**Barnum** Nov 25 2019 "Robert Wilson's Barnum, the first full-dress biography in twenty years, eschews clichés for a more nuanced story...It is a life for our times, and the biography Barnum deserves." —The Wall Street Journal P.T. Barnum is the greatest showman the world has ever seen. As a creator of the Barnum & Baily Circus and a champion of wonder, joy, trickery, and "humbug," he was the founding father of American entertainment—and as Robert Wilson argues, one of the most important figures in American history. Nearly 125 years after his death, the name P.T. Barnum still inspires wonder. Robert Wilson's vivid new biography captures the full genius, infamy, and allure of the ebullient showman, who, from birth to death, repeatedly reinvented himself. He learned as a young man how to wow crowds, and built a fortune that placed him among the first millionaires in the United States. He also suffered tragedy, bankruptcy, and fires that destroyed his life's work, yet willed himself to recover and

succeed again. As an entertainer, Barnum courted controversy throughout his life—yet he was also a man of strong convictions, guided in his work not by a desire to deceive, but an eagerness to thrill and bring joy to his audiences. He almost certainly never uttered the infamous line, “There’s a sucker born every minute,” instead taking pride in giving crowds their money’s worth and more. Robert Wilson, editor of *The American Scholar*, tells a gripping story in *Barnum*, one that’s imbued with the same buoyant spirit as the man himself. In this “engaging, insightful, and richly researched new biography” (*New York Journal of Books*), Wilson adeptly makes the case for P.T. Barnum’s place among the icons of American history, as a figure who represented, and indeed created, a distinctly American sense of optimism, industriousness, humor, and relentless energy.

*From Now On* Jan 28 2020 A brilliant new Lent Course for 2019, based on the hugely popular film *The Greatest Showman*. The 2018 Golden Globe-nominated movie starring Hugh Jackman, about the founder and stars of the Barnum & Bailey Circus is ideal for Lenten study of Christian themes of hope, redemption and new life. The five-week course offers discussion points, biblical reflections and prayers based on short excerpts from the film. The themes are: (1) 'A Million Dreams', exploring what liberation and hope might look like for an 'outsider' in the world; (2) 'Come Alive', exploring how the family of faith can bring hope and purpose; (3) 'Rewrite the stars', asks what forms of resistance can be placed in the way of salvation; (4) 'Never Enough', questions the temptations of false fulfilment that can lead us to betrayal; (5) 'The Greatest Show', shows how redemption is found when we discover 'the circus is our home'.

*The Greatest Show Off Earth* Jul 14 2021 Raymond's had a rough couple of days. Snatched from his allotment by a flying starfish from Uranus and sold as a delicacy in a Venusian food market, it seems like his luck has changed when he is rescued by the travelling circus. But then this isn't an ordinary circus.

**The Greatest Show on Dirt** Mar 22 2022 Minor league baseball is the land of dreamers, where young men endure months on the road, long bus rides, bad food, and constant pressure while they hone their craft and reach for the next rung up the ladder. Like the players on the field, the men and women who work for the teams put in long hours for low pay to be part of the game they love. It doesn't take Lane Hamilton long to understand the appeal. When he's fired for sleeping through an important meeting at the bank where he works, Lane hooks on as an operations assistant with the Durham Bulls. Every day at historic Durham Athletic Park brings something new, and despite the grueling hours, Lane's too busy ducking jealous co-workers and amped-up relief pitchers to ever get bored. Set in the same beloved old stadium where Bull Durham was filmed, *The Greatest Show on Dirt* provides a look at baseball from a different angle. Players come and go, but there would be no games without a front office to sell the tickets, groom the field, and open the gates to let the fans in. A former Bulls employee who later spent six years covering the minor leagues for Baseball America, James Bailey has crafted a realistic, yet often hilarious, account of a young man's indoctrination into life in the bush leagues. Reviewers have lauded the colorful cast of characters, from foul-mouthed, 12-year-old groundskeeper Spanky Paul to subtle middle-aged cougar Faith Andrews, who's looking to peddle more than t-shirts out of the team's souvenir shop. Ben Steelman of the Wilmington (N.C.) *StarNews* says, “Lane's co-workers are colorful enough to make Damon Runyan's characters look like the cast of a Henry James novel.” And Tom Hoffarth of the Los Angeles *Daily News* says, “[I]t's not just believable, but is easy to imagine as being the starting point for a movie script—even with Bull Durham already a classic. Bailey doesn't use baseball locker-talk for shock value, but keeps the reader moving at the right pace, fully locked and loaded, trying to figure out how this crumbling old minor-league park will somehow expose the secret to life for at least one person who feels disconnected, but is willing to listen to see if it's speaking his language.”

