Marcus Berkmann, Spectator Everyone who loves The Crown on Netflix will enjoy this celebration of Queen Elizabeth II and her beloved canine friends. The Queen has had corgis by her side ever since she was seven years old and persuaded her father to buy one for the family. She also has several dorgis (a cross resulting from an accidental liaison between one of the Queen's corgis and Princess Margaret's dachshund) and is a passionate breeder of gundogs. The dogs are the Queen's constant companions, travelling with her by air, road and rail, from one royal residence to another. She walks and feeds them herself, chooses names for them, and at the end of their days, buries them with personalised plaques to commemorate each individual. Penny Junor reveals the scraps and scrapes that the dogs have been involved in - the hierarchy amongst them, the corgis' feisty attitude to footmen and guests, gardeners and innocent passersby. This fascinating and affectionate look at the Queen and her most faithful companions is a book for dog lovers everywhere about what really makes our much-loved and longest reigning monarch truly light up.

White Heart Aug 31 2022 A historical eBook about Blanche, the White Queen of France, the manipulative mother-in-law of Marguerite in Sherry Jones's Four Sisters, All Queens. A woman's power lies in her beauty. For years, Blanche de Castille, the White Queen of France, has lived by this maxim—passed on by her grandmother, Eléonore d'Aquitaine, as she took the girl to marry King Louis VIII. When her husband dies unexpectedly, however, Blanche finds that beauty is not enough to hold, and command, a kingdom against usurpers eager to wrest the Crown from her woman's grasp. Faced with an English invasion, barons' uprisings, and slanderous rumors, Blanche must look within herself for the strength she needs to guard the throne for her young son. Her bold response shocks the kingdom and shapes her into the formidable, seemingly heartless mother-in-law to Marguerite of Provence, wife of King Louis IX (Saint Louis) and the eldest of the "Four Sisters, All Queens" in Sherry Jones's forthcoming novel. Includes an excerpt to the upcoming Four Sisters, All Queens, to be published by Gallery Books, May 8, 2012.

[Peopling the North American City](#) Dec 23 2021 Many North American cities trace their population booms to the nineteenth century when immigrants and migrants flooded emerging industrializing urban centres in search of better lives. [Peopling the North American City](#) examines this phenomenon in Montreal through the eyes of a thousand couples to construct both an intimate portrait and a compelling overview of life in a nineteenth-century metropolis. Benefiting from Montreal's remarkable archival records, Sherry Olson and Patricia Thornton use an ingenious sampling of twelve surnames to track the comings and goings, births, deaths, and marriages of the city's inhabitants. The book demonstrates the importance of individual decisions by outlining the circumstances in which people decided where to move, when to marry, and what work to do. Integrating social and spatial analysis, the authors provide insights into the relationships among the city's three cultural communities, show how inequalities of voice, purchasing power, and access to real property were maintained, and provide first-hand evidence of the impact of city living and poverty on families, health, and futures. The findings challenge presumptions about the cultural "assimilation" of migrants as well as our understanding of urban life in nineteenth-century North America. The culmination of twenty-five years of work, [Peopling the North American City](#) is an illuminating look at the humanity of cities and the elements that determine whether their citizens will thrive or merely survive.
