**Foula** Apr 11 2021 At the outer western edge of Shetland, 20 miles off the shores of the mainland, lies a more solitary isle, less nestled into the group. Foula is the furthest afield of Shetland's own islands, to the outside world a place of mystery, wildness and, depending on one's point of view, scary isolation. But these fanciful perspectives can obscure what really happens there. In the early 1980s, one of the inhabitants decided to record the passage of a year of Foula life. Sheila Gear, a zoology graduate married to one of the island's crofters, with three young children and a myriad of other responsibilities, took time out to paint the reader a picture: of extraordinarily changeable weather ranging from searing icy windstorms to idyllic blooming quiescence; of the heartbreak of the deaths of loved livestock exposed to the harshness of wintry conditions, and the playful joy and excitement of the births of new generations of creatures in the spring; of the back-breaking work to till the land and marshal its bounty, managing plenty and lack with equal aplomb; of the distinct specialness of the landscape, its peaks and cliffs soaring many hundreds of feet into the air, and its wild bird inhabitants' habits and idiosyncrasies; and of the people who live there and what makes them tick - their frustrations at the lack of governmental investment in the island's infrastructure, their amusement at the foibles of incomers, their enmeshedness within such a small community, their devotion to their island home. Gear also gives us snapshots of the island's history - its characters, its economy, its shipwrecks, and the ebb and flow of its fortunes. Replete with the spirit of the island, and crammed with detail, Foula: Island West of the Sun is a remarkable record of survival and

thriving in a place which is out of the ordinary way, in every sense.

Journey to the Hebrides Mar 22 2022 Samuel Johnson and James Boswell spent the autumn of 1773 touring the Highlands and Western Islands of Scotland. Both kept detailed notes of their impressions, and later published separate accounts of their journey. These accounts of their great tour contain some of the finest pieces of travel writing ever produced: they are magnificent historical documents and also portraits of two extraordinary personalities. In the vivid prose of these two famous men of letters, the Highlands and the Western Islands spring to life. The juxtaposition of the two very different accounts creates an unsurpassed portrait of a society which was utterly alien to the Europe of the Enlightenment, and which was straining on the brink of calamitous change. These great masterpieces, entertaining, profound, and marvellously readable are also our last chronicles of a lost age and people.

**The Small Isles** Nov 25 2019 This is the first book on the collective history of the little group of islands between Ardnamurchan and Skye. Amongst the best known of the Hebrides, they have a long and varied history, but are also amongst the least documented. Rum was the playground of the Macruari kings of the northern Hebrides; Eigg was the island meeting point where their descendants conceded primacy to the Islay Macdonalds, while Muck and Canna were the property of Iona, spiritual nerve centre of the west. With reference to both the extensive material remains on the islands and rare original source material, this book is a dynamic and wide-ranging account of the Small Isles and their history.

*Journey to the Orange Islands (Pokémon: Chapter Book)* Aug 23 2019 This reissued illustrated chapter book is based on the classic characters found in Pokémon GO and the classic animated series on Netflix. It's goodbye to an old friend, and hello to a new one in the biggest adventure of Ash's life! When Professor Oak sends Ash on a mission to the Orange Islands, surprises await the young Pokémon Trainer at every turn. One member of Ash's team will say goodbye forever—maybe. A stranger will join the group. But who is he, really? And a gentle new Pokémon is discovered—only it may perish without Ash's help.... This reissued illustrated chapter book is based on the characters found in Pokémon GO and the classic animated episodes on Netflix.

Island Life Sentence Jan 28 2020 Ex-CFO Peg Savage is quick to find a miscalculation on a spreadsheet, but slower with human error--especially when it comes to her husband Clark. One night he gets her drunk with promises of a romantic adventure, and she agrees to move from her Chicago home of twenty years, to Key West-- despite her fear of bridges. Forty-two panic attacks later, she is living in paradise--or more accurately, where the weird go pro. Just weeks into the second honeymoon, Peg is blindsided when Clark takes a job in Cuba... without a return ticket. Peg's best friend Trudy is a long time Clark-hater and smells a rat. But fiercely loyal Peg believes he is coming back. She hopes the same of her loveable, but not-very-well-trained dog, Nipper, who has fallen in love with Lulu, a chihuahua across town. Nipper leads Peg to Randolph, Lulu's "stay-at-home daddy." He's also the snippy ambassador for all things Key West. Randolph reluctantly takes Peg under his wing, helping her to navigate the bizarre world of paddle board yoga, lobstering, and the infamous Fantasy Fest parade. The result is a heat stroke, an arrest, and a no-show. Peg manages to alienate Randolph completely, even as the romance between Nipper and Lulu thrives. When a tropical depression descends, Peg confronts the hurricane head on to save Nipper and Lulu. And maybe her reputation while she's at it. It's time for this midwestern fish out of water to grow a pair of legs--and perhaps a pair of cojones since her husband is clearly not coming back.

