Java in Plain English Aug 01 2020 **Java™ in Plain English Second Edition** **Java in Plain English, Second Edition**, covers the entire Java 1.1 language and API in a remarkably compact size and easy-to-use format. This powerful reference guide explains each method, field, and parameter, and provides extensive, easy-to-follow examples. Unique features of the book include the language reference, which highlights Java/C++ differences in each topic, making it the most convenient reference for C and C++ programmers. In addition, the API Reference is one of the few sources available anywhere that summarizes the entire API, both concisely and comprehensively. This edition is greatly expanded to provide more coverage of Java database capabilities—including a tutorial and reference to SQL commands—as well as more examples and definitions of the latest Java concepts. This concise book is an essential companion for all Java programmers: if you want to be creating the software of the future, this book is for you. Whether you're exploring Java as a newcomer, are migrating from C++ or C, or need a reference guide to exploit its most advanced features, **Java in Plain English, Second Edition** will answer your questions quickly. From its comprehensive guide to the Java API, to its detailed and practical alphabetical reference to Java syntax, this is a reference to rely on. "Java in Plain English has become my bible as a Java developer. It's simply indispensable." —Randy Sears, staff programmer at Boston University Updated and expanded to cover the latest Java 1.1 concepts Focus on common programming tasks JDBC tutorial helps you start using Java database features quickly SQL appendix covers most common database commands Expanded API reference with more examples and improved format Language reference summarizes syntax and Java/C++ differences Concise introduction to Java, including

special Java features such as packages, objects, and threads Extensive cross referencing, including an alphabetical cross reference of the Java API by task Useful tables for graphical programming Convenient A–Z reference of all Java keywords, functions, and terms <http://www.idgbooks.com>

Plain English Jan 18 2022 Reconnect with your favorite characters from Rachel Spangler's best-selling romances, Full English and Modern English. When Claire Bailey left London to open her own art gallery in the tiny village of Amberwick, she'd hoped the slower pace and lower cost of living might allow her to focus on her own painting, away from all the drama and distractions that had plagued her in the city. She fully intended to make an honest go at simple living right up until the moment a shockingly attractive aristocrat rocketed off the road and knocked her world off its axis. Pip has learned to play the part of a ne'er-do-well upper elite: charismatic, enigmatic, and a little bit erratic. Luckily, women tend to like those characteristics. After leading such a charmed existence, where even motorcycles wrecks come with the added bonus of meeting beautiful women, Pip finds that Claire's complete lack of interest in money or status sparks both curiosity and attraction. Surrendering to both boredom and sheer chemistry, the two agree to an unconventional, no-strings, romantic adventure designed to provide them both a bit of freedom and entertainment. However, once released from the pressure to project perfect images of themselves, the walls they depended on for protection begin to crumble. Worlds blend and identities blur as their whirlwind romance quickly becomes more than they bargained for. Will their almost elemental attraction be enough to overcome the complexities rushing in from all sides? Or will the pressures they've both sought to escape force them to forge a new path neither of them had dared to dream of?

Korean in Plain English, Second Edition Jun 18 2019 Next time someone asks if you speak Korean, you can say Chugum hal chul amnida (Choe-guum hahl chuul ahm-nee-dah).* With Korean in Plain English, you can speak Korean in no time! Its easy-to-use pronunciation system and straightforward presentation of the basics of the language--with plenty of useful sentences--help you break the language barrier quickly and confidently. How? All the words and phrases in this book are written in Roman script--in plain English--in a form you can use immediately and in the right context. Instantly you'll know the basics of Korean, from polite pleasantries to the latest technological jargon. Start on the right foot and speak Korean with ease: Good morning! Annyong hashim nikka! (Ahn-nyong hah-sheem nee-kkah) Thank you! Kamsahamnida! (Kahm-sah-hahm-nee-dah) That was really a funny movie. Chongmallo usuun yonghwa imnida. (Chahng-mahl-loh uu-sue-uun yahng-hwah eem-nee-dah). Please call the police. Kyongchal-ul pullo chuseyo. (Kyong-chahl-uul puul-lah chuu-say-yoe). May I have some sauce, please? Sosu jom chushipshio (Soh-sue johm chuu-sheep-shee-oh). You are beautiful. Tangshin-un arumdapgunyo (Tahng-sheen-uun ah-rume-dahp-guun-yoe).

