opportunity. Yet the country remains plagued by sexual assault, rape, and intimate partner violence. Hannah E. Britton examines the reasons gendered violence persists in relationship to social inequalities even after women assume political power. Venturing into South African communities, Britton invites service providers, religious and traditional leaders, police officers, and medical professionals to address gender-based violence in their own words. Britton finds the recent turn toward carceral solutions—with a focus on arrests and prosecutions—fails to address the complexities of the problem and looks at how changing specific community dynamics can defuse interpersonal violence. She also examines how place and space affect the implementation of policy and suggests practical ways policymakers can support street level workers. Clear-eyed and revealing, *Ending Gender-Based Violence* offers needed tools for breaking

and criminal justice scholar Diana Gordon critically examines South Africa's efforts to strike the perilous balance between democratic participation and social control. South Africa has made great progress in pursuing the Western ideals of participatory justice and due process. Yet Gordon finds that popular concerns about crime have fostered the growth of a punitive criminal justice system that undermines the country's rights-oriented political culture. *Transformation and Trouble* calls for South Africa to reaffirm its commitment to public empowerment by reforming its criminal justice system-an approach, she argues, that would strengthen the country's new democracy. The Law of Pre-Trial Criminal Procedure in Namibia Aug 21 2019 The Namibian Constitution entrenches fundamental rights and freedoms, and provides for their vertical and horizontal application in any criminal process. However, since Independence in 1990, Namibia has developed its own criminal jurisprudence. Criminal procedure and law are taking new shape. Namibian courts have pronounced on criminal issues, and legislation has been passed to keep up with the demands, aspirations, spirit, and vision of the Namibian Constitution and its people. CLEVER MAPAURE, NDJODI NDEUNYEMA, PILISANO MASAKE, FESTUS WEYULU and LOIDE SHAPARARA have written an invaluable book that deals with these developments. It explains the rights of individuals, the duties of law enforcement officers, and the procedures of the courts in criminal cases. The Law of Pre-Trial Criminal Procedure in Namibia introduces readers to the fundamental principles and values underlying Namibian criminal law, through a systematic examination of the provisions of the Criminal Procedure Act, 1977 (Act No. 51 of 1977) as amended, which was originally passed by the legislature of South Africa, and still regulates criminal procedure in Namibia, the amendments to it since 1990, and relevant Namibian Case Law. The book captures and discusses the law relating to the pre-trial criminal process in Namibia in detail, from the roles of the prosecutor and the police, search, seizure and forfeiture, interrogation, notices and summons, arrest, court appearance, bail, criminal charges, disclosure, diminished capacity, right to assistance, to pleas and plea-bargaining.

Hether it is hijacking or rape, a home robbery or a husband's explosion of rage, violence is so common that few lives have been left untouched by it. The result is a society deformed by its fears. The poor, who are both more likely to be victimized and less able to secure themselves, are just as traumatized. 'A Country at War with Itself' is a penetrating exploration of South Africa's crime problem.
