EU Law Concentrate Aug 20 2021 *EU Law Concentrate* is written and designed to help you succeed. Written by experts and covering all key topics, *Concentrate* guides help focus your revision and maximise your exam performance. Each guide includes revision tips, advice on how to achieve extra marks, and a thorough and focused breakdown of the key topics and cases. Revision guides you can rely on: trusted by lecturers, loved by students... "I have always used OUP revision and Q&A books and genuinely believe they have helped me get better grades" - Anthony Poole, law student, Swansea University "The detail in this revision textbook is phenomenal and is just what is needed to push your exam preparation to the next level" - Stephanie Lomas, law student, University of Central Lancashire "It is a little more in-depth than other revision guides, and also has clear diagrams and teaches ways to obtain extra marks. These features make it unique" - Godwin Tan, law student, University College London "The concentrate revision guides stand out against other revision guides" - Renae Haynes Williams, law student, Bangor University "The exam style questions are brilliant and the series is very detailed, prepares you well" - Frances Easton, law student, University of Birmingham "The accompanying website for *Concentrate* is the most impressive I've come across" - Alice Munnelly, law student, Kings College London Online Resources Packed with essential information, key cases, revision tips, exam Q&As, and more, *EU Law Concentrate* is also supported by extensive online resources to take your learning further (www.oup.com/lawrevision/): - Pinpoint which areas you need to concentrate on with the diagnostic test - Test your knowledge with the multiple-choice questions and receive feedback on your answers - Improve your essay skills using the outline answers for guidance on what to include and how to structure your answer - Revise the facts and principles of key cases using the interactive flashcards - Learn the important terms and definitions using the interactive glossary - Check that you have covered the main points of a topic using the key facts checklists - Achieve better marks following the advice on revision and exam technique by experienced examiner Nigel Foster

Disability is Natural Dec 12 2020 In this user-friendly book, parents learn revolutionary common sense techniques for raising successful children with disabilities. When we recognize that disability is a natural part of the human experience, new attitudes lead to new actions for successful lives at home, in school and in communities. When parents replace today's conventional wisdom with the common sense values and creative thinking detailed in this book, all children with disabilities (regardless of age or type of disability) can live the life of their dreams. Readers will learn how to define a child by his or her assets - instead of a disability-related "problem," and how to create new and improved partnerships with educators, health care professionals, family and friends.

The Complete MRCGP Study Guide, 4th Edition Oct 10 2020 This new edition of the MRCGP Study Guide has been purposely revised and updated to comprehensively cover every aspect of the membership examination of the Royal College of General Practitioners. It takes you through all the main medical topics fundamental to general practice, all relevant non-clinical areas, and then finally tests you with an AKT and CSA style examination. All the information you need in one place. This guide can be used as a source of reference, and for revising, to ensure you are perfectly prepared. It saves you the colossal amount of time you would otherwise need to cover the same ground.

A Student's Guide to Education Studies Jun 05 2020 "The book introduces students to the exciting content of Education Studies by offering discussion of a wide range alternative visions of education. It provides the theoretical background needed for them to be able to carry out a critical analysis of education policy and practice and to challenge the perceived notions about learning and knowledge. This fifth edition has been extensively updated with new chapters on the sociology of education, the philosophy of education and inclusion, and a whole new section on childhood and youth. With a distinctive international and global focus, this is an essential resource for all students of Education Studies"--

College Students in Distress Nov 03 2022 Be prepared to deal with campus situations that involve students in emotional crisis *College Students in Distress* provides college personnel with invaluable information on how to identify and refer emotionally troubled students for professional counseling. Dr. Bruce S. Sharkin, a staff psychologist at Kutztown University in Pennsylvania, addresses general warning signs of student distress, symptoms of specific psychological problems such as anxiety and depression, guidelines for interventions, and methods of making a referral for counseling. The book also examines current mental health issues for college students and provides an overview of common campus policies and procedures, such as psychological emergencies, withdrawal and readmission, and mandatory counseling. *College Students in Distress* provides the answers you need to manage difficult—and potentially dangerous—situations on campus. Case examples based on real-life experiences give you a clear sense of what can happen when responding to students in emotional distress, particularly when dealing with specific issues and student populations, and will help in your efforts to review and/or revise the current practices of your school. This unique book is essential as a resource and referral guide that raises awareness of this growing national problem without being limited to the characteristics of a particular college or university. Topics examined in *College Students in Distress* include: the impact of mental health problems on academics the roles and functions of college counseling services indicators of emotional disturbance suicidal behavior self-inflicted harm eating disorders guidelines for intervention accommodations for students with psychological disabilities and much more *College Students in Distress* is a must-read for faculty and staff members, particularly those working in residential life, student health, and public safety, and for administrative offices within student services and student affairs.