**A Description of the Western Isles of Scotland** Jan 20 2022 This is the 16th century description of the Hebrides the Western Isles of Scotland by Donald Monro. It is one of the first travelogues of the area. It is a modern translation of the manuscript.

**Island of the Giant Pokémon** Dec 27 2019 Team Rocket lures the Pokâemon onto a ship for a party in order to steal them, but the ship sinks and they are all stranded on an island

The House Between Tides Oct 17 2021 A beautiful debut novel set in the Outer Hebrides, *The House Between Tides* strips back layers of the past to reveal a dark mystery. In the present day, Hetty Deveraux returns to the family home of Muirlan House on a remote Hebridean island estate following the untimely death of her parents. Torn between selling the house and turning it into a hotel, Hetty undertakes urgent repairs, accidentally uncovering human remains. Who has been lying beneath the floorboards for a century? Were they murdered? Through diaries and letters she finds, Hetty discovers that the house was occupied at the turn of the century by distant relative Beatrice Blake, a young aristocratic woman recently married to renowned naturalist and painter, Theodore Blake. With socialist and suffragist leanings Beatrice is soon in conflict with her autocratic new husband, who is distant, and wrapped up in Cameron, a young man from the island. As Beatrice is also drawn to Cameron, life for them becomes dangerous, sparking a chain of events that will change many lives, leaving Hetty to assemble the jigsaw of clues piece by piece one hundred years later, as she obsessively

chases the truth. In *The House Between Tides*, author Sarah Maine uses her skills as a storyteller to create an utterly compelling historical mystery set in a haunting and beautifully evoked location. 'Last night, debut author Maine dreamed of a contemporary spin on classic Gothic tropes. Orphan Hetty Deveraux has inherited a crumbling, wind-battered mansion on a remote Muirland Island in western Scotland, "on the edge of the world." The day she arrives to inspect her new property, however, local assessor James Cameron has found a skeleton beneath the floorboards. Who is it, and how long has it been there? Abandoned since the war, the house was the refuge of Theo Blake, a Turner-esque painter-turned-mad recluse and a distant relative of Hetty's. At loose ends since the deaths of her parents, Hetty hopes restoring the house will serve as a new beginning. Meanwhile, in 1910, Theo Blake brings his new bride to Muirland House, whose landscapes have inspired some of his most famous paintings. Maine skillfully balances a Daphne du Maurier atmosphere with a Barbara Vine-like psychological mystery as she guides the reader back and forth on these storylines. The two narrative threads are united by the theme of conservation versus exploitation: Muirland is a habitat for several species of rare birds, threatened in the 1910 plot by Blake's determination to kill and mount them for his collection and in the 2010 story by Hetty's half-formed plans to transform Muirland House into a luxury hotel. Local man Cameron wants to see the island preserved as "a precious place, wild and unspoiled, a sanctuary for more than just the birds." The setting emerges as the strongest personality in this compelling story, evoking passion in the characters as fierce as the storms which always lurk on the horizon. A debut historical thriller which deftly blends classic suspense with modern themes.' Kirkus 'Muirland Island in Scotland's Outer Hebrides provides the sensuous setting for British author Maine's impressive debut, which charts the parallel quests of two women a century apart. [...] Vivid descriptions of the island's landscape and weather enhance this beautifully crafted novel.' Publisher's Weekly 'There is an echo of Daphne du Maurier's *Rebecca* in Sarah Maine's appealing debut novel, when human remains are found beneath the floorboards of a derelict mansion on a Scottish island... a highly readable debut.' Independent 'A tremendous accomplishment. So assured, so well-judged, and with such an involving story to tell, this might be the author's fifth or sixth novel, not her first. A literary star is born!' Ronald Frame, author of *The Lantern Bearers* and *Havisham*

**These Roots Remain** Feb 27 2020 The author finds that food comprises a carefully categorized set of symbols that help determine thought and action in Pacific societies. Food is a culture pattern, unique to each society. But some patterns are also shared and those shared patterns are due to links in times past. Pollock investigates the cultural mechanisms that have allowed certain distinct features associated with food to remain in the face of many intrusions to those societies. Extensively reviewed are the sociocultural, archeological-historical, and scientific literature on the topic, ranging from the records of early explorers, missionaries, and pioneer ethnographers to those of modern medical, nutritional, and ethnobotanical researchers, along with observations from the author's personal fieldwork.

