The Community College Writer Nov 27 2019 While there have been several studies of writing programs at larger, baccalaureate institutions, the community college classroom has often been overlooked. Authors Howard Tinberg and Jean-Paul Nadeau fill this gap with *The Community College Writer*, a systematic and unique case study of first semester writing students at a community college. Drawing on surveys, interviews, and samples of classroom assignments, Tinberg and Nadeau use their research at one community college to reach out to instructors throughout the nation, fostering communication between community college faculty members in the effort to establish full-fledged writing programs geared toward student success. At the heart of the book are the voices of the students themselves, as they discuss both their teachers' expectations and their own. Through a series of case studies, the authors reveal the challenges students face as budding writers, and their firsthand experiences with writing programs at the community college level. With this informative study, Tinberg and Nadeau seek not only to encourage dialogue between student and teacher or community college instructors, but to expand the conversation about program improvement to include both two- and four-year colleges, bringing composition faculty together in an effort to improve writing programs in all schools. Included in the volume are seven appendices, including surveys and interviews with faculty and students, making *The Community College Writer* a comprehensive and practical guide to tackling the issues facing writing programs and instructors.

Sons of the Fathers Aug 05 2020 Good fortune brings charismatic handyman Bryce Hendricks to a community in central Ontario. He starts a home renovation business, lands a part-time job as the youth activities coordinator at a local church, and begins building relationships with attractive retailer and divorced mother, Kathleen, and her troubled teenage son. But a rough patch lies ahead. Kathleen is haunted by memories of her former husband's abuse, and her son blames her for breaking up his family. Hendricks eventually manages to win both her love and her son's acceptance. However, Hendricks' luck sours when he becomes the only police suspect in a violent assault on Cynthia Osterman, the church's student minister, whose militantly feminist style and sharp tongue has disturbed the parishioners. Hendricks is perplexed by the gossip circulating about him until he discovers that Roland McQueen, the wealthy and manipulative chair of the church board, is determined to oust him whether he is guilty of a crime or not. As Hendricks struggles to restore his shattered reputation, his friends and even a detractor rally behind him. Will their support enable him to win over an entire community?

Making Another World Possible Dec 09 2020 *Making Another World Possible* offers a broad look at an array of socially engaged cultural practices that have become increasingly visible in the past decade, across diverse fields such as visual art, performance, theater, activism, architecture, urban planning, pedagogy, and ecology. Part I of the book introduces the reader to the field of socially engaged art and cultural practice, spanning the past ten years of dynamism and development. Part II presents a visually striking summary of key events from 1945 to the present, offering an expansive view of socially engaged art throughout history, and Part III offers an overview of the current state of the field, elucidating some of the key issues facing practitioners and communities. Finally, Part IV identifies ten global issues and, in turn, documents 100 key artistic projects from around the world to illustrate the various critical, aesthetic and political modes in which artists, cultural workers, and communities are responding to these issues from their specific local contexts. This is a much needed and timely archive that broadens and deepens the conversation on socially engaged art and culture. It includes commissioned essays from noted critics, practitioners, and theorists in the field, as well as key examples that allow insights into methodologies, contextualize the conditions of sites, and broaden the range of what constitutes an engaged culture. Of interest to a wide range of readers, from practitioners and scholars of performance to curators and historians, *Making Another World Possible* offers both breadth and depth, spanning history and individual works, to offer a unique insight into the field of socially engaged art.

Angels Live Among Us Jul 16 2021 Many people in the body of Christ may not be aware of the role of angels in our lives and how vitally important they are to believers. There are two worlds at work the visible and the invisible and angels are important participants. In his book *Angels Live among Us*, author Franklin D. Battle outlines the many instances in the Bible where angels play important roles in God's relationships with humankind. He provides Scriptures that will educate you on who these angels really are. You will learn the ranks and names of the angels, as well as those who have fallen. Battle also provides guidance in how to ask God to send angels to minister to you. He shares many of his experiences with angels, which will encourage and inspire you to believe. *Angels Live among Us* puts angels in their proper place in biblical history. Whether used for group Bible study, individual study, or seminars, it provides the opportunity to appreciate the roles angels played in Christianity and can play in your life.

