The Soul After Death May 18 2021 Perhaps no other religious topic has engaged the human mind and heart so completely as the fate of the soul after death. In this spiritual and ultimately humane investigation, Fr. Seraphim Rose presents the principal beliefs of the early church fathers and then reaches beyond the Christian tradition to examine ideas drawn from The Tibetan Book of the Dead, the writings of Emmanuel Swedenborg, the "astral plane" of Theosophy, the out-of-body experiences of Robert Monroe, and the spiritual encounters of Elisabeth Kubler-Ross. This is a comprehensive treatment of a subject that touches every human heart.

Let Us Attend Apr 28 2022 Let Us Attend! A Journey Through the Orthodox Christian Liturgy is a guide to understanding the Divine Liturgy, and a vibrant reminder of the centrality of the Eucharist in living the Christian life. Every Sunday morning we are literally taken on a journey into the Kingdom of God. Fr. Lawrence guides everyday believers in a devotional and historical walk through the Orthodox liturgy. Examining the Liturgy section by section, he proves both historical explanations of how the liturgy evolved, and devotional insights aimed at helping us pray the liturgy in the way the Fathers intended. In better understanding the depth of the Liturgy's meaning and purpose, we can pray it properly. If you would like a deeper understanding of your Sunday morning experience so that you can draw closer to God, then this book is for you.

Hymns on the Nativity Oct 23 2021 Our Righteous Father Ephrem the Syrian was a prolific Syriac language hymn writer and theologian of the 4th century. He is venerated by Christians throughout the world, but especially among Syriac Christians, as a saint. His feast day in the Orthodox Church is January 28.

Irreverence and the Sacred Aug 09 2020 Irreverence and the Sacred brings together some of the most cutting edge, interdisciplinary, and international scholars working today in order to debate key issues in the critical and comparative study of religion. The project is inspired in large part by the work of Bruce Lincoln, whose influential and wide-ranging scholarship has consistently posed challenging, provocative, and often-irreverent questions that have really pushed the boundaries of the field of religious studies in important, sometimes controversial ways. Retracing the history of the discipline of religious studies, Lincoln argues that the field has tended to champion a "validating, feel-good" approach to religion, rather than posing more critical questions about religious claims to authority and their role in history, politics, and social change. A critical approach to the history of religions, he suggests, would focus on the human, temporal, and material aspects of phenomena that are claimed to have a superhuman, eternal, or transcendent status. This volume takes up Lincoln's challenge to "do better," by engaging in critical analyses of four key themes in the study of religion: myth, ritual, gender, and politics. The book also interrogates the "politics of scholarship" itself, critically examining the relations of power and material interests at work in the study as well as the practice of religion. The scholars involved in this project include not only some of the most important figures in the American study of religion--such as Wendy Doniger, Russell McCutcheon, Ivan Strenski, and Lincoln himself--but also European scholars whose work is hugely influential overseas but not as well known in the U.S.--such as Stefan Arvidsson, Claude Calame, Nicolas Meylan, and others.

The Road to Unfreedom Dec 01 2019 From the author of international bestseller On Tyranny, this prescient analysis of Russia's ongoing interference in the West is now more relevant than ever. 'One of the best...brisk, conceptually convincing account of democracy's retreat in the early years of 21st century' Guardian The past is another country, the old saying goes. The same might be said of the future. But which country? For Europeans and Americans today, the answer is Russia. In this visionary work of contemporary history, Timothy Snyder shows how Russia works within the West to destroy the West; by

supporting the far right in Europe, invading Ukraine in 2014, and waging a cyberwar during the 2016 presidential campaign and the EU referendum. Nowhere is this more obvious than in the creation of Donald Trump, an American failure deployed as a Russian weapon. But this threat presents an opportunity to better understand the pillars of our freedoms and face the choices that will determine the future: equality or oligarchy, individualism or totalitarianism, truth or lies. 'A brilliant and disturbing analysis, which should be read by anyone wishing to understand the political crisis currently engulfing the world' Yuval Noah Harari, bestselling author of Sapiens

Ordinary Wonders Oct 03 2022 The Deceitful Onion Bulb. A Blessing to Smuggle. The Conjuror of Rain. In this collection of stories as whimsical as their titles, award-winning author Olesia Nikolaeva poignantly recounts life for Christian believers in Soviet and post-Soviet Russia. In a manner reminiscent of the bestselling Everyday Saints these tales reveal a common theme - the subtle, sometimes imperceptible movement of Divine Providence at work in the lives of saints and sinners alike. Her writings bring us to what the ancient Celts called "thin places" where the boundaries of heaven and earth meet and the sacred and the secular can no longer be distinguished.

