*Eva - A Novel by Carry van Bruggen* Sep 05 2020 Eva, a 1927 novel by Dutch writer Carry van Bruggen, is an experiment in depicting a woman's life from girlhood to marriage, and beyond, to sexual freedom and independence. At the same time, the narrative expresses Eva's dawning sense of self and expanding subjectivity through a stream of consciousness told by a shifting narrator. Burdened all of her life by feelings of shame, at the end of the novel Eva overcomes this legacy of her upbringing and declares that it is 'bodily desire that makes love acceptable'. Carry van Bruggen's rich and varied language conveys Eva's experience of the world. Powerful memories of an orthodox Jewish childhood pervade the novel with its fluid sense of time. As Eva puts it, 'I let these years slip through my fingers like a stream of dry, glinting sand.' Jane Fenoulhet makes this important modernist novel accessible to English readers for the first time. While it can be described as a becoming-woman of both Eva and her creator, so can the translation be seen as the translator's own becoming, as Fenoulhet explains in the accompanying commentary, where she also describes the challenges of translating van Bruggen's dynamic, intense narrative. For Fenoulhet, translation is more a matter of personal engagement with the novel than a matter of word choice and style. In this way, the emotional and intellectual life of the main character is re-enacted through translation.

**A Question of Upbringing** May 26 2022 'He is, as Proust was before him, the great literary chronicler of his culture in his time.' GUARDIAN 'A Dance to the Music of Time' is universally acknowledged as one of the great works of English literature. Reissued now in this definitive edition, it stands ready to delight and entrance a new generation of readers. In this first volume, Nick Jenkins is introduced to the ebbs and flows of life at boarding school in the 1920s, spent in the company of his friends: Peter Templer, Charles Stringham, and Kenneth Widmerpool. Though their days are filled with visits from relatives and boyish pranks, usually at the expense of their housemaster Le Bas, a disastrous trip in Templer's car threatens their new friendship. As the school year comes to a close, the young men are faced with the prospects of adulthood, and with finding their place in the world.

Examining Information Retrieval and Image Processing Paradigms in Multidisciplinary Contexts Jun 26 2022 Across numerous industries in modern society, there is a constant need to gather precise and relevant data efficiently and quickly. As such, it is imperative to research new methods and approaches to increase productivity in these areas. Examining Information Retrieval and Image Processing Paradigms in Multidisciplinary Contexts is a key source on the latest advancements in multidisciplinary research methods and applications and examines effective techniques for managing and utilizing information resources. Featuring extensive coverage across a range of relevant perspectives and topics, such as knowledge discovery, spatial indexing, and data mining, this book is ideally designed for researchers, graduate students, academics, and industry professionals seeking ways to optimize knowledge management processes.

Erfolgreich publizieren im Zeitalter des E-Books Feb 20 2022 Autoren, Illustratoren und Verlage stehen vor einer neuen und in ihren Auswirkungen noch nicht vollständig greifbaren Evolutionsstufe des digitalen Contents. Das sog. „E-Book“ steht für diesen technologiegetriebenen Aufbruch in die multi- und crossmediale Aufbereitung, Verwertung und Aufwertung des klassischen Buches. Noch zeigt sich die Verlagsszene ambivalent und ruhig, fehlt doch weiterhin die erhoffte und zugleich gefürchtete boomauslösende „Killer-Applikation“. Auch hat der Markt noch keine endgültige Entscheidung über den technologischen Weg getroffen. So gibt es zur Zeit noch keinen eindeutigen Marktführer bei den Lese-Devices. Andererseits ist allen bewusst, es ist die „Ruhe vor dem Sturm“, denn das mit Internet, Tablets, Apps, HTML5 und weiteren Technologien aufgebaute Innovationspotential wird nicht mit der von CD-ROM und Hörbuch vor Jahren ausgelösten marginalen Marktveränderung vergleichbar sein. Somit stellen sich die Fragen: Wo geht die Reise hin? Wann geht es wirklich los? Wie muss man sich „aufstellen“? Dieses Buch bietet einen pragmatischen und zielorientierten Leitfaden in die Zukunft des digitalen Buches, dem sog. E-Book. Es ist Pflichtlektüre für alle Autoren, Illustratoren und Verlagsmitarbeiter, die sich dieser Zukunft erfolgreich stellen wollen. In einer 360-Grad-Betrachtung wird über sämtliche Aspekte des digitalen Buches, und deren Vernetzung, zielgerichtet informiert, angeleitet und auch „visioniert“. Beginnend mit dem Wesen und den Ansprüchen des künftigen Lesers, über die involvierten Technologien bis hin zu rechtlichen Fragestellungen und den neuen Formen des Marketings werden sämtliche Aspekte ausführlich, verlässlich und übergreifend dargestellt. Jede Partei erhält über ihre neuen Aufgaben, Rollen und Möglichkeiten präzise Informationen, die künftig weit über das „bloße Schreiben und Drucken“ hinausreichen. Gleichzeitig werden auch die neuen Konkurrenzsituationen, Chancen und Sinnfragen beleuchtet, die den Kontext der anstehenden gravierenden Marktveränderung ausmachen. Als Leitfaden der Praxis konzipiert macht dieses Buch alle Beteiligten stark und kompetent für die jeweilige persönliche Rolle, Aufgabe und Herausforderung im künftigen Produktumfeld der „elektronischen Bücher“.