Mindfulness in Plain English Nov 23 2019 With over a quarter of a million copies sold, Mindfulness in Plain English is one of the most influential books in the burgeoning field of mindfulness and a timeless classic introduction to meditation. This is a book that people read, love, and share - a book that people talk about, write about, reflect on, and return to over and over again. Bhante Gunaratana is also the author of Eight Mindful Steps to Happiness, Beyond Mindfulness in Plain English, The Four Foundations of

Mindfulness in Plain English, and his memoir Journey to Mindfulness.

The Bible Oct 03 2020 With the new Quickfinder guide and the easy-to-read Contemporary English Version Bible text, this is the most accessible Bible ever. The Contemporary English Version is the easiest to read Bible translation available, which is why it is so widely used by Scripture Union, The Bible Society, The Bible Reading Fellowship and Scripture Gift Mission. In this new format, the Quickfinder guide lets you dive straight in to the Bible wherever you want, whether that's Psalm 23 -- The Lord is my Shepherd, or Noah and the Ark, or the Feeding of the Five Thousand, or the Parable of the Lost Son. The Contemporary English Version is a fresh, readable translation of the Bible, from the original languages. The dramatic events and life-changing message of the Bible are accurately conveyed in straight-forward everyday terms. Instead of translating each word, the CEV works to interpret each sentence or idea, making this up to date version the easiest to read and understand, as well as read out loud. The Collins Plain English Bible presents God's timeless truth in the clearest possible way, making it ideal for anyone new to the Bible, or who just wants to get more out of it.

Russian in Plain English Aug 13 2021 Russian in Plain English enables complete beginners to acquire the skill of reading words written in Cyrillic independently, with no English transcription or imitated pronunciation, within a short period of time. This book introduces the Cyrillic alphabet gradually, feeding in the letters and their various pronunciation aspects one by one over its ten units, thus building a complete picture of the Russian sound and writing systems. It also highlights the interrelationship of the two systems and helps learners to see the logic behind the use of the Cyrillic alphabet. In addition, the book teaches learners to produce Russian word stress on a marked syllable, contributing to stress acquisition. Furthermore, the book explains the basic grammatical features of Russian words and the rules of how to put them into sentences, enabling learners to start saying things in Russian from Unit 1. It employs some findings of research in language processing, helping learners to start building their speaking and reading skills. This book is an essential guide for all beginners, including students and independent learners.

Math In Plain English Dec 05 2020 Do word problems and math vocabulary confuse students in your mathematics classes? Do simple keywords like "value" and "portion" seem to mislead them? Many words that students already know can have a different meaning in mathematics. To grasp that difference, students need to connect English literacy skills to math. Successful students speak, read, write, and listen to each other so they can understand, retain, and apply mathematics concepts. This book explains how to use 10 classroom-ready literacy strategies in concert with your mathematics instruction. You'll learn how to develop students who are able to explain to themselves - and communicate to others - what problems mean and how to attack them. Embedding these strategies in your instruction will help your students gain the literacy skills required to achieve the eight Common Core State Standards for Mathematics. You'll discover the best answer to their question, "When am I ever going to use this?" The 10 Strategies: 1. Teaching mathematical words explicitly 2. Teaching academic words implicitly 3. Reinforcing reading comprehension skills that apply to mathematics 4. Teaching mathematics with metaphor and gesture 5. Unlocking the meaning of word problems 6. Teaching note-taking skills for mathematics 7. Using language-based formative assessment in mathematics 8. Connecting memorization to meaning in

mathematics 9. Incorporating writing-to-learn activities in mathematics 10. Preparing students for algebraic thinking

The Rules of Golf in Plain English, Fourth Edition May 10 2021 Amateur and pro golfers alike have long been stymied by the legalistic and opaque wording in the United States Golf Association's official Rules of Golf. In this guide, an experienced volunteer USGA rules official and an expert on language and usage--both of them avid golfers--have translated the Rules into everyday English to help players understand procedures, assess penalties, and settle disputes as the sport's governing body intended. This edition includes updates throughout to reflect changes introduced into the USGA's Rules in 2016.

