[A TEXTBOOK OF ENGINEERING CHEMISTRY](#) Feb 07 2021 Any good text book, particularly that in the fast changing fields such as engineering & technology, is not only expected to cater to the current curricular requirements of various institutions but also should provide a glimpse towards the latest developments in the concerned subject and the relevant disciplines. It should guide the periodic review and updating of the curriculum.

[Learners' Experiences of Immersion Education](#) Jun 11 2021 This text follows the progress of two groups of learners in late immersion programmes. It adds to the literature on such programmes by its emphasis on the processes of learning in such programmes. Another aim of the book is to extend knowledge of learning processes in character-based languages.

[The First Chemistry Department in Port Elizabeth](#) Aug 01 2020 The first Chemistry Department in Port Elizabeth was founded in 1929 at the PE Technical College in Russell Road. This institution was later renamed the College for Advanced Technical Education (CATE) and still later it became the PE Technikon, when it moved to its Summerstrand Campus. This is the story of this Chemistry Department over 75 years, until 2005, when the Technikon became part of the newly established Nelson Mandela Metropolitan University. Archive material was used to compile the story of the various Heads of Department and their staff, who contributed so much in making this Department so successful

[Fluid Mechanics and Fluid Power](#) Apr 21 2022 This book comprises select proceedings of the 46th National Conference on Fluid Mechanics and Fluid Power (FMFP 2019). The contents of this book focus on aerodynamics and flow control, computational fluid dynamics, fluid structure interaction, noise and aero-acoustics, unsteady and pulsating flows, vortex dynamics, nuclear thermal hydraulics, heat transfer in nanofluids, etc. This book serves as a useful reference beneficial to researchers, academicians and students interested in the broad field of mechanics. ^

[Principles of Electrical Machines](#) Oct 03 2020 For over 15 years "Principles of Electrical Machines" is an ideal text for

students who look to gain a current and clear understanding of the subject as all theories and concepts are explained with lucidity and clarity. Succinctly divided in 14 chapters, the book delves into important concepts of the subject which include Armature Reaction and Commutation, Single-phase Motors, Three-phase Induction motors, Synchronous Motors, Transformers and Alternators with the help of numerous figures and supporting chapter-end questions for retention.

ENGINEERING CHEMISTRY-II (BASIC CHEMISTRY) Aug 13 2021 This book aims at providing a complete coverage of the needs of First Year students as per S.B.T.E's. revised syllabus. The entire revised syllabus has been covered keeping in view the non-availability of the complete subject matter through a single source. The difficult articles have been explained in a simple language providing, wherever necessary, neat and well explained diagrams so that even an average student may be able to follow it independently. A sufficient number of solved examples and problems with answers and SBTE questions are given at the end of each topic. Formulae specifying symbol meaning are enlisted before solving the examples.

COMMUNICATION SKILLS -- II Feb 19 2022 Communication skills are therefore essential for the successful future career of a student. In today's competitive world, communication skills in business are the most sought after quality of an educated person. Reading, writing and listening carefully are the three most important communication skills for students. It thus gives me immense pleasure in bringing out the first edition of this book as per the new syllabus effective from June 2017. Great care has been taken to cover the whole syllabus concerning different aspects of Communication Skills - II as prescribed in the new curricular syllabus for Jharkhand.

Advances in Operations Research Education Aug 21 2019 This edited monograph contains a comprehensive overview of educational developments in the fields of operations research (OR) and management science (MS). The book outlines key factors in OR/MS curricular programs and analyses different approaches regarding student enrollment and failure rates. The approach is genuinely international, whereas the focus lies on the European level. The target audience primarily comprises public policy planners in education, deans and school directors as well as program coordinators.

