The Valley of Horses Feb 23 2022 This unforgettable odyssey into the distant past carries us back to the awesome mysteries of the exotic, primeval world of The Clan of the Cave Bear, and to Ayla, now grown into a beautiful and courageous young woman. Cruelly cast out by the new leader of the ancient Clan that adopted her as a child, Ayla leaves those she loves behind and travels alone through a stark, open land filled with dangerous animals but few people, searching for the Others, tall and fair like herself. The short summer gives her little time to look, and when she finds a sheltered valley with a herd of hardy steppe horses, she decides to stay and prepare for the long glacial winter ahead. Living with the Clan has taught Ayla many skills but not real hunting. She finally knows she can survive when she traps a horse, which gives her meat and a warm pelt for the winter, but fate has bestowed a greater gift, an orphaned foal with whom she develops a unique kinship. One winter extends to more; she discovers a way to make fire more quickly and a wounded cave lion cub joins her unusual family, but her beloved animals don't fulfill her restless need for human companionship. Then she hears the sound of a man screaming in pain. She saves tall, handsome Jondalar, who brings her a language to speak and an awakening of love and desire, but Ayla is torn between her fear of leaving her valley and her hope of living with her own kind.

The Shelters of Stone (with Bonus Content) Jul 19 2021 The Shelters of Stone opens as Ayla and Jondalar, along with their animal friends, Wolf, Whinney, and Racer, complete their epic journey across Europe and are greeted by Jondalar's people: the Zelandonii. The people of the Ninth Cave of the Zelandonii fascinate Ayla. Their clothes, customs, artifacts, even their homes—formed in great cliffs of vertical limestone—are a source of wonder to her. And in the woman Zelandoni, the spiritual leader of the Ninth Cave (and the one who initiated Jondalar into the Gift of Pleasure), she meets a fellow healer with whom to share her knowledge and skills. But as Ayla and Jondalar prepare for the formal mating at the Summer Meeting, there are difficulties. Not all the Zelandonii are welcoming. Some fear Ayla's unfamiliar ways and abhor her relationship with those they call flatheads and she calls Clan. Some even oppose her mating with Jondalar, and make their displeasure known. Ayla has to call on all her skills, intelligence, knowledge, and instincts to find her way in this complicated society, to prepare for the birth of her child, and to decide whether she will accept new challenges and play a significant role in the destiny of the Zelandonii. Jean Auel is at her very best in this superbly textured creation of a prehistoric society. The Shelters of Stone is a sweeping story of love and danger, with all the wonderful detail—based on meticulous research—that makes her novels unique. It is a triumphant continuation of the Earth's Children® saga that began with The Clan of the Cave Bear. Europe is in the grip of the Ice Age. Its harsh but spectacularly beautiful terrain supports many varieties of animals but few people. They are Cro-Magnons - the first anatomically modern people - and Neanderthals, the other race with whom we shared that cold, ancient land. Ayla is a Cro-Magnon child who lost her parents in an earthquake and was adopted by a tribe of Neanderthal, the Clan. The Clan's wary suspicion was gradually transformed into acceptance of this girl, so different from them, under the guidance of its medicine woman Iza and its wise holy man Creb. But Broud, the Clan's future leader, becomes an implacable enemy, and causes her exile. Forced into dangerous isolation, she eventually finds her soul mate and fellow Cro-Magnon, Jondalar. Their epic journey across Europe is complete and Ayla and Jondalar join his people in the region now known as south-west France. Settling into the rhythm of life in the Ninth Cave, the couple find much pleasure in their baby daughter and in being reunited with friends and family. Ayla plays a vital role in the area of healing: her knowledge of plants and herbs, gleaned from her days with the Clan, strike awe in her new tribe. They are also both impressed by and wary of her uncanny affinity with long-time companions, the mare Whinney and Wolf. But, torn between her desire to concentrate on her new child and the rigours of her training as a Zelandoni acolyte, Ayla finds her relationship with Jondalar moving into stormy waters. Can she manage to balance her sense of destiny with her heart?

The Shelters of Stone Jul 31 2022 The fifth novel in the Earth's Children series, Jean M. Auel's internationally bestselling reconstruction of pre-historic life, when two kinds of human beings, Neanderthal and Cro-Magnon, shared the earth. Ayla and Jondalar have reached home: the Ninth Cave of the Zelandonii, the old stone age settlement in the region known today as south-west France. Ayla has much to learn from the Zelandonii as well as much to teach them. Jondalar's family are initially wary of the beautiful young woman he has brought back, with her strange accent and her tame wolf and horses. She is delighted when she meets Zelandoni, the spiritual leader of her people, a fellow healer with whom she can share her medicinal skills. After the rigours and dangers that have characterised her extraordinary life, Ayla yearns for peace and tranquility; to be Jondalar's mate and to have children. But her unique spiritual gifts cannot be ignored, and even as she gives birth to their eagerly-awaited child, she is coming to accept that she has a greater role to play in the destiny of the Zelandonii. Set 25,000 years in the past, yet utterly relatable today, *The Shelters of Stone* is an epic tale of love, identity and the struggle to survive, rich in detail of language, culture, myth and ritual. Children of Earth and Sky Dec 12 2020 Guy Gavriel Kay, bestselling author of the groundbreaking novels *Under Heaven* and *River of Stars*, once again visits a world that evokes one that existed in our own past, this time the tumultuous period of Renaissance Europe - a world on the verge of war, where ordinary lives play out in the grand scheme of kingdoms colliding. From the small coastal town of Senjan, notorious for its pirates, a young woman sets out to find vengeance for her lost family. That same spring, from the wealthy city-state of Seressa, famous for its canals and lagoon, come two very different people: a young artist traveling to the dangerous east to paint the Grand Khalif at his request - and possibly to do more - and a fiercely intelligent, angry woman, posing as a doctor's wife in her role of a spy. The trading ship that carries them is commanded by the clever younger son of a merchant family - with ambivalence about the life he's been born to live. And farther east a boy trains to become a soldier in the elite infantry of the khalif - to win glory in the war everyone knows is coming. As these lives entwine, their fates--and those of many others - will hang in the balance, when the khalif sends out his massive army to take the great fortress that is the gateway to the western world . . .

Unfortunately, it can also have a big impact on our planet. Earth Hour--a worldwide movement in support of energy conservation and sustainability--takes place each March and is sponsored by the World Wildlife Fund for Nature (WWF). During Earth Hour, individuals, communities, and businesses in more than 7,000 cities turn off nonessential electric lights for one hour. Mother Earth's Children Oct 22 2021 A seed, little friends, is really a plant or a tree all wrapped up in a little brown bundle. If you plant it in the ground it will grow, and when it is old enough it will bear fruit, because God has made it so. ¶ Among all the children of Mother Nature, the fruits and vegetables are probably the most useful to us. Wherever we may go some of these little people are there before us, ready to help us by giving us food and to make life easy and joyous for us. ¶ In your Mother's garden you will always find many familiar friends; in the fields the graceful Grain children will nod and beckon to you; in the orchard the Fruit children will peep out at you from their leafy homes; along the roadside the gay little Berries will give you a friendly greeting, and in the forest you will find the little wild Grapes climbing trees and playing hide and seek with the Bird children. ¶ The publishers, who have already given you the Flower Children, Bird Children, and Animal Children, wish to join the author and the artist in their grateful acknowledgment of the wonderful appreciation which these books have received, and to hope that these new comrades will prove as fascinating as those whom you already know. ¶ For myself, little friends, I thank you from my heart.