The Inner Kingdom Jan 26 2022 This work is a revised and expanded version of a book that has appeared in several languages. It focuses on themes central to Eastern Christian worship and spiritual life. The first three chapters provide insights on death, bereavement and resurrection in Christ; and repentance. Chapters four and five invite the reader into the world of desert ascetics and hesychast monks. Combining scholarly rigor with practical counsels on prayer, Bishop Ware makes the wealth of this traditional accessible to today's Christians. The next three chapters concern personal vocation, martyrdom, spiritual fatherhood and the strange path of the fool for Christ's sake. There follows brief essays on the theology of time and the spiritual purposes of higher education. The final chapters is a challenging discussion of Origen and SS Gregory of Nyssa, Isaac the Syrian and Silouan the Athonite, and in conversation with them asks, dare we hope for the salvation of all.

The Faces of Contemporary Russian Nationalism Mar 28 2022 In contrast to the substantial output of Western works on the revival of nationalism among the non-Russians in the USSR, the critical phenomenon of Russian nationalism has been little studied in the West. Here John B. Dunlop measures the strength and political viability of a movement that has been steadily growing since the mid-1960s and that may well eventually become the ruling ideology of the state. Professor Dunlop's comprehensive discussion depicts for the Western reader the gamut of Russian nationalism from Solzhenitsyn to the vehement National Bolsheviks. Originally published in 1984. Saint Silouan, the Athonite Jun 06 2020 Part I is a remarkable account of St Silouan's life, personality and teaching. Part II consists of St Silouan's writings, which he had laboriously penciled on odd scraps of paper, expressing an authentic personal experience of Christianity identical with that of the early Desert Fathers.

Mikhail Sholokhov and His Art Aug 21 2021 Treating Sholokhov's art and life against the Soviet political background, the author considers the episodes in his life that influenced his writing and then shows how one-sided commitment to party ideology led to his creative deterioration. Nikolai Gumilev's Africa Jun 18 2021 Gumilev holds a unique position in the history of Russian poetry as a result of his profound involvement with Africa. He extensively wrote both poetry and prose on the culture of the continent in general and on Ethiopia (Abyssinia, as it was called in Gumilev's time) in particular. During his abbreviated lifetime Gumilev made four trips to Northern and Eastern Africa, the most extensive of which was a 1913 expedition to Abyssinia undertaken on assignment from the St. Petersburg Imperial Museum of Anthropology and Ethnography. During that trip Gumilev collected Ethiopian folklore and ethnographic objects, which, upon his return to St. Petersburg, he deposited at the Museum. He and his assistant Nikolai Sverchkov also made more than 200 photographs that offer a unique picture of the African country in the early part of the century. This volume collects all of Gumilev's poetry and prose written about Africa for the first time as well as a number of the photographs that he and Nikolai Sverchkov took during their trip that give a fascinating view of that part of the world in the early twentieth century. Translated by Slava I. Yastremski, Michael M. Naydan, and Maria Badanova.

Believing in Russia Jul 20 2021 As unease mounts over Russia's direction under Presidents Putin and Medvedev, how free are her faith communities? Drawing upon hundreds of interviews with religious and state representatives across Russia, this book explores religious policy as both a gauge of Kremlin commitment to democratic values and a reflection of national identity.

God's Revelation to the Human Heart Aug 28 2019 What does man seek in religion, and what should he seek in it? How does God reveal Himself in order to bring man to a knowledge of the Truth? How does suffering

help this revelation to occur? These and other questions were discussed by Fr. Seraphim Rose, an Orthodox Christian monk from the mountains of northern California, during a lecture he gave at the University of California, Santa Cruz, in 1981. The contents of this lecture comprise God's Revelation to the Human Heart. Drawing from a variety of sources -- the Holy Scriptures, patristic writings, the lives of both ancient and modern saints, and accounts of persecuted Christians behind the Iron Curtain -- Fr. Seraphim goes to the core of all Christian life: the conversion of the heart of man, which causes it to bum with love for Christ and transforms one into a new being.