PRINCE2 Study Guide Jun 17 2021 NOTE: The exam this book covered, PRINCE2, was retired by AXELOS in 2017 and is no longer offered. The International Student's Guide to UK Education Aug 08 2020 Are you thinking of studying at university in Britain? Do you feel confused about which course is best for you, which university to choose, and how to apply? Are you wondering about what kinds of challenges you will be faced with, how best to approach them and how to overcome them? If so, this guidebook is for you. Honest and accurate, this book acts as an international student introduction and cultural guide to UK Higher Education. It informs and guides students in their preparation for all aspects of UK HE, from university selection and application through to participation, and provides a clear understanding of how British universities function. Helping international students make the most of the many opportunities that university offers, this text will expand your knowledge of UK Higher Education with regards to: Application procedures Finances Self-awareness, cultural understanding and adaptation (social and academic) University administrative procedures, facilities and support Work and career information and advice. The International Student's Guide to UK Education is a comprehensive guide that will help students to develop critical and reflective ability in order to become independent, well-informed and empowered decision makers.

Supporting Student Diversity in Higher Education Jul 27 2019 Supporting Student Diversity in Higher Education is a working manual that is designed to help managers, academics and members of the professional service teams within universities, recruit and support a diverse student body across the student lifecycle at the same time as delivering a quality student experience in a challenging and pressured environment. Using the Student Experience Practitioner Model as a framework, this book helps colleagues responsible for improving the student experience navigate their way through the maze of student diversity across all levels of study, determining what to deliver, how to deliver it and to whom. It interlinks academic, welfare and support activities at faculty department, school, course and university level to support the student in their university journey. Containing 40 practical and innovative undergraduate UK and international case studies from across 12 countries spanning four continents, this book provides practical examples of recruiting and supporting a diverse student body. It includes initiatives to support: mature students (e.g. academic re-engagement); students with special needs (e.g. dyslexia and other disabilities); international students (e.g. language support requirements); students at risk (e.g. lower socio-economic groups, care leavers, male learners); Transfer and direct entry students (e.g. supporting students through this transition); individual learners and their learning needs (impact of personality on learning); students who support students (e.g. peer support). This book will be of great use to senior and middle administrative managers and academics involved in the recruitment, retention and progression of students; and also to anyone involved in education policy and students aiming to work in higher education.

Student Study Guide to Accompany Statistics Alive! 2e by Wendy J. Steinberg Aug 27 2019 This affordable student study guide and workbook to accompany Wendy Steinberg's Statistics Alive! text will help students get the added review and practice they need to improve their skills and master their Introduction to Statistics course.

Clinical Informatics Study Guide Oct 22 2021 This book provides content that arms clinicians with the core knowledge and competencies necessary to be effective informatics leaders in health care organizations. The content is drawn from the areas recognized by the American Council on Graduate Medical Education (ACGME) as necessary to prepare physicians to become Board Certified in Clinical Informatics. Clinical informaticians transform health care by analyzing, designing, selecting, implementing, managing, and evaluating information and communication technologies (ICT) that enhance individual and population health outcomes, improve patient care processes, and strengthen the clinician-patient relationship. As the specialty grows, the content in this book covers areas useful to nurses, pharmacists, and information science graduate students in clinical/health informatics programs. These core competencies for clinical informatics are needed by all those who lead and manage ICT in health organizations, and there are likely to be future professional certifications that require the content in this text.?

Student Study Guide to Accompany Statistics Alive! Jan 31 2020 This affordable student study guide and workbook to accompany Wendy J. A Student's Guide to Education Studies Jun 29 2022 This new edition of A Student's Guide to Education Studies is an essential resource for any undergraduate making their first explorations into the fascinating world of education. It explores a wide range of alternative visions of education encouraging students to challenge the perceived notions about learning and knowledge. Offering new perspectives and powerful ideas for discussion on a variety of long-standing topics such as class, race and gender, the book is organised around five enduring themes: Policy and Politics, Global and Environmental Education, Knowledge and Learning, Childhood and Youth, Professionalism and Employment. With a distinctive international and global focus, this new edition has been extensively updated to reflect the latest research and thinking in the field and features new chapters on: The sociology of education and the philosophy of education Inclusion Childhood and youth Professionalism and work-based learning Populism in politics Including summary points, questions for discussion and annotated suggestions for further reading, this book provides the theoretical background needed to carry out a critical analysis of education policy and practice and is an essential resource for all students of Education Studies.