*The Greatest Show on Earth* May 24 2022 Richard Dawkins transformed our view of God in his blockbuster, *The God Delusion*, which sold millions of copies in English alone. He revolutionized the way we see natural selection in the seminal bestseller *The Selfish Gene*. Now, he launches a fierce counterattack against proponents of "Intelligent Design" in his New York Times bestseller, *The Greatest Show on Earth*. "Intelligent Design" is being taught in our schools; educators are being asked to "teach the controversy" behind evolutionary theory. There is no controversy. Dawkins sifts through rich layers of scientific evidence—from living examples of natural selection to clues in the fossil record; from natural clocks that mark the vast epochs wherein evolution ran its course to the intricacies of developing embryos; from plate tectonics to molecular genetics—to make the airtight case that "we find ourselves perched on one tiny twig in the midst of a blossoming and flourishing tree of life and it is no accident, but the direct consequence of evolution by non-random selection." His unjaded passion for the natural world turns what might have been a negative argument, exposing the absurdities of the creationist position, into a positive offering to the reader: nothing less than a master's vision of life, in all its splendor.

**The Greatest Show on Earth** Jun 13 2021 \*Includes pictures. \*Highlights Barnum's entertainment career and transition into the circus. \*Includes a

bibliography for further reading. "We bring you the circus - that Pied Piper whose magic tunes lead children of all ages into a tinsel and spiced world of reckless beauty and mounting laughter; whirling thrills; of rhythm, excitement and grace; of daring, enflaming and dance; of high-stepping horses and high-flying stars. But behind all this, the circus is a massive machine whose very life depends on discipline, motion and speed - a mechanized army on wheels that rolls over any obstacle in its path - that meets calamity again and again, but always comes up smiling - a place where disaster and tragedy stalk the Big Top, haunts the back yard, and rides the circus train - where Death is constantly watching for one frayed rope, one weak link, or one trace of fear. A fierce, primitive fighting force that smashes relentlessly forward against impossible odds: That is the circus - and this is the story of the biggest of the Big Tops - and of the men and women who fight to make it." - Opening remarks from the film *The Greatest Show On Earth!*, a drama set in the Ringling Brothers and Barnum & Bailey Circus. Americans have loved traveling circuses for generations, and none represent the country's love for entertainment quite like the most famous of them all, the Ringling Bros. and Barnum & Bailey Circus. The five brothers who started a circus in Wisconsin, as well as P.T. Barnum, have had their names become synonymous with the circus, so it's only fitting that the manner in which these men entered the business and the merging of their traveling circuses together also make for great stories. Circus promoters have long been viewed as somewhat shady hucksters, but none could top P.T. Barnum, who used a blend of traditional circus entertainment, freak show exhibits, and outright hoaxes to create "The Greatest Show on Earth". Barnum introduced America to Jumbo the Elephant, one of the most legendary acts in the history of the circus, as well as "exhibits" like Joice Heth, an elderly African American woman Barnum advertised as a 161 year old who nursed George Washington. He also notoriously perpetrated hoaxes with General Tom Thumb and claimed to have a live mermaid, so it's no surprise that Barnum is often apocryphally quoted as saying, "There's a sucker born every minute." While he didn't actually say that, he said something similar: "Nobody ever lost a dollar by underestimating the taste of the American public." Around the same time that Barnum was operating the Barnum & Bailey's circus, the Ringling Brothers were engaging in more traditional circus activities in Wisconsin. As their traveling circus became better known in the late 1880s, it was advertised as the "Ringling Brothers United Monster Shows, Great Double Circus, Royal European Menagerie, Museum, Caravan, and Congress of Trained Animals". The Ringling Brothers were eventually successful enough that they were able to buy Barnum's circus after Barnum had already died, and they merged the traveling circuses together in 1919. *The Greatest Show on Earth: The History of the Ringling Bros. and Barnum & Bailey Circus* examines the origins of the famous circuses, the background of the important individuals involved, and their merger into the most famous circus of all. Along with pictures of important people, places, and events, you will learn about "The Greatest Show on Earth" like never before, in no time at all.

