**The BMW 5 Series and X5** Sep 27 2022 BMW is a company associated with motoring firsts. The very idea of a sports sedan was merely a novelty until BMW introduced the 5 series in 1972. As BMW's "middle child," the 5 series has drawn features from the company's smallest and largest models, establishing a reputation for performance and practicality through multiple generations. This book covers the history of the 5 series midsize sedan and the related X5 SUV from September 1972 to the e60's major makeover for 2008 and the development of the e70 X5. Specific mechanical, electronic and cosmetic changes are described, including the time of and reasons for their introduction. Several aspects of BMW's corporate history and technically related models such as the 6-series are also described, as are aftermarket modifications by Alpina, Hartge, and other specialist BMW tuners and speed shops. The book includes more than 200 photographs.

**Unstuff** Jul 25 2022 God . . . and stuff. Everything in the universe falls into one of these two categories. Which is more important to you? (It's not a trick question.) In *Unstuff: Making Room in Your Life for What Really Matters*, popular authors Hayley and Michael DiMarco take a close look at what's in your wallet, your heart, your house, and your mind to reveal the pleasures and perils of stuff—and the joy, peace, and freedom that comes from learning to live with less. In this real-life look at "how it's done," the DiMarcos take an uncomfortably close look at the cost of their love affair with stuff. They start by Unstuffing their house—getting rid of anything they don't need by giving away, selling, or throwing out items that only add to their love for more. Then, kicking it up a notch, this family of three travels across the country with nothing more than they can fit in a motor home . . . and discovers that the really important stuff goes with them.
