Drake Sep 25 2019 Everyone needs a vacation but sometimes a vacation can be a nightmare. Drake Watson discovers this when he decides to go on a ten day vacation to Lake Tahoe with a bunch of his friends. Living in a singles only apartment complex of three hundred apartments is any man's dream. Drake is also the name of a male Mallard duck which during mating season finds themselves not knowing which hen duck to attach themselves to. The same situation occurs with Drake with so many good looking women in the Santa Maria Apartments. Drake's job keeps him from being tied down to one woman since he worked odd hours. The work he does is dangerous but very rewarding financially. Like most men and women he goes through spells were he can't even get a date but all of a sudden finds himself involved with several women. It seems they all have an agenda whether or not he is their agenda or just wanting to use him. Drake is intrigued especially by a dark haired, emerald eyed woman and a red headed fiery woman both of whom make his life miserable and

exciting. If you like cars, intrigue, murder, love, crime, gambling, and exciting parties you'll like this book. Drake is not for the faint of heart. **Foundations of Business** Aug 17 2021 Gain a solid understanding of business today and what it takes to become a better employee, more informed consumer, and even a successful business owner with the best-selling FOUNDATIONS OF BUSINESS, 5E. Forensic Investigation of Stolen-Recovered and Other Crime-Related Vehicles Mar 24 2022 Forensic Investigation of Stolen-Recovered and Other Crime-Related Vehicles provides unique and detailed insights into the investigations of one of the most common crime scenes in the world. In addition to a thorough treatment of auto theft, the book covers vehicles involved in other forms of crime—dealing extensively with the various procedures and dynamics of evidence as it might be left in any crime scene. An impressive collection of expert contributors covers a wide variety of subjects, including chapters on vehicle identification, examination of burned vehicles, vehicles recovered from under water, vehicles involved in terrorism, vehicle tracking, alarms, anti-theft systems, steering columns, and ignition locks. The book also covers such topics as victim and witness interviews, public and private auto theft investigations, detection of trace evidence and chemical

traces, vehicle search techniques, analysis of automotive fluids, vehicle registration, document examination, and vehicle crime mapping. It is the ultimate reference guide for any auto theft investigator, crime scene technician, criminalist, police investigator, criminologist, or insurance adjuster. Extensively researched and exceptionally well-written by internationally-recognized experts in auto theft investigation and forensic science All the principles explained in the text are well-illustrated and demonstrated with more than 450 black and white and about 100 full-color illustrations, many directly from real cases Serves as both a valuable reference guide to the professional and an effective teaching tool for the forensic science student

Product Innovation Mar 12 2021 Increasing pressures to produce new products faster and cheaper are resulting in huge efforts to streamline and restructure the traditional new product development (NPD) process. The purpose of the book is to describe, assess and apply the latest constructs, methods, techniques and processes to enable managers, professionals, and practitioners to be more effective in designing, developing and commercializing new products and services. It provides guidance and support in formulating and executing NPD programs for business practitioners and MBA students. The book is written from an Integrated Product Development (IPD) perspective, linking all aspects of marketing, costing and manufacturing into the development process even before the first prototype is built. It covers the advanced tools necessary to achieve this such as virtual prototyping and fully integrated business systems, and explains the changes needed to organizational structure and thinking.