ISO 9001:2015 in Plain English Sep 14 2021 ISO 9001 hasn't changed much in the last 15 years... until now! ISO 9001:2015 is a MAJOR revision. A LOT has changed. Requirements have been added and removed. Content has shifted to different sections and clauses. ISO 9001:2015 is built upon a completely different structure with the adoption of Annex SL. This may seem like a lot to take in, and it is. Fortunately, bestselling author Craig Cochran has translated ISO 9001:2015 into plain English that anyone can understand. Just as he did with the bestselling ISO 9001 in Plain English Cochran has written a comprehensive yet easily understandable guide to ISO 9001:2015. ISO 9001:2015 in Plain English was written so that anyone at any level of the organization can get to the heart of the standard's requirements and how they apply to the organization quickly and simply. Plus, Cochran shows what has changed between the 2008 and 2015 version. This straightforward book is ideal for people who are new to ISO 9001:2015, experienced ISO coordinators who want to get more out of an established system as they transition to the new standard, and for employees who just need a basic understanding of what ISO 9001:2015 is and how it applies to them. Cochran explains each of ISO 9001:2015's sections and clauses using real-world examples and frequently asked questions.

Veblen in Plain English Jun 11 2021 This comprehensive introduction to Thorstein Veblen's economics is intended for the student and the non-specialist. A complete interpretation of Veblen's work is presented.

It's ONLY Rocket Science May 22 2022 Most amateur astronomers – and many of those with similar interests but who are not currently practising observers – have only a sketchy understanding of space flight. This book provides an introduction to its mechanics. The beauty of this book, written by an engineer who is also an accomplished science writer, is that it covers the subject comprehensively, and yet is almost entirely descriptive and non-mathematical. It deals with all aspects of space flight, from how to leave the Earth (including the design of the rocket, mission planning, navigation and communication), to life in space and the effects of weightlessness. The book also includes sections describing how an amateur can track satellites and understand their orbital parameters.

The Original Aramaic New Testament in Plain English Aug 21 2019 This is a translation (4th edition) of The Aramaic New Testament (Aramaic was the language of Jesus and his countrymen of 1st century Israel) in an English prose translation of The Peshitta New Testament with Psalms & Proverbs at the end. This translation is derived from the author's Aramaic-English Interlinear New Testament + Psalms & Proverbs interlinears. Aramaic was used in Mel Gibson's film "The Passion of the Christ" to make the film as

realistic and accurate as possible. This New Testament will surprise and thrill the reader with its power and inspiration coming from the words of "Yeshua" (â€œJesusâ€ in ancient Aramaic) as He originally spoke them, in a literal, accurate and readable English rendering. Abundant documentation of the Aramaic Peshitta as the original NT is included. 498 pages in B&W. 6 x 9" Hardcover. The author's web site is aramaicnt.com

Chinese in Plain English, Second Edition Feb 25 2020 Next time someone asks if you know how to speak Chinese, you can say *Wo zhidao* (Waw jr-dow). * With *Chinese in Plain English*, you can speak Chinese in no time! Its easy-to-use pronunciation system and straightforward presentation of the basics of the language--with plenty of useful sentences--help you break the language barrier quickly and confidently. How? All the words and phrases in this book are written in Roman script--in plain English--in a form you can use immediately and in the right context. Instantly you'll know the basics of Chinese, from polite pleasantries to the latest technological jargon. Start on the right foot and speak Chinese with ease: Good morning! *Zaoshang hao!* (Zow-shahng how) Thank you! *Xiexie!* (She-eh-she-eh) Please call the doctor. *Qing jiao yiwei yisheng.* (Cheeng jee-ow ee-way ee-shuung) Another round, please. *Qing zai lai yi-ge.* (Cheeng zigh lie ee-guh) Is Beijing hot during the summertime? *Beijing-de xiatian re ma?* (Bay-jeeng-duh shee-ah-tee-in run mah) I will be here for about two weeks. *Wo meiyou yao baoguan-de dongxi.* (Waw may-yoe yow bow-gwahn-duh doong-she) *I know!

Economics in Plain English Jul 20 2019 Clarifies the theories of such great economists as Adam Smith, Ricardo, Malthus, Marx, Keynes, and their successors and points to ways in which the workings of economics affect government, business, society, and the consumer's pocketbook.