*China's Change: The Greatest Show On Earth* Mar 10 2021 China's Change injects timely, original ideas into the world's most important, if confused, debate over how to manage the twin challenges of anaemic economic growth and accelerating global disruption. Change is the cry from the US to Europe, Asia to Australasia. The snag is the West has no playbook to help. China however, to regain control of its future, has regularly reinvented

itself by understanding change's nature through traditional philosophy. This book argues it is time to "Look to China" but stresses China's approach to managing change only supplies the process not individual policies: the how not the what. Policies have to be created locally. In managing change, traditional thought is China's X-Factor, the key to China's record-breaking economic transformation. To grasp this, China's Change provides an understanding of China's past, present and future through its philosophy, history, economics, business, politics, prospects and impact in a way that no other book has done. Two big global questions are answered. Can other countries, firms and individuals find paths out of their dim twilight by adapting China's change process? Can China continue to create one-third of world growth, more than the US, EU and Japan combined, to help cure the last decade's global economic malaise? China's roadmap for change enables anyone to navigate growing global disruption. Ironically China's process is built on such ignored-in-the-West ideas as long-term thinking, clear priorities, gradualism and non-ideological pragmatism that earlier powered two centuries of Western economic dominance. If the West and rest of Asia learn from China to manage change, the next global surprise could be another turning of the tables. There is no end to history, only more turns of the wheel: for now China's Change is again the Greatest Show on Earth. **The Greatest Show on Earth** Sep 28 2022 Young Harry feels useless because he lacks the talents that other family members have as circus performers.

**The Greatest Show on Earth** Apr 23 2022 In this black comedy, the spotlight shines upon those who love it most: the self-obsessed, self-help culture and the media that generates hysteria for the sake of entertainment, bringing the cults of victimhood and celebrity together. Nothing is sacred in the network competitions for the next big hit, and in their treatment of newsworthy events, the line between truth and fiction doesn't matter as much as the almighty dollar. Satire, it has been said, is not possible in America because everything eventually comes true. Tragedy, you might say, is both cheapened and still to come when the media gets involved. The Greatest Show on Earth is a timely commentary about the media frenzy surrounding allegations of sex abuse and the popular mania for Reality TV.

**The Greatest Shows on Earth** Oct 17 2021 "Step right up!" and buy a ticket to the Greatest Show on Earth—the Big Top, containing death-defying stunts, dancing bears, roaring tigers, and trumpeting elephants. The circus has always been home to the dazzling and the exotic, the improbable and the impossible—a place of myth and romance, of reinvention, rebirth, second acts, and new identities. Asking why we long to soar on flying trapezes, ride bareback on spangled horses, and parade through the streets in costumes of glitter and gold, this captivating book illuminates the history of the circus and the claim it has on the imaginations of artists, writers, and people around the world. Traveling back to the circus's early days, Linda Simon takes us to eighteenth-century hippodromes in Great Britain and intimate one-ring circuses in nineteenth-century Paris, where Toulouse-Lautrec and Picasso became enchanted with aerialists and clowns. She introduces us to P. T. Barnum, James Bailey, and the enterprising Ringling Brothers and reveals how they created the golden age of American circuses. Moving forward to the whimsical Circus Oz in Australia and to New York City's Big Apple Circus and the grand spectacle of Cirque du Soleil, she shows how the circus has transformed in recent years. At the center of the story are the people—trick riders and tightrope walkers, sword swallows and animal trainers, contortionists and clowns—that created the sensational, raucous, and sometimes titillating world of the circus. Beautifully illustrated and filled with rich historical detail and colorful anecdotes, The Greatest Shows on Earth is a vibrant history for all those who have ever dreamed of running away to the circus.

**The Greatest Show** Aug 23 2019 Fire sweeps along the wall of a circus tent while inside thousands of people enjoy a Ringling Brothers and Barnum and Bailey matinee. Within minutes, flames consume the canvas and vast sections collapse, killing 168 people and injuring hundreds more. Inspired by the 1944 Hartford Circus Fire, the interconnected stories in Michael Downs's The Greatest Show explore the aftermath of a disaster in a world of clowns, elephants, and childhood fantasies. In the opening story, Ania Liszak, a young Polish housemaid, steals circus tickets from her employer to take her three-year-old son, Teddy, to the matinee. The fire nearly kills both and leaves them scarred in different ways: Teddy's mother enjoys the beautiful strangeness of the scar on her face, but the patches across Teddy's body inspire cruel schoolmates to call him "Lizard Liszak." Over time, his mother transforms her pain into drama, while Teddy, having no memory of that day, seeks ways to return to it. These and other captivating characters appear throughout the book, creating a portrait of an American city and its people over five decades, raising questions about wounds and healing, memory and forgetting, and about the human capacity for kindness -- with all its futility and power -- in the midst of great loss.

