**The Boy with the Cuckoo-Clock Heart** Mar 06 2021 Edinburgh, 1874. On the coldest night the world has ever seen, Little Jack is born with a frozen heart and immediately undergoes a life-saving operation. But Dr Madeleine is no conventional medic and surgically implants a cuckoo-clock into his chest. Little Jack grows up different to other children: every day begins with a daily wind-up. At school he is bullied for his 'ticking', but Dr Madeleine reminds him he must resist strong emotion: anger is far too dangerous for his cuckoo-clock heart. So when the beautiful young street-singer, Miss Acacia, appears - pursued by Joe, the school bully - Jack is in danger of more than just falling in love... he is putting his life on the line.

**Fathers and Sons in Cinema** Nov 14 2021 Popular American films are replete with story lines which involve the father-son relationship, often as the pivotal conflict or dragon which a hero must overcome to achieve success. Sometimes these conflicts are straightforward; other times they are projections of the central character's unconscious becoming conscious--in essence a modern form of myth. These American "filmmyths" serve as a visual means to project the psyche in an entertaining and easily accessible manner. Focusing on mythic structure, this volume explores 12 popular movies that deal with various aspects of the father-son relationship including the process of becoming a father, absent fathers, the rite of passage, and the turmoil between fathers and adolescents. Films examined include *The Wizard of Oz*, *Back to the Future*, *Stand By Me*, *Red River*, *City Slickers*, *North by Northwest*, *E.T. the Extraterrestrial*, *Field of Dreams*, *Lone Star*, *The Lion King*, *Jurassic Park* and *The Searchers*.

**The Lucid Dream Manifesto** May 08 2021 THE LUCID DREAM MANIFESTO is a reprint of the original manuscript of: LUCID DREAMS, DREAMS AND SLEEP: THEORETICAL CONSTRUCTIONS published by the University of South Dakota Media Press, 1974. This thesis was one of the first books dedicated to exploring lucid dreams (dreams wherein you realize you are dreaming) within the larger context of dreams and sleep. A general and original theory of sleep and dreams is outlined as a context within which to understand lucid dreams as a natural extension of these mechanisms rather than an exceptional event experienced only by "gifted" individuals. From theory to praxis, the book offers practical experiments to train the novice in becoming aware in dreams. The original treatise was selected for Dick McLeester's WELCOME TO THE MAGIC THEATRE: A HANDBOOK FOR EXPLORING DREAMS, 1976, a reference book that THE VILLAGE VOICE called "one of the best introductions to the sleepy third of your life that we've ever seen."

**Everyone I Know Lives on Roads** Aug 23 2022 Fiction. EVERYONE I KNOW LIVES ON ROADS examines the accident scene of celebrity, fate and language, measuring the skidmarks for traces of our Oedipal selves and chalking out the metaphorical places where these three paths converge. Road ragers and rubberneckers met along the way include Kathy Acker, Alan Greenspan, Jacques Derrida, Ayn Rand, Michael Alig and James Joyce, with hourly traffic reports from Dan Rafter. "Though literature is usually the most conservative of art forms, a book sometimes appears that offers exciting new possibilities. Trevor Dodge's EVERYONE I KNOW LIVES ON ROADS is one of them: with the smooth surfaces found in new-painting, with the understated riffs of new-music, the stories collected here are as lean as they are savvy, as savvy as they are funny, as funny as they are connected to the thought, life and paths of our present moment"--Steve Tomasula.

**Early Bird** Jul 10 2021 Everyone says they would like to retire early, but Rodney Rothman actually did it -- forty years early. Burnt out, he decides at the age of twenty-eight to get an early start on his golden years. He travels to Boca Raton, Florida, where he moves in with an elderly piano teacher at Century Village, a retirement village that is home to thousands of senior citizens. Early Bird is an irreverent, hilarious, and ultimately warmhearted account of Rodney's journey deep into the heart of retirement. Rodney struggles for acceptance from the senior citizens he shares a swimming pool with, and battles with cranky octogenarians who want him off their turf. The day-to-day dealings begin to wear on him. Before long he observes, "I don't think Tuesdays with Morrie would have been quite so uplifting if that guy had to spend more than one day a week with Morrie." Rodney throws himself into the spirit of retirement, fashioning a busy schedule of sunbathing, shuffleboard, and gambling cruises. As the months pass, his neighbors seem to forget that he is fifty years younger than they are. He finds himself the potential romantic interest of an aging femme fatale. He joins a senior softball club and is disturbed to learn that he is the worst player on the team. For excitement he rides along with a volunteer police officer on his patrols, hunting for crime. But even the criminals in his community seem to have retired. Early Bird is a funny, insightful, and moving look at what happens to us when we retire, viewed from a remarkably premature perspective. Any reader who plans on becoming an old person will enjoy joining Rodney on his strange journey, as he reconsiders his notions of romance, family, friendship, and ultimately, whether he's ever going back to work.
