Hungry Games Jul 13 2021 Test your cooking (and puzzle) skills with this entertaining, clever recipe book that puts your cooking knowledge to the test! Who doesn't love a good puzzle? And what sounds more satisfying than being able to eat your results afterwards? If you've ever tried cooking, you will be all too familiar with how puzzling certain recipes can be—from figuring out proper techniques to deciphering improper instructions. So why not make a game out of it? In Hungry Games, former food editor Kate Heddings embarks on a journey to turn her recipe challenges into a game of recipe rehab, testing the skills of cooks who know it all by finding mistakes intentionally inserted into each recipe. Ranging from easy to difficult, these recipes contain both cooking mistakes (time, temp, quantities) editorial mistakes (out of order ingredients, spelling mistakes, etc.), and brings some fun back to cooking. Paired with traditional food-themed crossword puzzles and word search games, Hungry Games is perfect for every avid cook or puzzle fan—and gives the phrase “playing with your food” new meaning.

**Word Searches - Conventional and Unconventional** Feb 26 2020 This book contains a variety of word search styles with various themes such as finding a hidden message or picture (it's best to use a highlighter when doing the ones with a picture), counting the instances of a given word, calculations and more. There are 63 word searches in all. Some are conventional in which the words go only up or down, across or diagonally; and some are unconventional. An example of an unconventional word search is on the front cover with the word "example" marked throughout. Aside from the unconventional style of connecting letters; some of the word searches come with fun quizzes or clues to answer before finding the words in the puzzle. Many also come with just a list of words to find like the more common older style. Hope you enjoy the uniqueness of some of the themes in this book.
