The Mind of a Leader Jan 13 2021 This edited collection examines the mind of leaders throughout the Bible to understand how thoughts and behaviors can support or sabotage leadership efforts. It is divided into three parts: the first part addresses thinking, influence, and communicating through the theoretical lenses of humility, metacognition, and personal well-being. Part Two addresses managing, motivating, and change through the theoretical lenses of leader-follower relationships and Lewin's change model. Finally, Part Three addresses ethics, service, and character through the theoretical lenses of participative leadership, inclusivity, resilience, and mentoring. Each chapter uses a biblical example to demonstrate the role of the mind in the effectiveness of different leaders. This volume will serve as a valuable resource to researchers interested in leadership studies, particularly those examining the biblical perspective.

**On Being a Leader for God** Apr 27 2022 Books on leadership in various aspects of life and work abound. But are the principles upon which these books are grounded biblical? Do they describe the best way for Christians to lead, knowing that they function as ambassadors for Christ as they facilitate meetings, lead people, and manage projects? *On Being a Leader for God* covers numerous topics that are relevant to Christian leadership in this and every era, including obedience, faithfulness, character, maturity, ability, God's authority, seizing opportunities, biblical images of successful leadership, listening, the difference between a boss and a leader, change management, organizational leadership, and vision. Pastors, deacons, church leaders, and laypeople will find this book both engaging and transformative.

**Biblical Servant Leadership** Nov 30 2019 This book explores the concepts from Scripture for Servant leadership and compare these findings with contemporary models of servant leadership. It is an examination of Christian leadership for the contemporary world in its global and increasing secular context. Leadership studies typically view leadership externally from the results. This is a good beginning but leadership needs to also view the inside of leadership in the person of the leader. Scripture is uniquely qualified in this area since its first concern is the person who leads not just in leadership behaviors. The author uses examples from both the Old and New Testament to establish a new shepherd model of leadership that moves beyond the servant mode to the mode of caring direction. This model will provide scholars and researchers as well as leaders themselves with a way of leading that overcomes negative forms of leadership which lead to failure.

**Religion and Contemporary Management** Jan 01 2020 Although few might think of Moses as a 'leader' in the contemporary business and political sense, Moses is not only among the most significant leaders in Western civilization but is also arguably the quintessential example of a powerful leader from whom much can be learned by anyone entering and occupying leadership positions. Various types of leadership approaches are considered that have been advocated by scholars over the past century. Moses' example as described in the Bible is analyzed to assert why Moses' approach makes for an appropriate and compelling form of leadership today. While present leadership and management vocabulary might differ from the Hebrew Bible, many of the notions advocated by modern leadership theorists appear to parallel major behaviors, traits, functions, experiences and actions ascribed to Moses, especially in the first five books of the Hebrew Bible. Anyone can view Moses through the lens of a particular religion, whether shared or not, and still learn considerably from the experience. One will find Moses depicted as heroic, charismatic, and certainly empathic. Yet, Moses also shows transactional, transformational and visionary leadership qualities. Hence, 'Religion and Contemporary Management' discerns why Moses represents such an important model of effective leadership for contemporary times.

**21 Leadership Issues in the Bible** Dec 12 2020 What's challenging your leadership? The Bible has an answer! If you're trying to influence even one person, you are a leader. And that means you're facing challenges. The more you lead, the greater the number of challenges you face. How do you solve them? Dr. John C. Maxwell has been exploring these issues and helping leaders with them for decades. Where did Maxwell, recently named the #1 leadership and management expert in the world by Inc. magazine, gain such insight into leadership? From the Bible! John asserts that the Bible is the greatest leadership book that has ever been written. In this study, John addresses twenty-one of the most common issues leaders face. Starting with internal issues such as identity, purpose, pride, and self-leadership, and moving on to others such as criticism, change, diversity, teamwork and recruiting, John shows how leaders in the Bible addressed these issues with boldness and clarity, or, conversely, how they failed to lead. Either way, the lessons are clear. You can improve your leadership for not only your own sake, but also for that of your team and those you serve. In this twenty-one lesson study, John guides you through Scriptures that reveal the challenges leaders face and the solutions available to them. Each lesson includes: **THE ISSUE DEFINED:** a brief description and introduction to the Issue **CASE STUDIES: THREE BIBLICAL STUDIES:** including leaders such as Joseph, Moses, Ruth, David, Nehemiah, Peter, Titus, and Jesus—that reveal and illustrate the Issue **STUDY QUESTIONS:** reflection and application questions to help you dig into the stories of the men and women in Scripture and learn from them **LEADERSHIP INSIGHT AND REFLECTION:** questions to help you assess and improve your own leadership skills **TAKING ACTION:** practical takeaways and direction to help you incorporate each lesson into your daily life **GROUP DISCUSSION QUESTIONS:** questions to help you learn and process the Bible study material with other like-minded people who want to grow in leadership Start with the issues where you most need help, complete the entire study as a course in problem solving, or meet with your team, using it as their next training in leadership development. *21 Leadership Issues in the Bible* can help you become a better leader in any area of your life as you seek to influence others for Christ.