**The Greatest Show in the Arctic** Mar 30 2020 In Gilded Age America, Arctic explorers were fabulous celebrities—assured of riches and near-immortality so long as they reached the North Pole first. Of the many attempts to meet that goal, three American expeditions, launched from the Russian archipelago of Franz Josef Land, ended in abject failure, their exploits consigned to near-oblivion. Even so, these ventures—the Wellman

expedition (1898–99), the Baldwin-Ziegler (1901–2), and the Fiala-Ziegler (1903–5)—have much to tell us about the personalities, politics, and economics of exploration in their day. In *The Greatest Show in the Arctic*, the first book to chronicle all three expeditions, P. J. Capelotti explores what went right and what, in the end, went tragically wrong. The cast of colorful characters from the Franz Josef Land forays included Walter Wellman, a Chicago journalist and bon vivant running from debts, his mistress, and an illegitimate daughter; Evelyn Briggs Baldwin, a deranged meteorologist with a fetish for balloons and a passion for Swedish preserves; and Anthony Fiala, a pious photographer in search of God in the Arctic. Featuring an international cast of supporting characters worthy of a three-ring circus, *The Greatest Show in the Arctic* follows each of the three expeditions in turn, from spectacular feats of financing to their bitter ends. Along the way, the explorers accumulated considerable geographic knowledge and left a legacy of place-names. Through close study of the expeditions' journals, Capelotti reveals that the Franz Josef Land endeavors foundered chiefly because of poor leadership and internal friction, not for lack of funding, as historians have previously suspected. Presenting tales of noble intentions, novel inventions, and epic miscalculations, *The Greatest Show in the Arctic* brings fresh life to a unique and underappreciated story of American exploration.

**Trump** Nov 06 2020 The essential book to understanding Donald Trump as a businessman and leader—and how the biggest deal of his life went down. Now, Barrett's classic book is back in print for the first time in years and with an introduction about Trump's 2016 presidential campaign. Donald Trump claims that his success as a "self-made" businessman and real estate developer proves that he will make an effective president, but this devastating investigative account by legendary reporter Wayne Barrett proves otherwise. Back in print for the first time in years, Barrett's seminal book reveals how Trump put together the biggest deal of his life—Trump Tower—through manipulation and deceit; how he worked with questionable characters from the mafia and city politics; and how it all nearly came crashing down. Here is a vivid and inglorious portrait of the man who wants now to be the most powerful man in the world. In *Trump: The Greatest Show in the World—The Deals, the Downfall, the Reinvention*, Barrett unravels the myth and reveals the truth behind the mogul's wheelings and dealings. After decades covering him, few reporters know Trump as Barrett does. Instead of the canny businessman that Trump claims in his own books, Barrett explores how Trump exploited his father's banking and political connections to finance and grease his first major deals. Barrett's investigative biography takes us from the days of Donald's lonely youth to his brash entry into the real estate market, and to the back room deals behind his New York, Atlantic City and Florida projects. Most compellingly Barrett paints an intimate portrait of Trump himself, a man driven by bravado, obsessive self-regard, and an anxious ruthlessness to subdue his rivals

and seduce anyone with the power to aid his empire. We see him head to head with an opponent as powerful as Pete Rozelle, ingratiating himself with the brooding governor on the Hudson, and fueling the Drexel engine driven by Michael Milken with hundreds of millions in fees—paid, ironically, by gaming companies to fend off Trump takeovers. We explore his complicated emotional and business relationship with his first wife, Ivana, and the use he planned to make of his mistress—and later, his second wife—Marla Maples as a “southern strategy” in his then contemplated presidential campaign. With interviews with scores of adversaries and former colleagues, we are given a privileged look at Trump the businessman in action—reckless as often as he is brilliant, reliant on threats as much as on charm, and ultimately a cautionary tale: is this the man we want to lead the world? PRAISE FOR TRUMP: “Trump is a withering portrait of the most self-mythologized and promoted businessman of our era, an exhaustively researched and long-overdue antidote to Trump’s own books. It is a penetrating portrait of the age that spawned him and the many who aided and abetted his rise. Trump seems destined to be the definitive account of how Trump got ahead and why he fell. It is a sad story, with important lessons for us all.” —James B. Stewart, Pulitzer Prize-winning author of *Den of Thieves* “Donald Trump surprises us again. Wayne Barrett’s Trump is a fresh, detailed, and vivid account of the tangled connections of money, politics, and power in our times.” —Nicholas Pileggi, author of *Wiseguy*