Loving-Kindness in Plain English Jan 06 2021 "With his signature clarity and warmth, Bhante Gunaratana shares with us how we can cultivate loving-kindness to live a life of joyful harmony with others. Through personal anecdotes, step-by-step meditations, conversational renderings of the Buddha's words in the suttas, and transformative insights into how we live in and relate to the world, we learn that peace here and now is possible-- within ourselves and in all our relationships. Bhante G speaks directly to how we can cultivate loving-kindness to find emotional clarity, overcome anger, and become more peaceful-- both on and off the meditation cushion."--Amazon.com.

Modern English Sep 02 2020 When dreams and expectations clash in a flurry of sparks, an actress and an aristocrat find themselves searching for common ground. Lady Victoria Penchant has had enough scandal for one lifetime, and she's sworn off drama for good. But when she makes an unexpected return to her family's castle during high tourist season, drama is exactly what she finds—in the form of a Hollywood film crew and their sharp-tongued, stunning star, Sophia LeBlanc. Sparks of every kind fly from their first encounter, and the drama doubles as Vic's every decision draws her closer to Sophia and further from the expectations of the prestigious position she has been raised to protect. Sophia has worked and scraped and fought her way up from nothing to the brink of stardom. She's spent her career taking direction from rich, pretty, privileged men, and she has no intention of letting some rich, pretty, privileged aristocrat stand in the way now that her wildest dreams are within reach. She vows to stay in control of every situation during filming, but the Lady of the Manor proves to be an unexpectedly stubborn and alluring challenge to the goals she's fought so hard to achieve. As the summer heats up, Vic and Sophia learn they have far more in common

than their intense sexual attraction, but will that be enough to overcome the pressures of proud histories and find their way toward a new vision of forever?

Ethics in Plain English May 30 2020 This volume brings the American Psychological Association (APA) Ethics Code to life by rendering the official language of its 102 mandatory standards in plain English and providing illuminating case examples of how the standards apply to psychologists' everyday work. While fictional, these cases portray common situations and help the reader understand how ethical problems can suddenly emerge with able and well-meaning professionals even under the most ordinary of circumstances. The cases illustrate competent problem-solving by psychologists faced with ethical dilemmas in a variety of professional roles as well as instances in which inaction or inappropriate action by psychologists place them and those with whom they work at risk.

Oxford Guide to Plain English Aug 25 2022 Provides guidance on writing clearly and effectively, covering such topics as sentence length, active and passive verbs, punctuation, grammar, and proofreading.

Spanish in Plain English: The 5,001 Easiest Words You'll Ever Learn in Spanish Jun 23 2022 Vocabulary and phrasebook for aiding English speakers in learning Spanish.

Woe is I Oct 23 2019 In a witty, non-technical guide to English grammar and style, a former editor at The New York Times Book Review reveals the underlying logic of the language with the help of hilarious examples organized according to specific problems. Reprint.

Writing Science in Plain English Nov 16 2021 Scientific writing is often dry, wordy, and difficult to understand. But, as Anne E. Greene shows in *Writing Science in Plain English*, writers from all scientific disciplines can learn to produce clear, concise prose by mastering just a few simple principles. This short, focused guide presents a dozen such principles based on what readers need in order to understand complex information, including concrete subjects, strong verbs, consistent terms, and organized paragraphs. The author, a biologist and an experienced teacher of scientific writing, illustrates each principle with real-life examples of both good and bad writing and shows how to revise bad writing to make it clearer and more concise. She ends each chapter with practice exercises so that readers can come away with new writing skills after just one sitting. *Writing Science in Plain English* can help writers at all levels of their academic and professional careers—undergraduate students working on research reports, established scientists writing articles and grant proposals, or agency employees working to follow the Plain Writing Act. This essential resource is the perfect companion for all who seek to write science effectively.