Hearings Sep 21 2019

OUTCOME-BASED CURRICULUM IN ENGINEERING EDUCATION Jul 20 2019 Engineering Education has emerged as a fast developing 'discipline' in itself with universities across the world opening up exclusive 'Departments of Engineering Education' which is also impacting the socio-economic system in India. Most of the engineering institutions in India are part of the 'hub-and-spoke' university education system unique to India. Scientifically developing the 'Outcome-based Curriculum' (OBC) uniformly across India has been a daunting task, due to the dearth of an authentic book on OBC addressing the need of the Indian Engineering Education System. This being the first book of its kind in India and with OBC serving as the 'Constitution' of 'Outcome-based Education' (OBE), it will go a long way to address this need. The unique feature of this book is that it is replete with examples to explain the various concepts of planning, designing and implementing the OBC in

engineering institutions. Different aspects of Outcome-based Teaching Learning (OBTL) and Outcome-based Assessment (OBA) are also discussed vividly. Apart from the examples weaved into the lucidly written seven chapters, additional examples and important formats are provided in the 'Annexures'; another unique feature of this book. Every engineering UG, PG, or Diploma teacher would be happy to possess a personal copy of this book for 24x7 access which will help to clear their doubts as it arises then and there. TARGET AUDIENCE □ Technical Instruction □ Technical Teacher Trainers □ Curriculum Specialists/Instructional Designers □ Education Policy Makers What the reviewers' say "The technical education has to adopt Outcome-Based Curriculum and there was a dire need of authentic literature which would serve as a base document for scientifically developing OBC. The book reflects the expertise of both the authors who have more than 30 years of experience in industry and academics in designing and implementing different variants of OBC for various technical education programmes. Such a book will serve as a reference for future generations to avoid 're-inventing the wheel again and again.' □Dr. M.P. Poonia, Vice-Chairman, AICTE "National Institute of Technical Teacher Training and Research (NITTTR) Bhopal has been spearheading different forms of OBC for the last five decades in which the authors have contributed substantially. Care has been taken such that this book will not only benefit the Indian engineering education system, but also the engineering teaching fraternity at the international context." □Dr. C. Thangaraj, Director, NITTTR Bhopal

CBS CONFIDENT PHARMACY SERIES PHARMACEUTICAL CHEMISTRY I Oct 27 2022

A text book of Pharmaceutical inorganic chemistry for 1st year B.Pharm.1st semester. Jun 30 2020 Pharmaceutical inorganic chemistry book is very much useful for 1st semester of 1st B.pharm.and also for 1st year D.pharm and 1st year Pharm. D. students. In this book preparation, description, test for identity , assay, storage and doses of all important pharmaceutical inorganic compounds has been discussed in simple manner by keeping reference of latest I.P. monograph according to present PCI syllabus. This book also provides latest information regarding sources of impurities and process to evaluate impurities present in pharmaceuticals alongwith physical and chemical properties and uses.

President's Report for ... Oct 15 2021

Pharmaceutics Sep 14 2021 The third edition of the now popular and successful book includes Board Question Papers 2010 to 2017. The book is written, presented and published to meet the requirements of students of diploma in pharmacy. Written in a lucid and simple language, it attempts to demystify and simplify the basic concepts for the students of pharmacy for proper understanding of the subject and to get a sure success in the state board examinations.

Bank PO Solved Papers Reasoning 2020 Jun 18 2019 IBPS is one of the major bodies of Banking Sector which is responsible for its fair and transparent selection of candidates into its participating banks through multiple online-based tests. It has recently released its employment notification for the post of Probationary Officers (PO) and Management Trainees (MT) which will occur in three stages □ Prelims and Mains followed by a Common Interview. The current edition of □20 Years□ (2009 □ 2000) Chapterwise Solved Papers Bank PO Reasoning□ has been carefully revised for the candidates who are preparing for the banking exams like IBPS PO, SBI PO, Nationalised Bank PO, and more. This practice book provides the ample amount of solved papers arranged in 20 Chapters with more than 5000 Objective questions for the conceptual clarity. Each chapter is incorporated with highly useful study material and gives detailed explanations of all questions. It also include Practice Sets and 3 Solved Papers that helps to solidify the practice and track level progress and help them to know the stringer and weaker areas of the aspirants. Bringing complete study resources for various Bank PO exams at one place for the convenience of aspirants, this book is also useful for RBI Grade I, RRB Scale I, Insurance Sector and other exams. TABLE OF CONTENTS. Analogy, Series, Classification, Alphabet Test, Number and Time Sequence Test, Coding- Decoding, Sitting Arrangement, Inequality, Blood Relation, Direction Test, Input-Output, Ranking, Syllogism, Puzzle, Data Sufficiency, Data Analysis, Statement and Assumptions, Statement and Course of Action, Statement and Arguments, Miscellaneous, Practice Sets, Solved Papers 2017-18, Solved Paper 2019.
