Dark Archives Oct 27 2019 On bookshelves around the world, surrounded by ordinary books bound in paper and leather, rest other volumes of a distinctly strange and grisly sort: those bound in human skin. Would you know one if you held it in your hand? In *Dark Archives*, Megan Rosenbloom seeks out the historic and scientific truths behind anthropodermic bibliopeggy—the practice of binding books in this most intimate covering. Dozens of such books live on in the world's most famous libraries and museums. *Dark Archives* exhumes their origins and brings to life the doctors, murderers, and indigents whose lives are sewn together in this disquieting collection. Along the way, Rosenbloom tells the story of how her team of scientists, curators, and librarians test rumored anthropodermic books, untangling the myths around their creation and reckoning with the ethics of their custodianship. A librarian and journalist, Rosenbloom is a member of The Order of the Good Death and a cofounder of their Death Salon, a community that encourages conversations, scholarship, and art about mortality and mourning. In *Dark Archives*—captivating and macabre in all the right ways—she has crafted a narrative that is equal parts detective work, academic intrigue, history, and medical curiosity: a book as rare and thrilling as its subject.

The Light in the Dark Aug 25 2019 As November stubs out the glow of autumn and the days tighten into shorter hours, winter's occupation begins. Preparing for winter has its own rhythms, as old as our exchanges with the land. Of all the seasons, it draws us together. But winter can be tough. It is a time of introspection, of looking inwards. Seasonal sadness; winter blues; depression--such feelings are widespread in the darker months. But by looking outwards, by being in and observing nature, we can appreciate its rhythms. Mountains make sense in any weather. The voices of a wood always speak consolation. A brush of frost; subtle colors; days as bright as a magpie's cackle. We can learn to see and celebrate winter in all its shadows and lights. In this moving and lyrical evocation of a British winter and the feelings it inspires, Horatio Clare raises a torch against the darkness, illuminating the blackest corners of the season, and delving into memory and myth to explore the powerful hold that winter has on us. By learning to see, we can find the magic, the light that burns bright at the heart of winter: spring will come again.

Learning to Walk in the Dark Jan 11 2021 In this long awaited follow-up to the best-selling *An Altar in the World*, Barbara Brown Taylor explores 'the treasures of darkness' that the Bible speaks about. What can we learn about the ways of God when we cannot see the way ahead, are lost, alone, frightened, not in control or when the world around us seems to have descended into darkness? Contemporary culture throws many brightly lit distractions at us to divert our attention away from the dark, but Barbara Brown Taylor combines her great grace, sensitivity and insight as a writer and priest with the deep wisdom of the biblical and Christian traditions to discover how God is more present to our vulnerable, open night-time selves than to our pre-occupied daylight selves.

He stripped me of my freedom. He stripped me of my clothing. He's a monster, and he'll do whatever he wants with me. But I will survive. And I will wait. He hides in the shadows, but I will learn to see in the dark. And when the lights go out, I will show him the monster inside me. If you live in the dark long enough, even the sweet ones must grow claws. Monster Soulless. Psychopath. Evil. That's what I've been told my entire life. If you looked at the trail of blood that follows me, you'd think they were right. I never asked to be like this. I never asked to be different. I never asked to be a monster. Something broke inside of me when I was born, and Cassandra Matheson is the only one who can fix me. She'll be the light to my darkness, the good to my evil. And she'll teach me what it is to be human. Or she'll never leave her cage. Letters in the Dark is a standalone full-length novel with an HEA.

Girl in the Dark Jun 27 2022 'An astonishing memoir' Sonali Deraniyagala, author of Wave 'Oh, what can I not do, in my dreams. In my dreams I travel on trains and climb mountains, I play concerts and swim rivers, I carry important documents on vital missions, I attend meetings which become song-and-dance routines. My body lies boxed in darkness, but beneath my closed eyelids there is colour, sound and movement, in glorious contrast to the day; mad movies projected nightly in the private theatre of my skull.' Anna Lyndsey was living a normal life. She enjoyed her job; she was ambitious; she was falling in love. Then the unthinkable happened. It began with a burning sensation on her face when she was exposed to computer screens and fluorescent lighting. Then the burning spread and the problematic light sources proliferated. Now her extreme sensitivity to light in all forms means she must spend much of her life in total darkness. During the best times, she can venture cautiously outside at dusk and dawn, avoiding high-strength streetlamps. During the worst, she must spend months in a darkened room, listening to audiobooks, inventing word-games and fighting to keep despair at bay. Told with great beauty, humour and honesty, Girl in the Dark is the astonishing and uplifting account of Anna's descent into the depths of her extraordinary illness. It is the story of how, through her determination to make her impossible life possible and with the love of those around her, she has managed to find light in even the darkest of places.