Crocheting in Plain English Dec 25 2019 The definitive classic on crocheting for years, the first edition of *Crocheting in Plain English* equipped readers with easy-to-follow, friendly advice on creating their dream crochets. A lifelong crocheting teacher and designer, Maggie Righetti offered both basic principles and step-by-step instructions to get crocheters started and to perfect their techniques. In this latest edition, completely updated and revised for today's crocheter, Righetti dispenses more of her invaluable wisdom, covering virtually everything you need to know about crochet, including: * Selecting threads and yarns * Determining gauge * Working with the right tools * How to interpret patterns and instructions * Increasing and decreasing stitches * How to fix mistakes * Basic stitches (chain, double, treble, slip) * Sixteen different fabric pattern

stitches * Assembling the finished product * How to block, clean, and care for crocheted articles * And much, much more! Each technique is illustrated with clear drawings, charts, or photos. Complete with a new introduction and a detailed glossary of crochet terms, *Crocheting in Plain English* is one sourcebook no crocheter should do without.

Planning in Plain English Feb 19 2022 In this volume, the author draws from more than a decade of editing experience to explain how to craft clear, understandable, and highly readable planning documents. The author suggests ways to overcome planners' most common writing foibles: acronyms, jargon, and overuse of the passive voice. And the author provides handy lists to transform mushy nouns into powerful verbs, pare down bloated sentences, and translate ""bureaucratese"" into everyday language. The author even includes practice exercises designed to help you recognize and overcome bad writing habits. But even the best writing skills won't help if your document is organized poorly and aimed at the wrong audience. The author also explains why it's essential to know who your readers are before you start writing and how to organize your work so that it will be easy to understand and use."

Diving Physiology in Plain English Apr 21 2022 For all divers, beginner through instructor, search and rescue teams, training departments, health care providers, and family. Complex topics translated into understanding. Clear enough for all divers, substance for the advanced.

Statistics in Plain English Sep 26 2022 This inexpensive paperback provides a brief, simple overview of statistics to help readers gain a better understanding of how statistics work and how to interpret them correctly. Each chapter describes a different statistical technique, ranging from basic concepts like central tendency and describing distributions to more advanced concepts such as t tests, regression, repeated measures ANOVA, and factor analysis. Each chapter begins with a short description of the statistic and when it should be used. This is followed by a more in-depth explanation of how the statistic works. Finally, each chapter ends with an example of the statistic in use, and a sample of how the results of analyses using the statistic might be written up for publication. A glossary of statistical terms and symbols is also included. New features in the third edition include: a new chapter on Factor and Reliability Analysis especially helpful to those who do and/or read survey research, new "Writing it Up" sections demonstrate how to write about and interpret statistics seen in books and journals, a website at <http://www.psypress.com/statistics-in-plain-english> with PowerPoint presentations, interactive problems (including an overview of the problem's solution for Instructors) with an IBM SPSS dataset for practice, videos of the author demonstrating how to calculate and interpret most of the statistics in the book, links to useful websites, and an author blog, new section on understanding the distribution of data (ch. 1) to help readers understand how to use and interpret graphs, many more examples, tables, and charts to help students visualize key concepts. *Statistics in Plain English, Third Edition* is an ideal supplement for statistics, research methods, and/or for courses that use statistics taught at the undergraduate or graduate level, or as a reference tool for anyone interested in refreshing their memory about key statistical concepts. The research examples are from psychology, education, and other social and behavioral sciences.

Plain Language in Plain English Jul 24 2022 This book shows you how to write for customers and clients in language that's easy to understand. It is a thorough

companion to the writing process, with comprehensive guidance and advice on understanding your readers, planning and creating your text, and presenting your words in a good design. The contributor list reads like a who's who of plain language experts. Plain Language in Plain English is a valuable resource for governments, businesses, service providers, and professionals in any field to improve their communication. From organizational guidelines, literacy awareness, and reader expectations, to effective speaking strategies for presentations, Plain Language in Plain English, is a comprehensive tool to have in your communication toolbox.

