Fearless Creating Dec 23 2019 For writers, painters, or performers in any field, new hope for overcoming creative blocks and finishing the art of their dreams. The blank page, empty canvas, or uncarved stone will often fill artists with dread. But so may the thought of finishing, showing, or even selling their work. It is in this "artistic anxiety" that creative blocks begin. With an understanding that could only be gained through years of experience in counseling artists, writers, and performers, Eric Maisel, Ph.D. discusses each stage of creation-wishing, choosing, starting, working, completing, selling--and the anxieties particular to each. He then shows how these inhibiting tensions can be turned to artistic advantages, how truth and beauty arrive in the work of art precisely because, and only when, anxiety has been understood, embraced, and resolved. Fearless Creating guides the reader, whether an experienced artist or someone just starting out, past the pitfalls that appear in each stage of the process. By following Dr. Maisel's exercises related both to the world at hand and the ongoing struggles of artistic life, readers will emerge from this book with a completed work of art and a new perspective on their potential to be a fearless creator.

Motherhood ? Is It for Me? Jul 10 2021 "Deciding yes or not to motherhood can be fraught with confusion, pain, and loneliness. Many a woman is undecided about arguably the most important life-defining decision she'll make in her lifetime. With the 'Motherhood -- Is it for me?' program, the authors of this book, both dedicated and seasoned psychotherapists, created a process that has helped countless women over the last 25 years. Finally available in print, this program is the perfect resource for closely examining ambivalence around this crucial life choice. Through precise steps, readers are guided on their own personal journeys toward deeper understanding and learn what they really want. The process even allows a woman who is experiencing extremely painful immobilization to find her way through to her true desire. The authors know from their professional experience that an analytical pros-and-cons approach often fails to successfully answer this most personal question. Interspersed throughout this book are twenty diverse stories of women who made conscious choices, half deciding yes and half deciding no. Their stories -- and sometimes advice -- create a valuable community that provides support to every reader, breaking the isolation they may feel."--Book cover.

The Artist's Garden in Oils: 18 Step by Step Guides Sep 12 2021 Oil paint step by step floral art, crockery and other interesting subject matter from the garden. Can a typical garden provide inspiration for oil painting? Look hard and such a haven may yield more than one may first expect. Every garden is unique in character and has something to offer: lawns, greenhouses, pots, hedges, pets, flowers, patios, trellises, sheds, children, tools, vegetables, deckchairs, furniture, trees, swings, hanging-baskets, urns, bird tables, fishponds and sunlight. Taken from my art instruction book, *Oil paintings from your Garden* (and which some images appear in my other *Oil Painting Medic* books), 18 oil painting demonstrations featuring such aforementioned subject matter can be found within. This book is divided into clear sections according to theme: shadows, nonorganic, harvest and flora. A preparatory section near the back of this book offers advice on oil painting materials and how to prepare the art surface for painting. All demonstrations have been completed with a mere 10 oil colours, 6 brush types, artboards and a few additional household materials. This section can be previewed within my other art book, *Landscape Painting in Oils - 20 Step by Step Guides*, as it is located at the front. Each demonstration is keyed according to 4 levels of difficulty. If the painting does not go to plan, a troubleshooting section at the back of this book can be referred to along with a glossary. Each project within the demonstration section of this book is clearly set out. You will find: An image of the finished painting, (which can be used as a visual resource during the demo). An accompanying challenge. Between 7 and 9 step by step

images of how the painting was completed. A list of the oil painting materials used for the project. Corresponding instructions to each image-in-progress on how the painting was done. Tips along the way. Various oil painting techniques are explored, including scumbling, glazing, impasto and palette knife application. The aim of this book is to encourage a new way of viewing the garden. With mobile objects, the shifting light and seasons, compositions in one's back yard are waiting to be discovered. My other oil painting demonstration book, Landscape Paintings in Oil - 20 Step by Step Guides similarly provides step by step guides. Dimensions of large edition: 10x8in and 78 pages.
