**Formulae for the Mariner** Nov 22 2021 This book is a compilation of all the formulae that a mariner is commonly called upon to use but the exact workings of which he has perhaps forgotten. For each subject category, the author states the basic parameters in narrative form, often including a figure, graph, chart, diagram, or table, and then provides accompanying equations and their amplifications. Although some formulae that are simpler in format are propounded in other texts, many of those formulae lead to confusion in that a special rule must be applied to them in order to obtain a correct answer. However, the rules applied to the formulae in this book work for all problems. In a great circle sailing situation, for example, the fact of whether the vertex is ahead of you or behind you does not matter—if you apply the rule(s) given in this book, you will get the correct answer. Another important feature of the book is its devotion of over ten pages of material to the international system of units (S.I.)

*Study Guide to Under the Volcano* by Malcolm Lowry Aug 20 2021 A comprehensive study guide offering in-depth explanation, essay, and test prep for Malcolm Lowry's *Under the Volcano*, ranked number 11 on the Modern Library's list of the 100 best English-language novels of the twentieth century. As a novel of the mid-twentieth century, *Under the Volcano* is an almost autobiographical tale of self-destruction inspired by Lowry's real experiences. Moreover, the text is considered one of literature's most powerful and lyrical statements on the human condition, and a brilliant portrayal of one man's constant struggle against the elemental forces that threaten to destroy him. This Bright Notes Study Guide explores the context and history of Lowry's classic work, helping students to thoroughly explore the reasons it has stood the literary test of time. Each Bright Notes Study Guide contains: - Introductions to the Author and the Work - Character Summaries - Plot Guides - Section and Chapter Overviews - Test Essay and Study Q&As The Bright Notes Study Guide series offers an in-depth tour of more than 275 classic works of literature, exploring characters, critical commentary, historical background, plots, and themes. *SCM Studyguide: Anglicanism* Aug 27 2019 The SCM Studyguide to Anglicanism offers a comprehensive introduction to the many different facets of Anglicanism. Aimed at students preparing for ministry, it presumes no prior knowledge of the subject and offers helpful overviews of Anglican history, liturgy, theology, Canon Law, mission and global Anglicanism. As well as offering updated and improved lists of further reading, this second edition brings a greater emphasis on worldwide expressions of Anglicanism, with more examples taken from Asian and African contexts, and a brand new section which considers the rise of the global communion alongside issues of inculturation and indigenisation.

**Study Guide to The Invisible Man and Other Works** by H. G. Wells Jul 19 2021 A comprehensive study guide offering in-depth explanation, essay, and test prep for selected works by H. G. Wells, whose science fiction pioneered society's ideas of the future. Titles in this study guide include *Time Machine*, *The Invisible Man*, *War of the Worlds*, and *Tono-Bungay*. As a chief literary spokesman of the liberal optimism that preceded World War I, Wells took the ideas and fears that haunted the minds of this age and gave them symbolic expression as brilliantly devised fantasy. Moreover, Wells has been called "the father of science fiction," seen through his imaginative visions and prophecies that broke Victorian thought and propriety conventions. This Bright Notes Study Guide explores the context and history of Wells' classic work, helping students to thoroughly explore the reasons they have stood the literary test of time. Each Bright Notes Study Guide contains: - Introductions to the Author and the Work - Character Summaries - Plot Guides - Section and Chapter Overviews - Test Essay and Study Q&As The Bright Notes Study Guide series offers an in-depth tour of more than 275 classic works of literature, exploring characters, critical commentary, historical background, plots, and themes. *Dr. Jekyll & Mr Hyde* Sep 08 2020 "Clearly Francis Gilbert is a gifted and charismatic teacher," Philip Pullman, author of 'Northern Lights'. Are you struggling to understand Robert Louis Stevenson's classic novel 'Dr Jekyll and Mr Hyde'? Or are you an English teacher wanting ready-made exercises and guidance to help you teach this difficult text? Do your students need support to understand the language properly and work independently on the book? This brilliant edition of Stevenson's novel may be the answer to your prayers. Written by an experienced teacher and best-selling author, this version is aimed at students who must analyse the text in depth or teachers wanting to deliver outstanding lessons on it. This book contains an annotated complete text, numerous essays on the novel, including detailed accounts of Robert Louis Stevenson's life, relevant contexts and discussion of vital themes and imagery. The complex vocabulary of the book is analysed throughout, and simple explanations of what is happening punctuate each chapter. Furthermore, there are academic explorations of the issues as well as comprehensive context and answer sections at the end of each chapter, including a "fill-in-the-blanks" summary to check understanding. At the end of the guide, there is advice on how to write successful essays and assignments. There are also plenty of pointers to help students develop their own personal responses, including thought-provoking thematic questions, links to the author's YouTube readings and explanations, and creative response tasks.