Murder in Plain English Mar 08 2021 This is the first book to examine murder through the written word--not only the writings of the killers themselves, but also the story of murder as told in literary fiction and the crime dramas that are now a staple of film and television. The authors--a criminologist specializing in cold cases, written evidence, and forensic science, and an anthropologist who has dealt with the signs and ciphers of organized crime and street gangs in his previous work--are widely recognized experts in this emerging specialty field. Based on extensive research and interviews with convicted murderers, the book emphasizes the often-overlooked narrative impulse that drives killers, with the authors explaining how both mass and serial murderers perceive their crimes as stories and why a select few are compelled to commit these stories to writing whether before, during, or after their horrific acts. The book also analyzes the written work of killers, using a combination of machine-based linguistic patterning, predictive modeling, and symbolic interpretation, to make sense of the screeds of everyone from the Son of Sam and the Zodiac Killer to the Columbine attackers, the Unabomber, and the recent spate of mass shooters using social media as their preferred narrative platform. They present a theoretical perspective of murder that is based on both the criminological evidence and written works. In addition, the authors examine famous literature that has dealt ingeniously with murder and its relationship with real crime, from the Greek tragedians to Truman Capote to modern-day productions such as *Making a Murderer*. This unique approach offers a new means to penetrate the minds of murderers, revealing their motives as well as the wider social meanings of this age-old crime and our continuing fascination with it.

Statistics in Plain English Mar 20 2022 This book presents statistical concepts and techniques in simple, everyday language to help readers gain a better understanding of how they work and how to interpret them correctly. Each self-contained chapter features a description of the statistic including how it is used and the information it provides, how to calculate the formula, the strengths and weaknesses of each technique, the conditions needed for its use, and an example that uses and interprets the statistic. A glossary of terms and symbols is also included along with an Interactive CD with PowerPoint presentations and problems and solutions for each chapter. This brief paperback is an ideal supplement for statistics, research methods, or any course that uses statistics, or as a handy reference tool to refresh one's memory about key concepts. The actual research examples are from a variety of fields, including psychology and education.

Legal Writing in Plain English, Second Edition Jul 12 2021 Admirably clear, concise, down-to-earth, and powerful—all too often, legal writing embodies none of these qualities. Its reputation for obscurity and needless legalese is widespread. Since 2001 Bryan A. Garner's *Legal Writing in Plain English* has helped address this problem by

providing lawyers, judges, paralegals, law students, and legal scholars with sound advice and practical tools for improving their written work. Now the leading guide to clear writing in the field, this indispensable volume encourages legal writers to challenge conventions and offers valuable insights into the writing process that will appeal to other professionals: how to organize ideas, create and refine prose, and improve editing skills. Accessible and witty, *Legal Writing in Plain English* draws on real-life writing samples that Garner has gathered through decades of teaching experience. Trenchant advice covers all types of legal materials, from analytical and persuasive writing to legal drafting, and the book's principles are reinforced by sets of basic, intermediate, and advanced exercises in each section. In this new edition, Garner preserves the successful structure of the original while adjusting the content to make it even more classroom-friendly. He includes case examples from the past decade and addresses the widespread use of legal documents in electronic formats. His book remains the standard guide for producing the jargon-free language that clients demand and courts reward.

Estate Planning (in Plain English) Feb 07 2021 "An invaluable tool to help you collect the information your attorney needs." —Michael Cragun, Utah State Tax Commissioner

PSD2 in Plain English Jan 26 2020 PSD2 is the second EU Payments Services Directive. It will lead to big changes in EU banking. Most recent regulations have harmonised EU payments. PSD2 is different. The changes are radical and it is breaking new ground. Information from a customer's payment account is very useful. It is a vital ingredient for developing financial products. For many years, only the bank providing the account had this information. If more providers get this information, innovation and competition will increase. PSD2 cracks open this information for all providers. PSD2 lets many service providers initiate payments and access data from an account. The customer needs to agree to this. Payments experts are not the only people impacted by PSD2. Product designers, risk managers, consultants, compliance officers, investors and bank customers should understand PSD2. This book explains PSD2 to business professionals who are not payments experts. It shows how payments data could be a key ingredient in new service innovations. It explains how the business models of traditional banks could change. *PSD2 in Plain English* avoids the jargon used by payments experts. The book carries the accreditation of a 'Plain English Book Mark'. This accreditation means the book's clarity has been independently assessed by the Plain English Campaign. The Book Mark requires clear layout and design. The language in the book is appropriate for the intended audience.

