Brave Men, Dark Waters Nov 18 2021 A definitive history of the US Navy's renowned special operations fighting force—"the most complete in-depth study of this fabled elite unit" (Library Journal). The legend was forged in the fires of World War II, when special units of elite navy frogmen were entrusted with dangerous covert missions in the brutal global conflict. These Underwater Demolition Teams, as they were then called, soon became known for their toughness and fearlessness, and their remarkable ability to get the job—any job—done. Years later, the renamed US Navy SEALs (for Sea, Air, and Land) continued to be a wartime force to be reckoned with throughout the remainder of the twentieth century and into the twenty-first. They served as rangers and scouts in the jungles of Vietnam, answered the call to duty in Panama, Granada, and in Saddam Hussein's Iraq, while developing into the very best of the best, the cream of America's Special Forces crop. Author Orr Kelly offers a rich and riveting history of the SEALs, covering their remarkable triumphs while not shying away from the scandals and controversies. An extraordinary portrait of extraordinary fighting men, Brave Men, Dark Waters shines a brilliant light into the darkest shadows of war, which is where the SEALs have operated for decades with awesome and deadly efficiency.

Whose Story Is This? Feb 21 2022 Feminist essays for the #MeToo era from "the voice of the resistance," the international bestselling author of Men Explain Things to Me (The New York Times Magazine). Who gets to shape the narrative of our times? The current moment is a battle royale over that foundational power, one in which women, people of color, non-straight people are telling other versions, and white people and men and particularly white men are trying to hang onto the old versions and their own centrality. In Whose Story Is This? Rebecca Solnit appraises what's emerging and why it matters and what the obstacles are. Praise for Rebecca Solnit and her essays "Rebecca Solnit is essential feminist reading." —The New Republic "In these times of political turbulence and an increasingly rabid and scrofulous commentariat, the sanity, wisdom and clarity of Rebecca Solnit's writing is a forceful corrective. Whose Story Is This? is a scorchingly intelligent collection about the struggle to control narratives in the

internet age.” —The Guardian “Solnit’s passionate, shrewd, and hopeful critiques are a road map for positive change.” —Kirkus Reviews “Solnit’s exquisite essays move between the political and the personal, the intellectual and the earthy.” —Elle “Rebecca Solnit reasserts herself here as one of the most astute cultural critics in progressive discourse.” —Publishers Weekly “No writer has better understood the mix of fear and possibility, peril and exuberance that’s marked this new millennium.” —Bill McKibben, founder of 350.org

Prince of Darkness Sep 16 2021 In the middle decades of the nineteenth century Jeremiah G. Hamilton was a well-known figure on Wall Street. Cornelius Vanderbilt, America’s first tycoon, came to respect, grudgingly, his one-time opponent. The day after Vanderbilt’s death on January 4, 1877, an almost full-page obituary on the front of the National Republican acknowledged that “There was only one man who ever fought the Commodore to the end, and that was Jeremiah Hamilton.” Hamilton, although his origins were lowly, possibly slave, was reportedly the richest black man in the United States, possessing a fortune of \$2 million, or in excess of two hundred and \$50 million in today’s currency. In this groundbreaking and vivid account, eminent historian Shane White reveals the larger than life story of a man who defied every convention of his time. He wheeled and dealt in the lily white business world, he married a white woman, he bought a mansion in rural New Jersey, he owned railroad stock on trains he was not legally allowed to ride, and generally set his white contemporaries teeth on edge when he wasn’t just plain outsmarting them. An important contribution to American history, the Hamilton’s life offers a way into considering, from the unusual perspective of a black man.

How The Irish Saved Civilization Oct 05 2020 ‘Shamelessly engaging, effortlessly scholarly, utterly refreshing history of the Irish soul and its huge contribution to Western culture’ Thomas Keneally Ireland played the central role in maintaining European culture when the dark ages settled on Europe in the fifth century: as Rome was sacked by Visigoths and its empire collapsed, Ireland became ‘the isle of saints and scholars’ that enabled the classical and religious heritage to be saved. In his compelling and entertaining narrative, Thomas Cahill tells the story of how Irish monks and scrines copied the manuscripts of both pagan and Christian writers, including Homer and Aristotle, while libraries on the continent were lost forever. Bringing the past and its characters to life, Cahill captures the sensibility of the unsung Irish who relaunched civilisation.

