So I give you - 6/5.' Little Bookness Lane 'Evil Games is a clever, action-packed journey into some of society's darkest places, crackling with tension and wit. the shadow of a powerful mate. Former NBA wife and marriage and family therapy intern Angela Wilder knows all about living with a powerful mate. Through her own experiences and those of her many clients and even many friends, she has come to recognize the signs of what she calls Powerful Mate Syndrome: - a belief that a partner's work, interests, and personality should come before one's own - a lack of self-worth, identity, and joyful self-expression - a loss of financial and decision-making power - a fear of questioning, challenging, or disagreeing with one's "powerful mate" for fear of losing what is good (or even not so good) about the relationship In this warm, supportive, and refreshingly tell-it-like-it-is book, Angela Wilder helps readers understand how they got to this destructive power imbalance in their relationship (hint: it's NOT all the other person's fault!), and she charts a simple, step-by-step path to a healthier sense of self, and a more balanced, healthy, and fulfilling relationship. Complete with insightful and revealing quizzes, checklists, and exercises, and generously offering personal and professional anecdotes to help explain Powerful Mate Syndrome ("the other PMS"), this one-of-a-kind guide will introduce you to your "Reality Godmother" - and offer hope, and concrete solutions, for anyone who lives in the reflected glory of a powerful mate.

Are Prisons Obsolete? Dec 02 2019 With her characteristic brilliance, grace and radical audacity, Angela Y. Davis has put the case for the latest abolition movement in American life: the abolition of the prison. As she quite correctly notes, American life is replete with abolition movements, and when they were engaged in these struggles, their chances of success seemed almost unthinkable. For generations of Americans, the abolition of slavery was sheerest illusion. Similarly, the entrenched system of racial segregation seemed to last forever, and generations lived in the midst of the practice, with few predicting its passage from custom. The brutal, exploitative (dare one say lucrative?) convict-lease system that succeeded formal slavery reaped millions to southern jurisdictions (and untold miseries for tens of thousands of men, and women). Few predicted its passing from the American penal landscape. Davis expertly argues how social movements transformed these social, political and cultural institutions, and made such practices untenable. In *Are Prisons Obsolete?*, Professor Davis seeks to illustrate that the time for the prison is approaching an end. She argues forthrightly for "decarceration", and argues for the transformation of the society as a whole.

She'll take any excuse she can to ditch the princess's etiquette lessons and do something worthwhile with her time—even if it means visiting a fancy blood finishing school where one of Dante's potential scions has gone missing. Jenna's sudden jealousy forces her to take a closer look at the conflicted feelings she has for Dante, and the guilt she still harbors over Roman Knight's fateful farewell. Of course, a house full of new residents, preparations for the upcoming All Hallows' Eve ball, and unsolved murders don't leave much time for introspection. New to Jenna and House Lilith? Joyrider Nov 05 2022 How gratitude can get the life you really want... 'Gratitude is your soul's superfood, but cheaper than goji berries, and twice as good for you. I like to think of it as mindfulness for cynics or the "gateway drug" to spirituality. It's a very tangible thing you can do everyday that will shift your focus to what you have rather than pining and obsessing over what you don't have. Away from a state of lack into limitless abundance...' So what happens when we stop taking things for granted and start putting some grā* into our gratitude? When we consciously turn our heads and hearts to what we have and focus on the good? In Joy Rider, television presenter and host of the podcast Thanks A Million, Angela Scanlon, presents her guide to tapping into your own natural super resource - joy. This book is an invitation to embrace the kind of gratitude that cuts through the bulls**t of life to its truth, connecting us with the present and grounding us in self. was a decorated general on the Eastern front. In a rare confluence of memoir, psychology and historical detective story, this is Findlay's account of her unflinching quest for the truth about her German family, one that breaks through the silence surrounding many of the Second World War's perpetrators. In *My Grandfather's Shadow* explores the heritability of unresolved experiences, questions deeply held perceptions of good and bad, and uncovers the lesser-known history of the war's losers, a post-war culture of apology and atonement, and the lingering legacy of shame. Using her own family story to explore an episode in history that continues to appal and fascinate, Findlay reveals that it is possible not only for the scars of trauma to be handed down through generations, but also for them to be healed.

How to be an Alien in England Jul 21 2021 A wry, often affectionate view on the English, and how to navigate our national personality. 'In England everything is typical. If your train is late, it is typical. If there are no seats on the upper deck of a bus, it is typical. If it starts to rain at five o'clock just before you leave work, it is typical.' 'The English do not like to be wished "Have a nice day", because to them it sounds like a command. They think, Who the hell do you think you are to order me to have a nice day?' Ten years ago, Angela Kiss arrived in the UK without a word of English. All she brought with her was a small bag, a sense of adventure, a desire to work and a copy of George Mikes' classic 1940s' humour book about the peculiarities of the British, *How to be an Alien*. Through every dodgy flat share, low-paid waitressing job, awkward date and office mishap, Angela held tight to George's wit and wisdom. With his help she began to understand how to live amongst the English - with their eccentricity, spirit and singing train drivers - and fell in love with a land rich in green spaces, pubs and puddings.
