Classic British Motorcycles

Apr 12 2021 In the modern era, mass-produced motorcycles tend to be Japanese or Italian, with the 'big four' oriental manufacturers dominating the market. However, this wasn't always the case. Until the 1950s, and even into the '60s, British makers such as Scott, Rudge, BSA, Norton and Vincent ruled the roost. These legendary companies sold their bikes around the world,

winning racing championships and setting speed records as they went. They, and many smaller British firms like them, are motorcycling's founding companies. This is the story of those pioneering firms, whose engineers - many self-taught - were fired by racing ambition, commercial rivalry, patriotic duty and, above all, a passion for innovation. Superbly illustrated with over 150 colour pictures, many previously unpublished, *Classic British Motorcycles* is a captivating and highly informative account of the men, machines, race meetings and world events that shaped the development of the motorcycle from its bicycle origins. Illustrations: colour

Yamaha FZR 1000 Nov 19
2021 Introduced to the public
by Yamaha at the IFMA
motorcycle show in Cologne,
Germany, on September 18th
1986, the FZR 1000 Genesis
was created to build upon the
successful reputation
established by its predecessors
in the super sport category, the
RD 350 and RD 500 models.

The FZR 1000 also marked a
major change of engine type
being used by Yamaha, the
company switching to four-
stroke power plants for its new
generation of high-performance
superbikes and ditching the
previous two-stroke units. This
book contains 28 internal
articles that tell the story of the
Yamaha FZR 1000 which was
introduced in 1986 and became
a 'superbike' from the start.
*Design and Simulation of Four-
Stroke Engines* Jun 14 2021
This book provides design
assistance with the actual
mechanical design of an engine
in which the gas dynamics,
fluid mechanics,
thermodynamics, and
combustion have been