**Malifact** Jul 28 2022 Evil has many faces, but for Detective Karen Murphy, the evil that she comes face to face with is beyond anything her rational mind could have conjured up. The sorcerer who slaughtered the family of the boy king Tutankhamun and murdered Cleopatra is at large in modern San Francisco. Karen's only hope is the mysterious Frenchman who seemingly defeated the sorcerer over 60 years before and now returns to make good on the prophetic words of an angry goddess from 35 centuries ago - that evil will die at the hands of a child unborn.

*The Big Exit* Oct 07 2020 Fresh out of prison, Richie Forman tries to settle back into his life in the Bay Area. By day, he works at a law firm dedicated to freeing innocent men from prison. By night, he makes a living impersonating Frank Sinatra. But then his ex-best friend is found hacked to death in his garage, and Richie becomes the prime suspect. In a murder mystery with the intricacies of a microchip, David Carnoy weaves his characters like a master.

**Social Ontology and Modern Economics** Sep 29 2022 Economists increasingly recognise that engagement with social ontology – the study of the basic subject matter and constitution of social reality - can facilitate more relevant analysis. This growing recognition amongst economists of the importance of social ontology is due very considerably to the work of members of the Cambridge Social Ontology Group. This volume brings together important papers by members of this group, some previously unpublished, in a collection that reveals the breadth and vitality of this Cambridge project. It provides a brilliant introduction to the central themes explored, perspectives sustained, insights achieved and how the project is moving forward. An initial set of papers examine how ontology is understood and justified within this Cambridge project and consider how it compares with prominent historical and contemporary alternatives. The majority of the included papers involve social ontological analysis being put to work directly in underlabouring for specific types of development in economics. The papers are grouped according to their contribution to clarifying and developing (i) various competing traditions and projects of modern economics, (ii) history of thought contributions, (iii) methodological concerns, (iv) ethics and (v) conceptions of particular aspects of social reality, including money, gender, technology and institutions. Background to and a brief history of the Cambridge group is provided in the Introduction. Social Ontology and Modern Economics will be of interest not only to economists but also philosophers of social science, social theorists and those eager to explore the nature of gender, social institutions and technology.

**Staging the Third Reich** Dec 29 2019 A widely celebrated intellectual historian of twentieth-century Europe, Anson Rabinbach is one of the most important scholars of National Socialism working over the last forty years. This volume collects, for the first time, his pathbreaking work on Nazi culture, antifascism, and the after-effects of Nazism on postwar German and European culture. Historically detailed and theoretically sophisticated, his essays span the aesthetics of production, messianic and popular claims, the ethos that Nazism demanded of its adherents, the brilliant and sometimes successful efforts of antifascist intellectuals to counter Hitler's rise, the most significant concepts to emerge out of the 1930s and 1940s for understanding European authoritarianism, the major controversies around Nazism that took place after the regime's demise, the philosophical claims of postwar philosophers, sociologists and psychoanalysts—from Theodor Adorno to Hannah Arendt and from Alexander Kluge to Klaus Theweleit—and the role of Auschwitz in European history.