Quitters Never Win Oct 19 2021 Dave became a star witness in an FBI probe of a con man after having a business affiliation with the man. The business association cost him his life savings and retirement income plans. Resorting to becoming a home improvement contractor (after a career in the corporate world), he was working away from home, a week at a time, and staying in an empty house in an unfamiliar neighborhood. One day, after repeated phone calls from collection agencies and lawyers, he gripped the stepladder he was using and thought, Why am I trying so hard? I'll never make this up. I'm washed up financially. I might as well just quit. At that moment, the Holy Spirit reminded him of a sign that was posted at the top of the steps exiting his high school's wrestling room: "Winners never quit, and quitters never win." Dave's story is also interconnected with two others that have been recorded. One is the movie, *Donnie Brasco*. A movie based on the true story of an FBI sting of the Mob in New York City. This sting led to the incarceration of Dave's business partner, Joe, for money laundering. And the second, a book titled *Trafficking: The Boom and Bust of the Air America Cocaine Ring* by Berkeley Rice. The story of the man who has the acclaim of being the person who has brought the largest amount of cocaine into the United States by one person. Joe and his picture are actually in this book.

To Kill a Public Crook Dec 21 2021 A US senator and his mistress have been assassinated on the eleventh-floor balcony of their hotel room – no witnesses. Detective Scott Blade, LA Homicide is asked to head a fugitive task force to solve the crime. Blade enlists Detective Coraline Steele, Beverly Hills Homicide, his fiancée, to join the hunt for the assassin. Before they get geared up, a second senator from another State is assassinated in his boat while fishing alone –no immediate body. FBI agent Tomaso Girardi is sent by presidential assignment to meet with the detectives to gather pertinent information about the murders. Their investigation reveals a sinister plot inside the executive branch to overthrow the current president. Professor Stuart, a brilliant engineer/Astronomer calls LA Homicide describing a long-distance photo his students took, showing what clearly looks like a drone whizzing past the hotel at the time of the first senator's death. Paralleling the murder investigation, another story begins to unfold – that of an ex-Army pilot that seems to have changed names and is the potential killer. Driven by mind-altering drugs and evil government manipulators, Curt Doyle, aka Viper, is on a mission to annihilate corrupt politicians. But will he stay true to his directives? He begins to wonder who is controlling him and why. As Doyle's mind clears, he decides to defy his "orders" and use his drone one more time... The search begins for Viper and his drone. The 'game is afoot' for both parties.

Testing the Rollover Resistance of Two 15-passenger Vans with Multiple Load Configurations Apr 24 2022 As a consequence of NTSB Safety Recommendations H-02-26 and H-02-28, NHTSA performed a study to investigate the effects different load conditions may have on the dynamic rollover resistance of 15-passenger vans. e two vans used in this study, a 2003 Ford E-350 and a 2004 GMC Savana 3500, are representative samples from the only two automobile manufacturers producing 15-passenger vans for the 2004 model year. e GMC Savana 3500 was factory-equipped with electronic stability control (ESC). Each van was evaluated with up to four load configurations depending on the test performed. he GMC Savana 3500 was tested with ESC enabled and disabled. Two maneuvers were used in this study: the Slowly Increasing Steer (SIS) and the NHTSA Road Edge Recovery (RER, also known as the NHTSA Fishhook). maneuver was used to measure maximum lateral acceleration and terminal yaw stability. e RER maneuver was used to quantify dynamic rollover resistance. Slowly Increasing Steer tests revealed that the terminal yaw stability of each vehicle was highly asymmetric, strongly depending on what combination of direction of steer and load was used. nerally speaking, Nominal Load tests produced higher lateral accelerations than those performed with 15-Occupant loading. In the case of the GMC Savana 3500, the yaw stability observed during Nominal Load SIS tests depended on whether ESC was enabled or disabled; stability was much improved when ESC was enabled. When evaluated with the 15-Occupant load, differences between ESC enabled and disabled SIS tests were much less apparent. Generally speaking, the static stability factors and dynamic rollover resistance of the vans degraded as the number of occupants increased. The only exception was that the maneuver entrance speed capable of producing two-wheel lift with 10-Occupant loading was lower than that required by the 15-Occupant configuration for the Ford E-350. None of the load configurations used in this study induced two-wheel lift during RER tests performed with the GMC Savana 3500 when its ESC was enabled. However, when ESC was disabled the Savana 3500's dynamic rollover resistance progressively worsened as the number of occupants increased. Results from this study indicate that installation of ESC on 15-passenger vans may have important safety benefits in some, but not necessarily all, on-road driving situations. Although ESC prevented wheel lift of the GMC Savana 3500 during Road Edge Recovery testing, it could not prevent the vehicle from spinning out during a Slowly Increasing Steer test performed with a 15-Occupant load.

