English as a Medium of Instruction in Postcolonial Contexts Jul 08 2020 Almost all low- and middle-income postcolonial countries now use English or another dominant language as the medium of instruction for some, if not all, of the basic education cycle. Much of the literature about language-in-education in such countries has focused on the instrumentalist value of English, on one side, and the rights of learners to high quality mother tongue-based education, on the other. The polarised nature of the debate has tended to leave issues related to the processes of learning in English as a Medium Instruction (EMI) classrooms under-researched. This book aims to provide a greater understanding of the existing challenges for learners and educators and potential strategies that can support more effective teaching and learning in EMI classrooms. Contributions illustrate the impact that learning in English has on learners in a range of regional, national and local contexts and put forward theoretical and empirical analyses to support more relevant and inclusive educational policies. This volume was originally published as a special issue of *Comparative Education*.

Rehousing Urban America Jun 06 2020

Elmer Again Mar 04 2020 This classic Elmer story is now available as a colourful book and CD pack!

Cardinal Basil Hume May 18 2021 This addition to Hodder's 'In My Own Words' series is a tribute to this remarkable man who always focused on his God, never on himself, and who has left a legacy of serenity and joy as a model for life as a Christian.

Manufacturing Facilities Design and Material Handling May 30 2022 This project-oriented facilities design and material handling reference explores the techniques and procedures for developing an efficient facility layout, and introduces some of the state-of-the-art tools involved, such as computer simulation. A "how-to," systematic, and methodical approach leads readers through the collection, analysis and development of information to produce a quality functional plant layout. Lean manufacturing; work cells and group technology; time standards; the concepts behind calculating machine and personnel requirements, balancing assembly lines, and leveling workloads in manufacturing cells; automatic identification and data collection; and ergonomics. For facilities planners, plant layout, and industrial engineer professionals who are involved in facilities planning and design.

Atlas of CT Angiography Dec 25 2021 This atlas presents normal and pathologic findings observed on CT angiography with 3D reconstruction in a diverse range of clinical applications, including the imaging of cerebral, carotid, thoracic, coronary, abdominal and peripheral vessels. The superb illustrations display the excellent anatomic detail obtained with CT angiography and depict the precise location of affected structures and lesion severity. Careful comparisons between normal imaging features and pathologic appearances will assist the reader in image interpretation and treatment planning and the described cases include some very rare pathologies. In addition, the technical principles of the modality are clearly explained and guidance provided on imaging protocols. This atlas will be of value both to those in training and to more experienced practitioners within not only radiology but also cardiovascular surgery, neurosurgery, cardiology and neurology.

The Russian Play and Other Short Works Aug 09 2020 In *Choosing Presidents*, Novak uses the election of an American president as a means to dissect the symbols of our national life and politics, exposing many as distorted perceptions of American realities. This work is a guide to the complexities of electoral politics and a lasting contribution to our understanding of the presidency. The author is Michael Novak.

Train Sep 02 2022 This glorious visual celebration of train travel keeps you on the right track with stop-offs at the most important and incredible rail routes from all over the world. Your first stop in *The Train Book* is the groundbreaking steam locomotives of the 19th century and your final destination is the high-speed bullet trains of today. From the Union-Pacific Railroad to the Trans-Siberian Railway, you'll cross the continents to experience epic journeys and staggering scenery. You'll pick a seat on the most iconic locomotives, including the Orient Express, the Blue Train, and the Eurostar. You can also inspect the engines of famous British trains, such as Rocket, Mallard, and Javelin, and international trains, such as India's Palace on Wheels and America's Thatcher Perkins. You'll meet the true pioneers of train and track, including "Father of the Railways" George Stephenson, engineering legend Isambard Kingdom Brunel, and Métro maestro Fulgence Bienvenüe. For train-spotters and transport enthusiasts everywhere, this is your trip of a lifetime.

Yvain Nov 11 2020 A twelfth-century poem by the creator of the Arthurian romance describes the courageous exploits and triumphs of a brave lord who tries to win back his deserted wife's love

St. James Encyclopedia of Popular Culture Sep 09 2020 *The St. James Encyclopedia of Popular Culture*, 2nd ed., updates and augments the over ten-year-old first edition. It includes 3,036 signed essays (300 of them new), alphabetically arranged, and written or reviewed by subject experts and edited to form a consistent, readable, and straightforward reference. The entries cover topics and persons in major areas of popular culture: film; music; print culture; social life; sports; television and radio; and art and performance (which include theater, dance, stand-up comedy, and other live performance). The entries analyze each topic or person's significance in and relevance to American popular culture; in addition to basic factual information, readers will gain perspective on the cultural context in which the topic or person has importance.