**The Loosening Skin** Jan 28 2020 Shortlisted for the Arthur C. Clarke Award, John W. Campbell Award, British Fantasy Awards and the Brave New Words Award. A gripping and strange story of shedding skins, love and moving on from the award-winning author of *The Beauty*. Includes an exclusive short story set in the world of *The Loosening Skin*. Rose Allington is a bodyguard for celebrities, and she suffers from a rare disease. Her moults come quickly, changing everything about her life, who she is, who she loves, who she trusts. In a world where people shed their skin, it's a fact of life that we move on and cast off the attachments of our old life. But those memories of love can be touched - and bought - if you know the right people. Rose's former client, superstar actor Max Black, is hooked on Suscutin, a new wonderdrug that prevents the moult. Max knows his skins are priceless, and moulting could cost him his career. When one of his skins is stolen, and the theft is an inside job, Max needs the best who ever worked for him - even if she's not the same person. Includes an exclusive short story set in the world of *The Loosening Skin*.

**English Language Learning and Technology** Jun 22 2019 This book explores implications for applied linguistics of recent developments in technologies used in second language teaching and assessment, language analysis, and language use. Focusing primarily on English language learning, the book identifies significant areas of interplay between technology and applied linguistics, and it explores current perspectives on perennial questions such as how theory and research on second language acquisition can help to inform technology-based language learning practices, how the multifaceted learning accomplished through technology can be evaluated, and how theoretical perspectives can offer insight on data obtained from research on interaction with and through technology. The book illustrates how the interplay between technology and applied linguistics can amplify and expand applied linguists' understanding of fundamental issues in the field. Through discussion of computer-assisted approaches for investigating second language learning tasks and assessment, it illustrates how technology can be used as a tool for applied linguistics research.

**Mobile Marketing** Mar 24 2022 Mobilität, Flexibilität und Unabhängigkeit haben sich in den vergangenen Jahren zu den zentralen Charaktereigenschaften der heutigen Gesellschaft entwickelt. Die mobile Kommunikation passte sich fortwährend diesem Trend an, weshalb auch die mobilen Endgeräte zunehmend an Bedeutung gewinnen. Mit einer Penetrationsrate von über 106 Prozent hat die mobile Kommunikation über alle Bevölkerungsschichten hinweg die Verbreitung von Internet oder Festnetzanschlüssen betroffen. Demzufolge sind mobile Endgeräte längst deutlich stärker als andere Kommunikationsgeräte verbreitet. Dabei beschränkt sich die mobile Kommunikation gegenwärtig keinesfalls mehr nur auf die reine Übertragung von Sprache. Mit dem starken Penetrationsschub der mobilen Endgeräte ging ein Wandel des Mobilfunkmarktes einher, der neben der reinen Sprachübertragung nunmehr insbesondere eine Übertragung von multimedialen Daten erlaubt. In Verbindung mit immer leistungsfähiger werdenden Übertragungsstandards im Mobilfunk und der zunehmenden Verbreitung mobiler Endgeräte rücken auch Mobile-Marketing-Aktivitäten in den Fokus der Marketer. In einer Zeit, die sich sowohl durch eine starke Reiz- und Informationsüberflutung als auch durch ihre Schnelllebigkeit auszeichnet, liegt es regelrecht auf der Hand, das mobile Endgerät aus Unternehmenssicht für zielgruppengenaue Marketing-Aktivitäten zu verwenden. Das ist vor allem damit zu begründen, dass dieses sehr persönliche Medium mittlerweile nicht nur als Kommunikations-, sondern auch als Werbeinstrument im Rahmen des Mobile Marketings genutzt werden kann. Bisher haben Mobile-Marketing-Akteure das mobile Endgerät fast ausschließlich für Ankündigungen in Form von Sprachmitteilungen oder zur Vermittlung von SMS-/MMS-Botschaften genutzt. Doch im Zuge der anhaltenden Weiterentwicklung mobiler Technologien haben sich eine Vielzahl von Mobile-Marketing-Instrumenten aufgetan, die es beispielsweise erlauben, mobile Gutscheine über Applikationen oder mobile Websites zu verbreiten.

