White Bodies Jan 25 2022 This chilling psychological suspense novel—think *Strangers on a Train* for the modern age—explores the dark side of love and the unbreakable ties that bind two sisters together. Felix and Tilda seem like the perfect couple: young and in love, a financier and a beautiful up-and-coming starlet. But behind their flawless façade, not everything is as it seems. Callie, Tilda’s unassuming twin, has watched her sister visibly shrink under Felix’s domineering love. She has looked on silently as Tilda stopped working, nearly

She knows about Felix’s uncontrollable rages, and has seen the bruises on the white skin of her sister’s arms. Worried about the psychological hold that Felix seems to have over Tilda, Callie joins an Internet support group for victims of abuse and their friends. However, things spiral out of control and she starts to doubt her own judgment when one of her new acquaintances is killed by an abusive man. And then suddenly Felix dies—or was he murdered? A page-turning work of suspense that announces a stunning new voice in fiction, *White Bodies* will change the way you think about obsession, love, and the violence we inflict on one another—and ourselves.

Garden of Earthly Bodies Mar 15 2021 An exquisitely eerie and unsettling speculative novel that grapples with questions of trauma,

identity, and the workings of memory Months after her sister's death, Marianne wakes up to find a growth of thick black hairs along her spine. They defy her attempts to remove them, instead proliferating, growing longer. The hairs, Marianne's doctor tells her, are a reaction to trauma, developed in the wake of the loss of her sister, Marie. Her doctor recommends that Marianne visits Nede, a modern, New Age rehabilitation center in a remote forest in Wales where the patients attend unorthodox therapy sessions and commune with nature. Yet something strange is happening to Marianne and the other patients at Nede: a metamorphosis of a kind. As the hairs on her back continue to grow, the past starts to entangle itself with the present and the borders of her consciousness threaten to disintegrate. She finds herself drawn back compulsively to the memory of Marie, obsessing over the impulse that drew her sister toward death and splintered her family apart. As Marianne's memories threaten to overwhelm her, Nede offers her release from this cycle of memory and pain—but only at a terrible price: that of identity itself. Haunting, lyrical, and introspective, *Garden of Earthly Bodies* is a startlingly accomplished and original debut about the bond between two sisters, love and its limits, and our inability to ever truly to know the minds of others.
