological and spiritual nature of the self reflected his belief that the primary impediments to freedom reside in subjectivity, such as in our willing conformity to social norms. Conversely, Marx's concern with the sociopolitical nature of the self reflected his belief that the primary impediments to freedom reside in the objective world, such as in the exploitation of the economic system. However, according to Aroosi, each thinker represents one half of a larger picture of freedom and selfhood, because the subjective and objective impediments to freedom serve to reinforce one another. By synthesizing the writing of these two diametrically opposed figures, Aroosi demonstrates the importance of envisioning emancipation as a subjective, psychological, and spiritual process as well as an objective, sociopolitical, and economic one. *The Dialectical Self* attests to the importance and continued relevance of Marx and Kierkegaard for the modern imagination.

It considers the influences exercised on the (non)religious and spiritual

landscapes of young adults in North America by the digital age, precarious work, growing pluralism, extreme individualism, environmental crisis, advanced urbanism, expanded higher education, emerging adulthood, and a secular age. Based on extensive primary and secondary quantitative data, complemented with high-quality qualitative research, including interviews and focus groups, this book offers cross-national comparisons between the United States and Canada to highlight the impact of different social environments on the experience of religion, spirituality and secularity among the continent's most numerous generation.
