Side by Sides May 15 2021 Side by side utility vehicles are also known as UTVs, SBSUTVs or SxS. They are increasingly popular as a replacement for quad bikes because of their enhanced safety features. They are vehicles which can carry passengers, travel off-road, tow a trailer, carry small cargo or equipment and manoeuvre around obstacles and over rough terrain. They have a steering wheel, pedals, harness seat belts, doors, a cargo net, a crush protection device (CPD), and most have a tray back for carrying small loads at the rear of the vehicle. This publication is a guide to safely using side by side utility vehicles including the pre-start safety check, routine servicing, driving on slopes or through sand, water and mud, loading and towing, and when loading and unloading the vehicle from the back of a truck or trailer.

Dad, How Do I? Jun 15 2021 From the host of the YouTube channel that went viral—Dad, How Do I?—comes a book that's part memoir/part inspiration/part DIY. Rob Kenney's father left him and his seven siblings when he was fourteen years old, and the youngest had to fend for themselves. He wished that he had someone who

could teach him the basics—how to tie a tie, jump-start a car, unclog a drain, use tools properly—as well as succeed in life. But he and his siblings had to figure these things out on their own. Now a father himself, Rob decided that he would help people out by providing how-to tips as well as advice—and even throw in some bad dad jokes. He started a YouTube channel for anyone looking for fatherly advice, and in the course of three months, gained a following of nearly 2.5 million subscribers, with millions of views for his how-to and inspirational videos. In this book, Rob shares his story of overcoming a difficult childhood with the strength of faith and family, and offers inspiration and hope. In addition, he provides 50 practical DIY instructions (30 of which will be unique to the book), illustrated with helpful line drawings.
