There is no denying Ms. Beverley is a master storyteller and perhaps because of this political incorrectness she delivers a powerfully fresh stage for her story." ~Tara A. Green

Eleanor accepts, determined to treat the arranged marriage with cool dignity. Then she meets Nicholas Delaney. Not only does he stir her senses, but the trouble and pain beneath his smooth exterior reaches her heart. Nicholas is indeed troubled. While serving his country by seducing secrets out of a French spy, he is persuaded to marry Eleanor to protect his family's honor. But such chivalry runs counter to his carefully wrought rogue image, and extends the life-threatening plots shadowing him to Eleanor. Come from Away Feb 23 2020 From the bestselling author of *Tides of Honour* and *Promises to Keep* comes a poignant novel about a young couple caught on opposite sides of the Second World War. In the fall of 1939, Grace Baker's three brothers, sharp and proud in their uniforms, board Canadian ships headed for a faraway war. Grace stays behind, tending to the homefront and the general store that helps keep her small Nova Scotian community running. The war, everyone says, will be over before it starts. But three years later, the fighting rages on and rumours swirl about "wolf packs" of German U-Boats lurking in the deep waters along the shores of East Jeddore, a stone's throw from Grace's window. As the harsh realities of war come closer to home, Grace buries herself in her work at the store. Then, one day, a handsome stranger ventures into the store. He claims to be a trapper come from away, and as Grace gets to know him, she becomes enamoured by his gentle smile and thoughtful ways. But after several weeks, she discovers that Rudi, her mysterious visitor, is not the lonely outsider he appears to be. He is someone else entirely—someone not to be trusted. When a shocking truth about her family forces Grace to question everything she has so strongly believed, she realizes that she and Rudi have more in common than she had thought. And if Grace is to have a chance at love, she must not only choose a side, but take a stand. *Come from Away* is a mesmerizing story of love, shifting allegiances, and second chances, set against the tumultuous years of the Second World War.

Millennials Killed the Video Star Jan 04 2021 Between 1995 and 2000, the number of music videos airing on MTV dropped by 36 percent. As an alternative to the twenty-four-hour video jukebox the channel had offered during its early years, MTV created an original cycle of scripted reality shows, including *Laguna Beach*, *The Hills*, *The City*, *Catfish*, and *Jersey Shore*, which were aimed at predominantly white youth audiences. In *Millennials Killed the Video Star* Amanda Ann Klein examines the historical, cultural, and industrial factors leading to MTV's shift away from music videos to reality programming in the early 2000s and 2010s. Drawing on interviews with industry workers from programs such as *The Real World* and *Teen Mom*, Klein demonstrates how MTV generated a coherent discourse on youth and identity by intentionally leveraging stereotypes about race, ethnicity, gender, and class. Klein explores how this production cycle, which showcased a variety of ways of being in the world, has played a role in identity construction in contemporary youth culture—ultimately shaping the ways in which Millennial audiences of the 2000s thought about, talked about, and embraced a variety of identities.

Grace (the Shackelford Sisters Book 1) Mar 06 2021 In this funny romantic series, the Shackelford sisters descend on a Regency society that don't know what's hit them.....Reverend Augustus Shackelford's mission in life (aside from ensuring the collection box was suitably full every Sunday) was to secure advantageous marriages for each of his eight daughters. A tall order, given the fact that in the Reverend's opinion they didn't possess a single ladylike bone in the eight bodies they had between them. Quite where he would find a wealthy titled gentleman bottle headed enough to take any of them on remained a mystery and indeed was likely to test even his legendary resourcefulness.Grievously wounded at the Battle of Trafalgar, Nicholas Sinclair was only recently returned to Blackmore after receiving news of his estranged father's unexpected death. After an absence of twenty years, the new Duke was well aware it was his duty to marry and produce an heir as quickly as possible. However, tormented by recurring nightmares after his horrific experiences during the battle, Nicholas had no taste to brave the ton's marriage mart in search of a docile obedient wife.Never in his wildest dreams did Reverend Shackelford envisage receiving an offer for his eldest daughter from the newly appointed Duke of Blackmore. Of course, the Reverend was well aware he was fudging it a bit in describing Grace as respectful, meek or dutiful, nevertheless, he could never have imagined that his eldest daughter's unruliness might end up ruining them all....

The History and Present State of Virginia Sep 12 2021 While in London in 1705, Robert Beverley wrote and published *The History and Present State of Virginia*, one of the earliest printed English-language histories about North America by an author born there. Like his brother-in-law William Byrd II, Beverley was a scion of Virginia's planter elite, personally ambitious and at odds with royal governors in the colony. As a native-born American--most famously claiming "I am an Indian--he provided English readers with the first thoroughgoing account of the province's past, natural history, Indians, and current politics and society. In this new edition, Susan Scott Parrish situates Beverley and his *History* in the context of the metropolitan-provincial political and cultural issues of his day and explores the many contradictions embedded in his narrative. Parrish's introduction and the accompanying annotation, along with a fresh transcription of the 1705 publication and a more comprehensive comparison of emendations in the 1722 edition, will open Beverley's *History* to new, twenty-first-century readings by students of transatlantic history, colonialism, natural science, literature, and ethnohistory.