Aristocrats and Servitors Nov 23 2021 Robert O. Crummev uses the methods of collective biography to provide the first modern study of the elite group that dominated Russian government and society in the seventeenth century--the members of the Boyar Duma or royal council between 1613 and 1689. This book examines their careers in governmental service, their position in networks of family relationships and factional groupings, their values and attitudes, and their economic activities. Hagiography and Modern Russian Literature May 30 2022 The heritage of medieval hagiography, the diverse and voluminous literature devoted to saints, was much more important in nineteenth-century Russia than is often recognized. Although scholars have treated examples of the influence of hagiographic writing on a few prominent Russian writers, Margaret Ziolkowski is the first to describe the vast extent of its impact. Some of the authors she discusses are Kondratii Ryleev, Aleksandr Bestuzhev-Marlinskii, Fedor Dostoevsky, Leo Tolstoy, Nikolai Leskov, Gleb Uspenskii, Dmitrii Merezhkovskii, and Maksimilian Voloshin. Such writers were often exposed to saints' lives at an early age, and these stories left a deep impression to be dealt with later, whether favorably or otherwise. Professor Ziolkowski identifies and analyzes the most common usages of hagiographic material by Russian writers, as well as the variety of purposes that inspired this exploitation of their cultural past. Tolstoy, for instance, employed hagiographic sources to attack the organized church and the institution of monasticism. Individual chapters treat the influence of hagiography on the poetry of the Decembrists, reworkings of specific hagiographic legends or tales, and the application of hagiographic conventions and features to contemporary characters and situations. Inside the Mind of Vladimir Putin Apr 04 2020 The Russian president's landmark speeches, interviews and policies borrow heavily from great Russian thinkers past and present, from Peter the Great to Dostoevsky and Solzhenitsyn. They offer powerful visions of strong leaders and the Russian nation: they value conservatism and the Slavic spirit. They root morality in Orthodoxy, and Russian identity in the historic struggle with the West. Today, Putin manages and manipulates those same ideas in his 'defense' of 130 million ethnic Russians against the world. With the annexation of Crimea, the war in Syria and shock election results across the West, the challenge of decrypting his worldview has become more pressing than ever. From a Eurasian Union to a new Russian Empire, this is a revealing tour of Kremlin doctrine and strategy, viewed through its philosophical roots.

The Philokalia Jun 26 2019 The Philokalia is a collection of texts written between the fourth and the fifteenth centuries by spiritual masters of the Orthodox Christian tradition. First published in Greek in 1782, translated into Slavonic and later into Russian, The Philokalia has exercised an influence far greater than that of any book other than the Bible in the recent history of the Orthodox Church. It is concerned with themes of universal importance: how man may develop his inner powers and awake from illusion; how he may overcome fragmentation and achieve spiritual wholeness; how he may attain the life of contemplative stillness and union with God. Only a selection of texts from The Philokalia has been

available hitherto in English. The present rendering, which is a completely new translation, is designed to appear in five volumes. The first of these was published by Faber & Faber in 1979. The second volume consists mainly of writings from the seventh century, in particular by St Maximus the Confessor, the greater part of which has never before been translated into English. As in the first volume, the editors have provided introductory notes to each of the writers, a glossary of key terms, and a detailed index.

The Politicization of Russian Orthodoxy Jul 28 2019 This book analyzes the ideologies of politicized Orthodox Christianity in today Russia including fundamentalism, pan-Slavism, neo-Eurasianism, Orthodox communism and nationalism. Apart from textual analysis, the volume provides a description of the specific subculture of political Orthodoxy, i.e. its language, symbols, art, mass media, hangouts and dresscode. This study represents the first scholarly examination of these topics. Unlike other publications on the politicization of Orthodoxy, it is focused not on the political ambitions of the Russian Orthodox Church (ROC), but on political movements ideologically based on their own interpretations of the Orthodox doctrine, often contravening the canonical version. The book demonstrates that the "political Orthodox" or "Orthodox patriots" are a specific branch of believers who frequently do not practice Orthodoxy properly, inventing, instead, their own quasi-Orthodox rituals. The volume shows that the ROC is not responsible for such religious politicization and that the community of the political Orthodox is rather guided by religiously oriented lay intellectuals. The book provides a brief analysis of this intellectual community. Finally, the volume demonstrates that, even in the absence of significant electoral achievements, some religio-political Orthodox movements—namely, fundamentalists and nationalists—have been able to gain public support at the grassroots level. They have been able to infiltrate larger and more moderate political organizations thus contributing to a general "Orthodoxization" of Russian political discourse.

Holy Rus' Apr 16 2021 A fascinating, vivid, and on-the-ground account of Russian Orthodoxy's resurgence A bold experiment is taking place in Russia. After a century of being scarred by militant, atheistic communism, the Orthodox Church has become Russia's largest and most significant nongovernmental organization. As it has returned to life, it has pursued a vision of reclaiming Holy Rus': that historical yet mythical homeland of the eastern Slavic peoples; a foretaste of the perfect justice, peace, harmony, and beauty for which religious believers long; and the glimpse of heaven on earth that persuaded Prince Vladimir to accept Orthodox baptism in Crimea in A.D. 988. Through groundbreaking initiatives in religious education, social ministry, historical commemoration, and parish life, the Orthodox Church is seeking to shape a new, post-communist national identity for Russia. In this eye-opening and evocative book, John Burgess examines Russian Orthodoxy's resurgence from a grassroots level, providing Western readers with an enlightening, inside look at the new Russia.