Dinner with Persephone Jun 20 2019 Patricia Storace explores the dreams and sensuous realities of a country caught between East and West, with its glorious past and its difficult Balkan present

**To The Hebrides** Apr 23 2022 Samuel Johnson's *Journey to the Western Islands of Scotland* and James Boswell's *Journey of a Tour to the Hebrides* are widely regarded as among the best pieces of travel writing ever produced. Johnson and Boswell spent the autumn of 1773 touring Scotland as far west as the islands of Skye, Raasay, Coll, Mull, Ulva, Inch Kenneth and Iona. Highly Readable often profound, and at times very funny, their accounts of the 'jaunt' are above all a valuable record of a society undergoing rapid change. In this pioneering new edition, Ronald Black brings together the two men's starkly contrasting accounts of each of the thirteen stages of the journey. He also restores to Boswell's text 20,000 words from his journal which were denied entry to his book because they were intimate, defamatory, or about the islands rather than Johnson. The endnotes incorporate Boswell's footnotes, translations of Latin passages, a clear summary of pre-existing information on the two texts, and a fresh focus on what the two

men actually found on their trip. To the Hebrides, also includes contemporary prints by Thomas Rowlandson, seventeen new maps and a comprehensive index.

Memoirs of the Great Blasket Island Jul 14 2021

A Loud but Noisy Signal? Aug 03 2020 Explores how public opinion affects policy-making in education and the conditions that make party and interest groups politics matter more.

**The Sugar Islands** Sep 23 2019 Alec Waugh first saw the West Indies on a trip round the world in 1926 when his ship called in at Guadeloupe. Fifteen months later he returned for a long stay at Martinique; it was the beginning of a lifelong interest in these fascinating islands that were to provide him with the material for many books and articles. In *The Sugar Islands*, a book to be dipped into at leisure, Mr. Waugh has selected pieces from his writings, with the intention of compiling both a travelogue (there is a wealth of interesting information for the would-be traveller about the ways of life and customs of each island) and a chronological commentary on the development of the islands during the last thirty years. The book is divided into four parts. In the first, the author gives an idea of the background of the West Indies by drawing a detailed picture of the colourful life of Martinique. He tells the story of a 17th-century Frenchman who joined the famous pirates of Tortugja and the history of the long bloodbath that preceded the declaration of independence of Haiti, the Black Republic. The second part of the book comprises four character sketches, including three stories of black magic, and two sections deal with the individual charm and interest of each of the islands: Montserrat, Barbados, Anguilla, Trinidad, St. Vincent, Tortola, the U.S. Virgin Islands, Saba, Antigua, Dominica and Puerto Rico.

**How the Irish Won the West** Mar 10 2021 From the Emerald Isle to the Wild West—true tales of the Irish who forged the American frontier in “a very enjoyable romp through the tumbleweed” (*The Irish Story*). Everyone knows how the Irish came to America in the 1800s seeking a new life. But less known are the stories of the Irish immigrants who got off the boats in the East, only to continue out West. Here are the stories of the Sons and Daughters of Erin who used their guts and gumption to make the West what it is today. From the Irish members of the infamous and ill-fated Donner Party to mountain men like Thomas Fitzpatrick, who discovered the South Pass through the Rockies; and women like Ellen and Nellie Cashman, who built a business empire, to Maggie Hall, whose body and beauty earned her the title “the whore with a heart of gold.” Full of fascinating facts, action, and adventure, *How the Irish Won the West* is “a wonderful and entertaining starting point for the history reader intent on learning more about the American West and the Irish part in its exploration and settlement” (*The Irish Story*).

The Scottish Islands May 12 2021 From the abandoned crofts of Mingulay to the standing stones of Orkney, from the white beaches of Colonsay to the spectacular Cuillins of Skye, this is the first complete gazetteer to cover all of Scotland's many hundreds of islands, including both those which are uninhabited and those which are notoriously difficult to reach. Packed with information on access, anchorages, points of historical or natural interest, and things to see and do, this fascinating compendium provides indispensable information for touring, for browsing, for reference, and for all those travellers who wish to sail to some of the most beautiful and remote places in the world. No other book can begin to emulate the range and depth of the information contained in *The Scottish Islands*. This is an impressive work of reference, providing a fascinating personal view of Scotland's distant outposts. Guide, history, travelogue - it is essential reading for all who love Scotland.