The Top 10 Leadership Conversations in the Bible Oct 22 2021 The Bible is rich with leadership gold. But we haven't mined it for all it's worth. Template for Leadership Mar 03 2020 This book draws from the examples of God, that of Jesus Christ and of others like Joseph, Moses, Joshua, and Paul, who had been called into leadership, as recorded in the Bible, in order to show good leadership approaches, styles, best leadership practices, and the underlying guiding principles that today's leaders need to embrace in order to become more effective in their leadership roles. The author proves through the citation of relevant biblical passages that good leadership was initiated by God, modeled by Jesus Christ, and replicated over the ages by God's anointed leaders. In this book, the author uses the above-cited case studies to show that anyone seeking to learn about good leadership practices should look no further than the word of God because it is the manual for acceptable conduct. This book will therefore serve as a useful resource for church-related leaders and leaders in all fields of human endeavor, as well as students.

Great Leader Great Teacher Sep 20 2021 So many contemporary leadership philosophies, even within the church, are based on worldly examples of success. Calling Christian Leaders Mar 15 2021 Calling Christian Leaders : Biblical Models of Church, Gospel and Ministry

Biblical Leadership Dec 24 2021 Sorry to say, many times leadership has been totally contrary to what the Bible teaches. Many leaders are focused on what they can get from their positions of authority, rather than on what they can give to the works in which they are involved. While some view it as a tool for popularity and power, leadership is a privilege. Leadership also requires responsibility. We need biblical leaders who are people of integrity and humility. Leaders who are willing to be different. This book is for men and women who make, or desire to make, an impact on others in the Body of Christ. Your biography, like those of the servant-leaders who have affected my life, is not likely to end up in a large Christian publication, much less in the Wall Street Journal, but you do find yourself in some position of leadership. Did you get your position of leadership because you have formal training in the field? That is possible. Perhaps you became a leader in your church, your school, or your ministry because you have acquired a storehouse of experience. Chances are that experience came on the field of battle. You learned as you went. Perhaps you are where you are because no one else would volunteer for the position. Maybe you lead because you signed on and automatically became the leader, ready or not! It is obvious that you cannot be a parent, a teacher, a preacher, a Sunday school officer, a Christian school administrator, a deacon, or a youth sponsor without functioning as a leader. It comes with the package. It is part of the deal. We may be the reluctant leaders, but, whether we love it, like it, or sigh heavily, we are the leaders God has chosen to use, and God gets His work done through us! God is getting His work done with willing servants, average people who are good followers of Christ. Amazing, isn't it?

The Genesis of Leadership Jun 05 2020 The rich lessons of the Bible can be your leadership guidebook. Successful leaders don't rely solely on natural charisma and organizational authority as their tickets to success. Successful leadership is a learned art form and a developed discipline. You can master the art of leadership by examining the pitfalls and achievements of past leaders and penetrating the stories of our cultural and religious heritage. The Bible is the ultimate resource for learning by example: its stories of family relationships, political beginnings and even divine encounters provide valuable lessons about leading effectively. In this empowering guidebook, Nathan Laufer walks you through the stories at the very beginning of the Bible to examine the portraits of leadership success--and failure--they contain. He reveals the life-affirming values that the Bible uses to measure its leaders beginning in the Garden of Eden; analyzes the ups and downs in Abraham's, and later Joseph's, leadership journeys; and scrutinizes the many challenges faced by Moses--and God--in the books of Exodus and Numbers. Laufer draws out from Bible stories the lessons we can use every day--lessons not only of exemplary leadership, but also of failing to lead, leading with no direction and leading in the wrong direction or to a destructive destination. Through Laufer's interpretive lenses, these ancient stories come alive to inform and inspire our leadership today and offer us direction for the future. "Nathan Laufer helps us see the stories of the [Bible] in new ways, he turns them into universal paradigms that relate to situations we all face every day, and he distills his insights into practical and powerful guidelines. There is no algorithm for leadership, no cookbook recipe, but it is hard to imagine a leader at any level of an enterprise whose capabilities will not be enhanced by studying this book." --from the Preface by Dr. Michael Hammer