Everywhere Present May 06 2020 Most Christians living in a secular society have unwittingly relegated God and all things spiritual to the "second storey" of the universe: a realm we cannot reach except through death. The effect of this is to banish God, along with the saints and angels, from our everyday lives. Fr. Stephen Freeman makes a compelling case for becoming aware of God's living and active presence in every moment of our lives here and now. Learning to practice your Christian faith in a one-storey universe will change your life--and make possible the living, intimate relationship with God you've always dreamed of.

The Ethics of Beauty Feb 01 2020 Chaste and ardent eros for the Beautiful is the first task of human life, and falling in love with Beauty is the beginning of every adventure that matters...The original task of Ethics was to guide us to the most just and meaningful life possible. Today, ethicists define their discipline more narrowly as "the rational investigation of morality." This reduces Ethics to an examination of the Good by the True, tacitly suppressing the deep human need for the Beautiful. In *The Ethics of Beauty*, Orthodox Christian theologian Timothy Patitsas first considers Beauty's opposite, the dark events that traumatize victims of war and other ugly circumstances, and then invites us to rediscover the older Beauty-first approach to moral reasoning and the integrity of the soul. Covering topics ranging from creation to political theory to the Jesus Prayer, including war, psychology, trauma, chastity, healthy shame, gender, marriage, hospitality, art, architecture, theology, economics, urban planning, and complexity theory, *The Ethics of Beauty* lays out a worldview in which Beauty, Goodness, and Truth are recognized as indispensable elements of the best possible human life.

Writings from the Philokalia Sep 09 2020 The Philokalia is an important collection of writings by Fathers of the Eastern Church dating from the fourth to the fourteenth century. It exists in three versions: the Greek, compiled in the eighteenth century; the Slavonic; and the Russian. The Russian text, translated by Bishop Theophan the Recluse in the nineteenth century, and consisting of five volumes (with which a sixth is sometimes associated), is the most complete of all three versions. It is the Russian text that has been used in translating into English this selection, which presents a range of Philokalia writings concerning the Jesus Prayer.

Ukraine and Russia Oct 30 2019 The dangerous turmoil provoked by the breakdown in Russo-Ukrainian relations in recent years has escalated into a crisis that now afflicts both European and global affairs. Few so far have looked at the crisis from the point of view of Russo-Ukrainian relations, a gap this edited collection seeks to address.

The contents include many texts traditionally printed in Orthodox Psalters and not easily found in English. With psalms and biblical canticles adapted from the classic Coverdale translation of the Book of Psalms and the King James Version of the Bible, this record has been carefully edited to agree with the original Greek of the Septuagint as well as with the Latin and Slavonic church translations.

Strengthen your Soul Aug 01 2022 You always deserve your self-worth. And you deserve it because you are a creature of God, His creation. Because God loves you and the whole heaven watches over you, takes care of you and gives you importance. Even if no one calls you on the phone for a whole day, even if no one speaks to you, there is a tremendous power inside you. You have value and personality. You are a unique being and there is no one like you anywhere on earth. No one is like you, no one has your traits, your gifts and talents, but on the other hand, no one has your problems, your peculiarities and your character in general. You are who you are and you have your own value. Jesus loves you and gives you importance. He wants to strengthen you. How can this be done? With all the ups and downs. One moment you feel that you have Christ and the next you feel you are losing Him. He comes and goes. This is exactly what His disciples felt after the Resurrection, when, desperate and lost in their thoughts, they were walking towards Emmaus. As soon as they had just started feeling their heart aflame for Him, He had shared the bread with them, but as soon as they had started understanding the Lord, He once more went away from them. Why? To make them stronger. He only left a sweet sensation in their soul, warmth, faith and power. To make them believe, to touch and to feel the invisible as present. To make them feel that they hold the One who goes away but leaves behind Him His fragrance, His sweetness, His zeal and the yearning for Him. Christ wants us to love Him, but without having the feeling of certainty that we hold Him. He does not want to give us certainty, but leaves us suspended where we can experience the most exciting flights; make the most beautiful patterns in the sky of His love, and in the sea of life where we are swimming in its waves. You may think that you don't know where you are going in this vast ocean. Then He tells you: -"Let the wind carry you away", -"But I have no compass. I feel I have nothing", -"Just give in and something good will come out of it". The proceeds from the sale of this book will be donated for the completion of the Church of "Panagia Galaxa, Thalassokratousa".