Sweater Design in Plain English Nov 04 2020 If you're tired of making sweaters with sleeves that are the wrong length, necklines that droop, armholes that are too tight, and an overall look that's not quite right, then let *Sweater Design in Plain English* come to your rescue. In clear, straightforward terms, Maggie Righettie shares her knitting know-how and good fashion sense so that, no matter what your knitting level, you can overcome the fear of failure, avoid costly mistakes, adapt already-existing patterns, and plan and create sweaters that really fit and look terrific-sweaters that will be worn for many years to come. Topics and techniques include: -Understanding the nature of yarn and pattern stitches -Choosing the most flattering color and design for the wearer -Taking accurate body measurements -Estimating the amount of yarn you'll need -How to tell whether or not a sweater will look good on you-before you start to knit -How to alter printed patterns so they really fit -How to understand the mathematics of gauge and pattern design -Plus start-to-finish instructions for thirteen classic sweaters Each technique is illustrated with clear diagrams, sketches, or photographs. Complete with conversion charts and a personal-measurements record-keeping section, *Sweater Design in Plain English* takes the guesswork out of every creative knitting effort.

How to Write Plain English Jun 30 2020 Tackling the obfuscation inherent in legal language, Flesch isolates the elements in legal writing that make most documents beyond the layman's comprehension and offers remedies for each obstacle to easy reading and understanding

***C++ In Plain English* Apr 28 2020** A handy reference guide to all parts of the C++ language--including the library functions. The book focuses on demystifying C++ and object-oriented concepts, thus living up to its name. ***Oxford Guide to Plain English* Oct 27 2022** Plain English is an essential tool for effective communication. Information transmitted in letters, documents, reports, contracts, and forms is clearer and more understandable when presented in straightforward terms. The *Oxford Guide to Plain English* provides authoritative guidance on how to write plain English using easy-to-follow guidelines which cover straightforward language, sentence length, active and passive verbs, punctuation, grammar, planning, and good organization. This handy guide will be invaluable to writers of all levels. It provides essential guidelines that will allow readers to develop their writing style, grammar, and punctuation. The book also offers help in understanding official jargon and legalese

giving the plain English alternatives. This guide gives hundreds of real examples and shows 'before and after' versions of texts of different kinds which will help readers to look critically at their own writing. Helpfully organized into 21 short chapters, each covering a different aspect of writing. Clearly laid out, and easy to use, the Oxford Guide to Plain English is the best guide to writing clear and helpful documents.

Zen Meditation in Plain English Dec 17 2021 Written in a warm and accessible style, this book emphasizes the importance of receiving good instruction and of finding groups to practice with, yet it lays out the necessary steps to practice Zen meditation on your own.

Beyond Mindfulness in Plain English Apr 09 2021 Every meditation tradition explains that there are two aspects to any effective meditation practice: insight and concentration. In *Mindfulness in Plain English*, author Bhante Henepola Gunaratana, a monk from Sri Lanka and venerated teacher of Buddhism, offered basic instruction on the meaning of insight (or vipassana) meditation through concepts that could be applied to any tradition. In *Beyond Mindfulness in Plain English*, he presents the levels of concentration with the same simplicity and humor that made the previous book so successful. The focus here is on the Jhanas, those meditative states of profound stillness and concentration in which the mind becomes fully immersed and absorbed in the chosen object of attention. Using the Jhanas to guide readers along the path to joy, happiness, equanimity, and one-pointedness, the author provides all of the instruction necessary to utilize meditation as a tool for building a more fulfilling life.

Psychology in Plain English Mar 28 2020 *Psychology in Plain English* is an easy-to-read, somewhat folksy book describing principles of psychology and how they relate to real life. Dr. Richards uses anecdotes, personal examples, wicked humor, and explanations honed through more than 30 years and more than 700 psychology classes to covers some of his most popular classroom topics. How do we learn fears and phobias, and how can they be removed? Why is punishment not the best learning technique, or even second best? How does psychology differ from common sense? Is it true we only use 10% of our brains? Why do averages often tell us very little? Why does the English language, the language of science, business, and air traffic control, suck big time? Topics run the gamut from the origins of sexuality, practical uses and limitations of punishments and rewards, the origins of fears and phobias, factors that make things funny, keys to human happiness, common human errors in decision making, functions of different parts of the brain, and even what makes psychology psychology to start with. The overall result is a scientifically-supported yet easily understandable description of some of the more cutting edge research in psychology.