The 2005 DARPA Grand Challenge Apr 12 2021 The DARPA Grand Challenge was a landmark in the field of robotics: a race by autonomous vehicles through 132 miles of rough Nevada terrain. It showcased exciting and unprecedented capabilities in robotic perception, navigation, and control. The event took place in October 2005 and drew teams of competitors from academia and industry, as well as many garage hobbyists. This book presents fifteen technical papers that describe each team's driverless vehicle, race strategy, and insights. As a whole, they present the state of the art in autonomous vehicle technology and offer a glimpse of future technology for tomorrow's driverless cars.

Jeep Cherokee XJ Advanced Performance Modifications 1984-2001 Mar 24 2022 The Jeep Cherokee is one of the most prolific and rugged sport utility vehicles in history. Throngs of off-roading enthusiasts have chosen the Cherokee for navigating over the toughest terrain, climbing rocks, and trail driving, but these unibody 1984-2001 models have much room for improvement to become the best off-road vehicles. In *Jeep Cherokee XJ Advanced Performance Modifications: 1984-2001*, author Eric Zappe explains how to transform a stock Cherokee into the toughest and most capable off-road 4x4 SUV. The author details the buildup, right combination of parts and products, and modifications necessary to build an aggressive off-road rig. He also shows how to weld and gusset the frame in critical areas. Installing a three- and four-link suspension system is also profiled so the Cherokee delivers greater travel and better off-road handling. Suspension and frame modifications are necessary to run large wheels and tires. And these wheels and tires are essential for traction, performance, and ground clearance in extreme off-road situations. Swapping in Dana 44, Dana 60, and Ford 9-inch axles delivers superior performance and durability, which is covered as well. In addition, how to modify the Jeep inline 6-cylinder engine for increased displacement and performance is revealed. All of the most popular and effective mods, parts, and upgrades for a dedicated off-road Cherokee are covered. If you've been looking for the one guide to build the most capable off-road Cherokee, you've found it.

Everything Is Just Yesterday with Lots of Tomorrows May 02 2020 This is a fictional tale that contains slight spiritual messages and subtle social issues sprinkled into it. American Light Trucks and Utility Vehicles, 1967-1989 Aug 29 2022 The truck's role in American society changed dramatically from the 1960s through the 1980s, with the rise of off-roaders, the van craze of the 1970s and minivan revolution of the 1980s, the popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors and more. Finally, each truck is detailed fully with specifications and measurements, prices, production figures, standard equipment and more.

Sense of a Hummingbird Nov 07 2020 Dwelling on the all-time favorite genre of romance, this is a fictional tale that contains slight spiritual messages and subtle social issues sprinkled into it. Billie Barrett was an odd one, straight and true, misery and anger all wrapped into one lonely soul. It is a love story between a young angry, hateful shrimper who lives in the village of Edgewater, which is located along the St. Johns River in northern Florida, and a young Gullah woman who is from an island, St. Helena Island, off the Beaufort coast of South Carolina. Shrimping had been what he had grown into and what he intends to do throughout his lifetime. His world comes crashing down upon him when, after a boating accident, he is washed ashore on a barrier island off the coast in the Gullah region on Hunting Island, South Carolina. After medical attention is given to Billie, he is taken in and cared for by a Gullah family living in St. Helena Island. It is in this household that he meets Bridgette Kamau, who tends to him on a day-to-day basis. Billie has a change of heart and finds himself falling in love. A connection is made between the two, and a story of romance and hope comes to life. As their relationship develops, Billie experiences a change of heart and belief. This story displays how love can change a person whose mind-set was once plagued by ignorance and hatred. A triumph of the good in man over his dark side, Billie Barretts journey to finding love and self-redemption makes this story the perfect personification of the human aspiration to ultimately obtain love, peace, and equality in life. You will read into it what you will and get out of it what you perceive.