Understanding Special Educational Needs Jul 19 2021 Teachers need to be fully equipped to respond to diversity in today's classrooms now more than ever before. The Professional

Standards for Qualified Teacher Status and Induction Standards are now the driving force behind initial teacher education, and students will need to demonstrate their competence against these, and in particular, their understanding of Special Educational Needs in today's inclusive classrooms. Each chapter of this indispensable text explores an important topic within SEN and directly relates it to the competencies, making it an essential course companion. Chapters on topics relating to the code of practice, school policy, literacy and numeracy, ICT, emotional and behavioural difficulties and dealing with parents all follow a similar template, which includes: a commentary on the relevant professional standards contextualising of the standards what teachers can do to promote effective practice. Detailed referencing will lead students to pursue more detailed individual texts, which address many of the issues in greater depth. This is an ideal, highly accessible text for student and new qualified teachers who need a reliable introduction to today's vital issues within Special Educational Needs.

The College Savings Resource Guide Nov 22 2021 The College Savings Resource Guide is a comprehensive guide unlike any other. Designed to save the reader money from Pre-K to Senior Citizen. What sets this book apart from others is that we have done the research for you and provide you hyperlink access to the resources that you would otherwise have to search. While other authors may state, "Check Promise programs to determine which is most suited to your needs," we instead provide you instant hyperlink access to a database of all the Promise Programs nationwide. We have done that with all the resources on all the different subject areas. Access to organizations that offer free tutoring at any age; free access to Microsoft Office 365 Education for those with valid school email addresses; tuition-free colleges; companies that provide free education benefits (some even for part-time employees). Grants, scholarships, loans, and student loan forgiveness programs. Methods to receive in-state rates for out-of-state Universities. Ways to reduce student housing and food expenses. Unique mechanisms such as scholarships for children as young as 5-year of age; proprietary lists of organizations that will assist you in completing the FAFSA; access to databases of hospitals providing tuition assistance for medical students in exchange for a work commitment; and resources to assist in obtaining a sports scholarship are just a few of topics covered. Do yourself a favor. Take a moment and read through the Introduction and the Foreword. With over 600 hyperlinks to information designed to save you money, there is something in this book for everyone. By expanding out the Table of Contents which are several pages long, you will see that we have tried to cover every expense and challenge that students encounter along the way. We know, because this book was developed from interviews, surveys, and questionnaires, of over 5000 students, teachers, parents, academic advisors, financial aid representatives, and school counselors. Written from the perspective of "If only I knew then, what I know now", this book illustrates successes and mistakes that students before you have made, so that you can learn from their experiences and save.

The Media and Communications Study Skills Student Guide Jul 31 2022 All the tips, ideas and advice given to, and requested by, MA students in Media and Communications, are brought together in an easy-to-use accessible guide to help students study most effectively. Based upon many years of teaching study skills and hundreds of lecture slides and handouts this introduction covers a range of general and generic skills that the author relates specifically towards media and communications studies. As well as the mechanics of writing and presentations, the book also shows how students can work on and engage with the critical and contemplative elements of their degrees whilst retaining motivation and refining timekeeping skills. Of course the nuts and bolts of reading, writing, listening, seminars and the dreaded dissertation and essays are covered too. In addition advice on referencing, citation and academic style is offered for those with concerns over English grammar and expression. Aimed primarily at postgraduate students, there is significant crossover with undergraduate work, so this book will also prove of use to upper level undergraduate readers whether using English as a first or second language.

The Arts Good Study Guide Jul 07 2020 This invaluable study guide is specifically written for students studying the arts and humanities whether beginners or more experienced. It offers comprehensive guidance on key skills and helps students to learn how to present their thoughts with confidence, both in discussion with other people and in writing. Topics covered include: - Reading and understanding written, visual and aural texts; - Writing fluently and convincingly making good use of textual illustration and evidence; - The processes of analysis-interpretation-evaluation; - Getting the most out of lectures, group discussions, audio-visual media and galleries, theatres and museums; - Research techniques including writing a project report.

The Only Study Guide You'll Ever Need Feb 11 2021 We've all been there: a new school year starts and there's 8 months till your exams - that's plenty of time, right? Then there's 6 months, 3 months, 1 month and oh, now there's 2 weeks left and you haven't started studying... What happens next is a panic-induced mayhem of highlighting everything in the textbook (without even questioning if it's actually helpful). But I'm here to help you change this! In *The Only Study Guide You'll Ever Need*, I'll cover a range of different topics including: · How to get started and pick up that pen · Learning techniques that actually work (hello, science of memory!) · The dos and don'ts of timetabling · And combatting fear of failure, perfectionism, exam stress and so much more! As a fellow student now at university, I definitely don't have a PhD in Exam Etiquette but this is the book younger me needed. All I wanted was one place that had a variety of tried-and-tested methods with reassurance from someone who had recently been through the education system. *The Only Study Guide You'll Ever Need* is just that, and I have collected the best techniques and tools I wish I'd known earlier to help you get through your studies and smash your exams! Jade x
