Math in Focus: Singapore Math, Book a Grade 5 Sep 03 2022

Singapore Math, Grade 5 May 19 2021 Singapore Math creates a deep understanding of each key math concept, includes an introduction explaining the Singapore Math method, is a direct complement to the current textbooks used in Singapore, and includes step-by-step solutions in the answer key. Singapore Math, for students in grades 2 to 5, provides math practice while developing analytical and problem-solving skills. This series is correlated to Singapore Math textbooks and creates a deep understanding of each key math concept. Learning objectives are provided to identify what students should know after completing each unit, and assessments are included to ensure that learners obtain a thorough understanding of mathematical concepts. Perfect as a supplement to classroom work, these workbooks will boost confidence in problem-solving and critical-thinking skills!

Pupil Book 5B (Busy Ant Maths) Sep 30 2019 The Busy Ant Maths Pupil Book 5B contains three levels of differentiated challenge built-in to each lesson as well as extra consolidation and extension activities to ensure rapid progression for every child.

Power Maths Year 5 Pupil Practice Book 5B Jul 09 2020 The whole-class mastery approach that works for every child. Underpinned by the most effective teaching practices, and created by a team of mastery experts led by Series Editor Tony Stanoff, Power Maths is designed to make the whole-class mastery teaching approach work for you, your children and your school. The Practice Books provide just the right amount of intelligent practice for children to complete independently in the final section of the lesson. The practice questions are for everyone - each question varies one small element to move children on in their thinking. All practice questions are carefully developed to reveal misconceptions. 'Reflect' questions help children to reason and show how deep their understanding is before moving on. Power Maths characters encourage and challenge children to develop growth mindsets and work flexibly. Calculations are connected so that children think about the underlying concept.

Cambridge Primary Mathematics Stage 5 Teacher's Resource with CD-ROM Nov 12 2020 This series is endorsed by Cambridge International Examinations and is part of Cambridge Maths. This teacher's resource for stage 5 will fully support teachers to get the best from their learners and effectively use the learner's book and games book. Detailed lesson plans based on the course objectives are offered, along with additional activity ideas. Teachers will be guided to formatively assess their learners' understanding. They will have the confidence to engage the class in mathematical discussion and encourage learners to justify answers and make connections between ideas. Answers to the learner's book and all photocopiable sheets required are provided. All book content, plus more, is included on the CD for convenience.

Your Space Level 3 Aug 10 2020 Your Space is a three-level course for teenagers, designed to motivate students as they change and grow. Feature two pages of exercises for each lesson in the student book, grammar charts and an answer key, practice reading and interpreting real-life documents.

10-Minute Toughness Jun 27 2019 "10-Minute Toughness is a solid mental training program. In fact I feel it is the best of its kind. . . . [It's] what the title says: ten minutes a day that connects your talents and abilities to the outcome you're seeking. As a retired NFL player looking forward, I can see as many applications for the toughness Jason Selk's program brought out of me in the business world as there were on the football field." --Jeff Wilkins, Former NFL Pro Bowl Kicker "The mental side of the game is extremely important. 10-Minute Toughness helps the players develop the mental toughness needed for success; it really makes a difference." --Walt Jocketty, General Manager of the 2006 World Champion St. Louis Cardinals "Jason Selk has spent a tremendous amount of time and energy developing effective mental-training programs and coaches workshops. He is truly committed to helping individuals and teams to perform at their very best, when it really counts." --Peter Vidmar, Olympic Gold Medalist Mental training is a must for high performance both on the field and off. But simply hoping for mental toughness isn't going to build any mind muscles. You need a proven routine of daily exercises to get you where you want to go. 10-Minute Toughness is your personal coach for boosting brainpower and achieving a competitive edge in whatever game you play. With quickness and ease, you'll learn how to master your own mind and psych out your opponents using personalized techniques from one of America's most successful sport psychology consultants. Like no other program available, the 10-Minute Toughness (10-MT) routine gets you ready for the competition in just ten minutes a day.

Face2face Upper Intermediate Teacher's Book with DVD Jul 29 2019 "The presentation and practice of vocabulary and grammar are of equal importance and there is a strong focus on listening and speaking with an emphasis on 'real world' language for social situations. The listening and reading material provides fresh new angles on universal topics and students are given numerous opportunities to practise new language through a wide variety of communicative activities, many of which are personalised. *face2face* is also fully compatible with the Common European Framework of Reference for Languages and gives students regular opportunities to evaluate their progress." - product description.