The Trap (Trapped Prequel) Oct 13 2021 "Oh MY GOSH this book was not amazing, it wasn't great it wasn't good, it was mind blowingly insanely, awesome..." ~ B.E. Love, Goodreads Looking back, I should have seen it coming. Paige didn't like that I went so far away to university. But it was going to only be for two years. She'd join me after she did her two years at community college. I thought we could swing that no problem. We were solid. But she hated the distance. She hated not seeing me every day. She complained that I didn't come home enough. She hated that for months on end, texting and phone calls were our only form of communication. It wasn't enough. She'd ask about the girls on campus. She'd gotten it into her head that girls were always making a play for me. I laughed and told her, even if that were true, I'd never cheat on her. She didn't seem completely reassured by that. The bottom line is, Paige thought she was losing me. She wanted me home with her. But I could never imagine the level she'd sink to--the trap she'd set to make that happen. And like an idiot I walked right into it. And it's a mistake I'm going to have to pay for the rest of my life. The Psychic Life of Power Nov 02 2020 Judith Butler's new book considers the way in which psychic life is generated by the social operation of power, and how that social operation of power is concealed and fortified by the psyche that it produces. It combines social theory, philosophy, and psychoanalysis in novel ways, and offers a more sustained analysis of the theory of subject formation implicit in her previous books.

Trapped Oct 25 2022 My life has turned out to be such a cliché. And not in a good way. It's not exactly *Sixteen* and *Pregnant*, but at eighteen my only advantage is a high school diploma. And if that's not enough, the father—and I use that term loosely—couldn't have hightailed it out of my life fast enough. I thought I really knew him. Unfortunately, my boyfriend of three years transformed from Dr. Jekyll to Mr. Hyde once he realized his carefree, childless days would be coming to an end. I'm over him now though. The real love of my life is chubby, has more gum than teeth, and stands a little over two feet tall. She may not have been planned, but I've never regretted having her. She is the center of my world. A world that's turned upside

down when my ex returns ready to earn the love and trust of the child he abandoned before birth. Letting him into my daughter's life is one thing but letting him back into mine isn't going to happen. Because the biggest mistake of my life has a name, and that name is Mitchell Aaron Kingsley. [Rivers of London](#) Dec 03 2020 'Ben Aaronovitch's masterfully crafted world of magic, ghosts and gruesome crimes gives the late, great Terry Pratchett a run for his money' The Sun 'Great, great fun' Simon Mayo, Radio 2 My name is Peter Grant and until January I was just probationary constable in that mighty army for justice known to all right-thinking people as the Metropolitan Police Service (and as the Filth to everybody else). My only concerns in life were how to avoid a transfer to the Case Progression Unit - we do paperwork so real coppers don't have to - and finding a way to climb into the panties of the outrageously perky WPC Leslie May. Then one night, in pursuance of a murder inquiry, I tried to take a witness statement from someone who was dead but disturbingly voluble, and that brought me to the attention of Inspector Nightingale, the last wizard in England. Now I'm a Detective Constable and a trainee wizard, the first apprentice in fifty years, and my world has become somewhat more complicated: nests of vampires in Purley, negotiating a truce between the warring god and goddess of the Thames, and digging up graves in Covent Garden ... and there's something festering at the heart of the city I love, a malicious vengeful spirit that takes ordinary Londoners and twists them into grotesque mannequins to act out its drama of violence and despair. The spirit of riot and rebellion has awakened in the city, and it's falling to me to bring order out of chaos - or die trying.

[What is History For?](#) May 28 2020 An experienced author of history and theory presents this examination of the purpose of history at a time when recent debates have rendered the question 'what is history for?' of utmost importance. Charting the development of historical studies and examining how history has been used, this study is exceptional in its focus on the future of the subject as well as its past. It is argued that history in the twenty-first century must adopt a radical and morally therapeutic role instead of studying for 'its own sake'. Providing examples of his vision of 'history in post-modernity', Beverley Southgate focuses on the work of four major historians, including up-to-date publications: Robert A. Rosenstone's study of Americans living in nineteenth-century Japan Peter Novick's work on the Holocaust Sven Lindqvist's A History of Bombing Tzvetan Todorov's recently published work on the twentieth century. This makes compulsive reading for all students of history, cultural studies and the general reader, as notions of historical truth and the reality of the past are questioned, and it becomes vital to rethink history's function and renegotiate its uses for the postmodern age.