**Dancehall** Sep 25 2019 Dancehall: A Reader on Jamaican Music and Culture contextualizes the emergence of the globally popular dancehall genre, while tracing the complex and often contradictory aspects of its evolution, dispersion and politics. This collection of foundational essays places dancehall in context with cutting-edge analyses of performance modes and expression, genre development, and impact in the wider local, regional and international socio-political milieu of struggles by black Jamaicans in particular and cultural adherents more broadly. Dancehall is one of eight musical genres created in Jamaica and, in the past two decades, it has become one of the most influential Jamaican cultural exports since reggae. The impact of dancehall extends far beyond Jamaica and is evident in music genres (such as hip hop, trip hop, jungle, reggaeton, South African kwaito and Nigerian Afrobeats) and international fashion, film and dance. This interdisciplinary volume documents various aspects of dancehall's global impact, evolution and influence in gender, political economy, geography, ethnomusicology, spirituality, music production, fashion and language. Each selection interrogates the range of meanings ascribed to dancehall culture, a phenomenon which has been seen to be associated with violence, crime and debauchery. This collection exposes the immense cultural work towards self-expression and identity in post-colonial Jamaica which takes shape through dancehall and the contributors apply a new level of seriousness, depth and academic rigour to dancehall studies.

**The Human Division** Oct 19 2021 Hard-core science fiction at its very best, John Scalzi's *The Human Division* is the fifth in *The Old Man's War* series. Lieutenant Harry Wilson has an impossible mission. He must help preserve the union of humanity's colonies, in the wake of a terrible revelation. For years the Colonial Union has protected its citizens from the dangerous universe around them. But the people of Earth now know the ugly truth. The Union deliberately kept Earth as an ignorant backwater – and as a source of recruits for its war against hostile aliens. Now, other alien races have formed a new alliance against the Union. And they've invited the incensed people of Earth to join them. Managing the Colonial Union's survival will take all the political cunning and finesse its diplomats can muster. And Harry and his team will be deployed to deal with the unexpected – for failure is unthinkable. Continue the gripping space war series with *The End of All Things*.

**What is e-book?** Oct 31 2022 The e-book guide for publishers: how to publish, EPUB format, ebook readers and suppliers. An electronic book (also e-book, ebook, electronic book, digital book) is a book-length publication in digital form, consisting of text, images, or both, and produced on, published through, and readable on computers or other electronic devices. An e-book can be purchased/borrowed, downloaded, and used immediately, whereas when one buys or borrows a book, one must go to a bookshop, a home library, or public library during limited hours, or wait for a delivery. Electronic publishing or ePublishing includes the digital publication of e-books and electronic articles, and the development of digital libraries and catalogues. EPUB (short for electronic publication; alternatively capitalized as ePub, ePUB, EPub, or epub, with "EPUB" preferred by the vendor) is a free and open e-book standard by the International Digital Publishing Forum (IDPF). Self-publishing is the publication of any book or other media by the author of the work, without the involvement of an established third-party publisher. One of the greatest benefits brought about by ebooks software is the ability for anyone to create professional ebooks without having to fork out thousands of dollars to design and publish a book. People can easily become authors overnight and earn income from selling online ebooks.