Truth Is a Woman Feb 12 2021 *Truth Is a Woman* is a poetry collection by Loren Jakobov written in response to her friends tragic death in 2015 as a victim of rape and murder. The poems discuss the World from the eyes of a woman, the pain and the beauty that lies therein.

Sissy Dreams: From Boyfriend to Girlfriend Jan 26 2022 Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Amnesty International Report 2008 Apr 28 2022 This annual report documents human rights abuses by governments and armed opposition groups in 150 countries across the world. It provides an invaluable reference guide to international human rights developments.

Poultry Troubles Apr 16 2021

Years of the Elephant Jul 20 2021 'Madame...Sir...May we come in?' This was the prelude to some dreadful news in the Germonprez household. No parent should ever have to bury a child, especially not after a suicide. The chalk outline on the pavement is a constant reminder - even when it is no longer there. Linthout draws an almost tangible pain with his immediate, rudimentary art and strong script - combined with his own personal experience.

Why Cope When You Can Heal? Jun 30 2022 *Why Cope When You Can Heal?* is an essential resource for doctors, nurses, paramedics, and other healthcare professionals—and the leaders who support them—as they navigate the traumatic stress they have experienced and continue to face. COVID-19 has traumatized the world—and no group has been more impacted than frontline healthcare workers. They've worked without adequate personal protective equipment (PPE), witnessed mass death, and been forced to make choices that haunt them. Many have fallen ill, while others have worried endlessly about their own health and that of their loved ones. Additionally, all of this is happening in the context of a divided nation, a struggling industry, and a "just get over it" culture that exacerbates the problems healthcare workers face, while minimizing their suffering. These factors have created the perfect storm for widespread stress, depression, anxiety, and hopelessness—and, increasingly, posttraumatic stress disorder (PTSD). Medical doctor and psychiatrist Mark Goulston shares practical, evidence-based techniques and treatments for managing traumatic stress that will fill you with hope and inspiration. In *Why Cope When You Can Heal?*, you will discover: real-world accounts and experiences from frontline workers; an overview of treatment options; and exercises, tools, and tips that you can use today. This guide will help you—and those you love and support in the COVID-19 battle—begin the process of healing from the inside out and reconnect with the joys and rewards of career and life.

The First Book of the Great Musicians (Yesterday's Classics) Apr 04 2020 A delightful introduction to the major composers that takes readers on a journey of discovery and leaves them eager to learn more. In this first book, the reader comes to know Purcell, Handel, Bach, Haydn, Mozart, Beethoven, Schumann, Chopin, Greg, Elgar, and McDowell, first through stories of their childhood and then through representative pieces of their music, selected for appeal on first hearing. Chapters on Counterpoint, Fugues, Sonatas, Symphonies, and Orchestras appear at just the right point in the narrative.

Dont Spend Money For Generating Leads Oct 23 2021 This book talks about 14 different ways to generate leads without spending any money. In my 10 years as an Entrepreneur, I have used all these 14 ways to generate leads for myself. I believe it will be useful for you as well. All these 14 principles will be directly useful for Entrepreneurs and Sales executives who are in B2B (Business to Business) segment. For people who are in B2C (Business to Consumer) segment, some of the 14 ways will be directly applicable and other lead generations ways may be useful for bulk deals. You don't need to follow all 14 ways to generate leads, you can choose ways which are aligning to your natural strengths and if you focus on that and follow it day in and day out, it will bring big difference to your business.

Annie's Ghosts Sep 21 2021 *The Great Michigan Read 2013-14 Michigan Notable Book for 2010* A Washington Post Book World's "Best Books of 2009," *Memoir* Beth Luxenberg was an only child. Or so everyone thought. Six months after Beth's death, her secret emerged. It had a name: Annie. Steve Luxenberg's mother always told people she was an only child. It was a fact that he'd grown up with, along with the information that some of his relatives were Holocaust survivors. However, when his mother was dying, she casually mentioned that she had had a sister she'd barely known, who early in life had been put into a mental institution. Luxenberg began his researches after his mother's death, discovering the startling fact that his mother had grown up in the same house with this sister, Annie, until her parents sent Annie away to the local psychiatric hospital at the age of 23. Annie would spend the rest of her life shut away in a mental institution, while the family erased any hints that she had ever existed. Through interviews and investigative journalism, Luxenberg teases out her story from the web of shame and half-truths that had hidden it. He also explores the social history of institutions such as Eloise in Detroit, where Annie lived, and the fact that in this era (the 40s and 50s), locking up a troubled relative who suffered from depression or other treatable problems was much more common than anyone realizes today.