**Learn the Nautical Rules of the Road** Sep 20 2021 Collisions are expensive! Learning, understanding and remembering the International Regulations for Preventing Collisions at Sea (COLREGS) is essential for anyone venturing onto the water. Leisure boaters, as much as professional mariners, need to know the rules, and a firm understanding is required to pass many nautical exams. But with the COLREGS stretching to over 12,000 words, this is no small task. This is where Paul Boissier's excellent book comes in. Paul knows the COLREGS backwards having used them extensively in his career with the Royal Navy – from the bridges of submarines and warships which he has commanded, with each giving a rather different perspective on other shipping! He also knows the other side well with his extensive cruising experience, from his early years with his father to now, sailing his own yacht. These experiences mean that he knows and understands the COLREGS from both sides and this gives him the ability to take you through the COLREGS from a mariners' and sailors' perspective. He brings the vital, but dry, document to life, going through it not in order, but by topics which are relevant to the mariner and sailor. Paul explains the intention of each rule and how it should be applied when at sea. He includes personal anecdotes (not all favourable to him!) which make everything real and tells us how he remembers different aspects of the Regulations through mnemonics and other devices. Finally, each chapter ends with a self-test to reinforce what has been learnt – other tests are also available online on the Fernhurst Books' website. This new edition has been updated with the 2016 changes to the CLOREGS. Whether you want to increase your confidence, pass an exam, require an on-board reference, or wish to improve your understanding of the nautical rules of the road, this is the ideal book for you.

**Monkey Beach** Jun 05 2020 A young Native American woman remembers her volatile childhood as she searches for her lost brother in the Canadian wilds in an extraordinary, critically acclaimed debut novel As she races along Canada's Douglas Channel in her speedboat—heading toward the place where her younger brother Jimmy, presumed drowned, was last seen—twenty-year-old Lisamarie Hill recalls her younger days. A volatile and precocious Native girl growing up in Kitamaat, the Haisla Indian reservation located five hundred miles north of Vancouver, Lisa came of age standing with her feet firmly planted in two different worlds: the spiritual realm of the Haisla and the sobering "real" world with its dangerous temptations of violence, drugs, and despair. From her beloved grandmother, Ma-na-oo, she learned of tradition and magic; from her adopted, Elvis-loving uncle Mick, a Native rights activist on a perilous course, she learned to see clearly, to speak her mind, and never

to bow down. But the tragedies that have scarred her life and ultimately led her to these frigid waters cannot destroy her indomitable spirit, even though the ghosts that speak to her in the night warn her that the worst may be yet to come. Easily one of the most admired debut novels to appear in many a decade, Eden Robinson's *Monkey Beach* was immediately greeted with universal acclaim—called “gripping” by the San Diego Union-Tribune, “wonderful” by the Milwaukee Journal Sentinel, and “glorious” by the Globe and Mail, earning nominations for numerous literary awards before receiving the Ethel Wilson Fiction Prize. Evocative, moving, haunting, and devastatingly funny, it is an extraordinary read from a brilliant literary voice that must be heard.

**Albatross** Oct 10 2020 “At length did cross an Albatross, / Through the fog it came; / As if it had been a Christian soul, / We hailed it in God’s name.” The introduction of the albatross in Samuel Taylor Coleridge’s “The Rime of the Ancient Mariner” remains one of the most well-known references to this majestic seabird in Western culture. In *Albatross*, Graham Barwell goes beyond Coleridge to examine the role the bird plays in the lives of a wide variety of peoples and societies, from the early views of north Atlantic mariners to modern encounters by writers, artists, and filmmakers. Exploring how the bird has been celebrated in proverbs, folk stories, art, and ceremonies, Barwell shows how people marvel at the way the albatross soars through the air, covering awe-inspiring distances with little effort thanks to its impressive wingspan. He surveys the many approaches people have taken to thinking about the albatross over the past two hundred years—from those who devoted their lives to these birds to those who hunted them for food and sport—and discusses its place in the human imagination. Concluding with a reflection on the bird’s changing significance in the modern world, Barwell considers threats to its continued existence and its prospects for the future. With one hundred illustrations from nature, film, and popular culture, *Albatross* is an absorbing look at these beautiful birds.