**The Last Good Man** Jul 24 2019 "A poignant, satisfying romance." -Library Journal "Compelling."-Booklist "A good man is hard to find, but a romance by Eagle is a good place to start." -Kirkus Reviews Gorgeous, famous Savannah Stephens is back, and no one in her hometown, Sunbonnet, Wyoming, really knows why. Especially not Clay Keogh, the good-hearted rancher who has loved her from afar since they were kids. Savannah's young daughter looks just like Savannah's first love: local bad boy Kole Kills Crow, Clay's half-brother. Has Savannah come home to start a new relationship with Kole? Whatever her secrets, it's clear that she's deeply troubled and needs a shoulder to lean on. Clay is there for her, and she soon realizes that he's a very special man. But until she can bring herself to share the painful truth about her fall from stardom, the emotional distance between her and Clay may separate them forever. About the Author: Bestselling author Kathleen Eagle retired from a seventeen-year teaching career on a North Dakota Indian reservation to become a full-time novelist. The Lakota Sioux heritage of her husband and their three children has inspired many of her stories. Among her honors, she has received a Career Achievement Award from Romantic Times, the Midwest Fiction Writer of the Year Award, and Romance Writers of America's prestigious RITA Award. Library Journal named *THE NIGHT REMEMBERS* one of the five best romances of the year. Kathleen takes great pleasure in reading letters from readers who tell her that her books have tugged at their heartstrings, entertained, inspired, and even enlightened them. Print and Electronic Text Convergence Oct 26 2019 With the progressive digitisation of the book production processes, we see the emergence of a potentially potent mix of new technologies. Not potent because these technologies are capable of driving change alones, but potent for the commercial and cultural drivers which may work in concert with new technologies to transform the world of books and reading. Central to these technological developments is the convergence of the technologies of etext and digital print. This book examines recent technological changes in book production. Our focus is in part on technological actuality, centred mostly on the digitisation of text and its consequences. Our focus is also on the realm of possibility. Where might these technological shifts lead us? What are the commercial and cultural conditions under which technological possibility might bear fruits? Within this volume we look specifically at the changing definition of a 'book'. A book is no longer a tangible thing; a book is what a book does. It is information architecture. We examine the various manifestations of electronic book readers and imminent technologies, such as electronic ink, including case study on the use of ebook reading devices by a lending library, and speculate about other uses of such devices. We see the convergence of print and etext - manifestations of the same thing - electronically stored text, with the difference demonstrated only in the shift in mindset necessary to accommodate emergent forms of digital text - as information services within a product-service system, the changing shape of digital design and changes in printing technologies from letterpress to the rise of digital printing.

**Agent Sonya** May 14 2021 The international bestselling author of *The Spy* and *The Traitor* reveals one of the last great untold spy stories of the twentieth century: the woman hidden in plain sight who set the stage for the Cold War. In 1942, in a quiet village in the leafy Cotswolds, an unassuming woman lived in a small cottage with her children and machinist husband, Len. Ursula Burton was friendly but reserved, and spoke English with a slight foreign accent. By all accounts, she seemed to be living a simple life. Her neighbours had no idea that Burton was in fact a dedicated communist and Soviet Colonel who had conducted espionage operations in China, Poland, and Switzerland. They did not know that Burton kept a powerful radio transmitter connected to Moscow in the outhouse or that Len too was a spy. And they certainly did not know that Burton frequently biked across the countryside to rendezvous with Klaus Fuchs, the nuclear physicist working on Britain's top-secret atomic-weapons program—also her best agent. Macintyre's latest true-life spy story is a masterpiece about the woman code-named "Sonya," one of the most important female spies in history. Hunted by the Chinese, Japanese, Nazis, MI5, MI6, and FBI, she evaded all and survived the brutal Soviet purges that left her friends and colleagues dead. Her story reflects the great ideological clash of the twentieth century, between communism, fascism, and Western democracy, casting new light on the spy battles and shifting allegiances of our own times. With unprecedented access to Sonya's papers and intelligence files, Macintyre conjures a thrilling secret history of a landmark agent, a true original who altered the course of the Cold War and helped plunge the world into a nuclear standoff that would last for decades.

**Mambo in Chinatown** Mar 12 2021 From the bestselling author of *Searching for Sylvie Lee* and *Girl in Translation*, a novel about a young woman torn between her family duties in Chinatown and her escape into the world of ballroom dancing. Twenty-two-year-old Charlie Wong grew up in New York's Chinatown, the older daughter of a Beijing ballerina and a noodle maker. Though an ABC (America-born Chinese), Charlie's entire world has been limited to this small area. Now grown, she lives in the same tiny apartment with her widower father and her eleven-year-old sister, and works—miserably—as a dishwasher. But when she lands a job as a receptionist at a ballroom dance studio, Charlie gains access to a world she hardly knew existed, and everything she once took to be certain turns upside down. Gradually, at the dance studio, awkward Charlie's natural talents begin to emerge. With them, her perspective, expectations, and sense of self are transformed—something she must take great pains to hide from her father and his suspicion of all things Western. As Charlie blossoms, though, her sister becomes chronically ill. As Pa insists on treating his ailing child exclusively with Eastern practices to no avail, Charlie is forced to try to reconcile her two selves and her two worlds—Eastern and Western, old world and new—to rescue her little sister without sacrificing her newfound confidence and identity.