Cornelius Vanderbilt, America’s first tycoon, came to respect, grudgingly, his one-time opponent. The day after Vanderbilt’s death on January 4, 1877, an almost full-page obituary on the front of the National Republican acknowledged that, in the context of his Wall Street share transactions, “There was only one man who ever fought the Commodore to the end, and that was Jeremiah Hamilton.” What Vanderbilt’s obituary failed to mention, perhaps as contemporaries already knew it well, was that Hamilton was African American. Hamilton, although his origins were lowly, possibly slave, was reportedly the richest colored man in the United States, possessing a fortune of \$2 million, or in excess of two hundred and \$50 million in today’s currency. In Prince of Darkness, a groundbreaking and vivid account, eminent historian Shane White reveals the larger than life story of a man who defied every convention of his time. ***Clear Vision in a Dark Place* Nov 06 2020 This book is concerned with exposing the life and legacy of the Messianic-Matriarch Leah. Because of the scant paltriness and sparse poverty of the biblical text about the intricacies of Leah's life, her story has easily overlooked, misinterpreted and maligned in the Bible. Therefore, it is the case and conclusion of this writing that Leah has been given a bad rap, and many have mistakenly succumbed to the unjustified criticism and eisegetically called her ugly. Contrary to this scathing criticism, she is a significant Matriarch, yet comes across as secondary in the eyes of her father, her sister, her husband and even in history. Nevertheless, she was primary in the mind of God, who saw that she was unloved and opened her womb. Amidst this dark period of her life, her covenant with God gives her a clear vision of Israel's future. Miraculously she births half of the nation of Israel, most notably the Messianic and priestly tribes. Wow . . . what an "opened" womb! The "left out" sister gives us a living Savior; the mistreated one gives us the Messiah! After meticulous exegetical analysis and investigation presented in this book, I am confident that the reader will endorse and support the Biblical significance of Leah and that she emerges as the most noteworthy Matriarch and is superior to the other Matriarchs in piety, character and temperament.**

The 33 Mar 22 2022 The exclusive, official story of the survival, faith and family of Chile's thirty-three trapped miners, by a Pulitzer Prize-winning journalist When the San Jose mine collapsed outside of Copiapo, Chile, in August 2010, it trapped thirty-three miners beneath thousands of feet of rock for sixty-nine days. The entire world watched what transpired above ground during the gruelling and protracted rescue, but the saga of the miners' experiences below the earth's surface—and the lives that led them there—has never been heard, until now. For Deep Down Dark, the Pulitzer Prize-winning journalist Hector Tobar received exclusive access to the miners and their tales. These thirty-three men came to think of the mine, a cavern inflicting constant and thundering aural torment, as a kind of coffin, and as a church where they sought redemption through prayer. Even while still buried, they all agreed that if by some miracle any of them escaped alive, they would share their story only collectively. Hector Tobar was the person they chose to hear, and now to tell, that story. The result is a masterwork of narrative journalism—a riveting, at times shocking, emotionally textured account of a singular human event. Deep Down Dark brings to haunting, tactile life the experience of being imprisoned inside a mountain of stone, the horror of being slowly consumed by hunger, and the spiritual and mystical elements that surrounded working in such a dangerous place. In its stirring final chapters, it captures the profound way in which the lives of everyone involved in the disaster were forever changed.

Hope Dies Last Jan 20 2022 America's most inspirational voices, in their own words: "If you're looking for a reason to act and dream again, you'll find it in the pages of this book" (Chicago Tribune). Published when Studs Terkel was ninety-one years old, this astonishing oral history tackles one of the famed journalist's most elusive subjects: Hope. Where does it come from? What are its essential qualities? How do we sustain it in the darkest of times? An alternative, more personal chronicle of the "American century," Hope Dies Last is a testament to the indefatigable spirit that Studs has always embodied, and an inheritance for those who, by taking

a stand, are making concrete the dreams of today. A former death row inmate who served nearly twenty years for a crime he did not commit discusses his never-ending fight for justice. Tom Hayden, author of *The Port Huron Statement*, contemplates the legacy of 1960s student activism. Liberal economist John Kenneth Galbraith reflects on the enduring problem of corporate malfeasance. From a doctor who teaches his young students compassion to the retired brigadier general who flew the *Enola Gay* over Hiroshima, these interviews tell us much about the power of the American dream and the force of individuals who advocate for a better world. With grace and warmth, Terkel's subjects express their secret hopes and dreams. Taken together, this collection of interviews tells an inspiring story of optimism and persistence, told in voices that resonate with the eloquence of conviction. "The value of *Hope Dies Last* lies not in what it teaches readers about its narrow subject, but in the fascinating stories it reveals, and the insight it allows into the vast range of human experience." —The A.V. Club "Very Terkelesque—by now the man requires an adjective of his own." —Margaret Atwood, *The New York Times Review of Books* "An American treasure." —Cornel West

The Rise of Darkness Jun 20 2019 There I sat in this dilapidated run down shack. It's in the middle of the night and I had to light a fire in the hearth so that I could see better. Now I'm sitting on a wobbly stool. In front of me is a low laying bed with a small figure in it. It was covered all the way to its chin. I watched as my shadow danced on the wall and splayed across the bed and the lonely figure. I can't believe that I came all this way in the pursuit of knowledge. I sat there waiting and finally the person in front of me sat up and was instantly cloaked in the darkness that was my shadow. It was kind of discomfoting when his small voice spoke. "Now come closer sonny you need to hear this. I, Brentwin Forrester, the last of the great story tellers, am about to tell you a tale. It is about an extraordinary man with an extraordinary life. I shall begin with his rise to power. If I do not last through the night, the journals on the dresser shall tell you the rest of his story." I leaned closer and watched as Brentwin began his tale of a man that was both myth and legend.

33 Men Jul 26 2022 This is the account of the 2010 San Jose mine rescue in Chile, after one of the longest human entrapments in history. With his coveted "rescue pass," journalist Jonathan Franklin, who had lived 15 years in Chile, was permitted access far past the police perimeter. The miners were discovered alive 17 days after the collapse, but it took another 52 days before they were all rescued. For eight weeks, the author conducted interviews with families, rescue workers, the mine psychologist, drill operators, scientists, and the architects of the rescue operation, as well as the trapped men themselves, even as he assisted in getting supplies to them. In never-before-revealed detail, the author tells of the improbable survival of the miners, and chronicles what had to go right, an impossibly long list, to rescue them all alive.--From publisher description.

Hating God Sep 23 2019 While atheists such as Richard Dawkins have now become public figures, there is another and perhaps darker strain of religious rebellion that has remained out of sight--people who hate God. In this revealing book, Bernard Schweizer looks at men and women who do not question God's existence, but deny that He is merciful, competent, or good. Sifting through a wide range of literary and historical works, Schweizer finds that people hate God for a variety of reasons. Some are motivated by social injustice, human suffering, or natural catastrophes that God does not prevent. Some blame God for their personal tragedies. Schweizer concludes that, despite their blasphemous thoughts, these people tend to be creative and moral individuals, and include such literary lights as Friedrich Nietzsche, Mark Twain, Zora

Neale Hurston, Rebecca West, Elie Wiesel, and Philip Pullman. Schweizer shows that literature is a fertile ground for God haters. Many authors, who dare not voice their negative attitude to God openly, turn to fiction to give vent to it. Indeed, Schweizer provides many new and startling readings of literary masterpieces, highlighting the undercurrent of hatred for God. Moreover, by probing the deeper mainsprings that cause sensible, rational, and moral beings to turn against God, Schweizer offers answers to some of the most vexing questions that beset human relationships with the divine.
