Tommyland Jul 04 2020 I am Tommy Lee, born Thomas Lee Bass in Athens, Greece, on October 3, 1962, and raised in a suburb of California by an American father and a Greek mother. At seventeen, I joined Mötley Crüe and we became one of the baddest-ass rock bands in history. We sold over 40 million albums, we wreaked havoc, we scared parents, and we titillated too many fathers' daughters. I've been married three times: once for just a few days to a Penthouse Pet, for seven years to Heather Locklear, and then for five years to Pamela Anderson, with whom I have two beautiful sons. I've gotten into a lot of fights and I've been to jail a few times. But this book isn't your typical journey in a straight line from day one to day now. I'm more interested in revealing what's most important about my life, like how I cook my steaks; what I think of the tabloids, the truth, my ex-wives, my ex-band, my music; and what an innocent observer might find hanging around my house any given Sunday. You'll get plenty of facts and I'll tell you a story, but my real mission here is to paint you a picture of my life. I want to show you how my memories smell. I'd like to get into it now, so please take your seats. I advise you to keep your arms and legs inside

the car at all times. If you have a pacemaker, a heart condition, or if you are pregnant or too damn short to reach the safety bar, I ask that you turn back immediately. Those with weak stomachs, strict morals, or chronic indigestion should put the book down now. For the rest of you, there's one truth that's real across the board: What you send out is what you get back. Send out the good, people, and it will come back to you. There's another thing I've learned over the years, in court, in fights, and in arguments with people I love: There isn't one truth, there are many. This book is my truth. NOTE: THE EBOOK DOES NOT INCLUDE PHOTOGRAPHS THAT APPEAR IN THE PRINT EDITIONS.

Last Night at the Viper Room Oct 31 2022 At the dawn of the 1990s, a new crew of leading men—Johnny Depp, Nicolas Cage, Keanu Reeves, and Brad Pitt—was rocketing toward stardom. River Phoenix, however, stood in front of the pack. But behind Phoenix's talent and beautiful public face was a young man who had been raised in a cult by nonconformist parents, who was burdened with supporting his family from a young age, and who eventually succumbed to addiction, dying of an overdose in front of the Viper Room, West Hollywood's storied club, at twenty-three. Last Night at the Viper Room is part biography, part cultural history of the 1990s, and part celebration of a Hollywood icon gone too soon. Full of interviews from his fellow actors, directors, friends, and family, Last Night at the Viper Room shows the role River Phoenix played in creating the place of the actor in our modern culture and the impact his work still makes today.

Citizen Cash Aug 24 2019 A leading historian argues that Johnny Cash was the most important political artist of his time Johnny Cash was an American icon, known for his level, bass-baritone voice and somber demeanor, and for huge hits like "Ring of Fire" and "I Walk the Line." But he was also the most prominent political artist in the United States, even if he wasn't recognized for it in his own lifetime, or since his death in 2003. Then and now, people have misread Cash's politics, usually accepting the idea of him as a "walking contradiction." Cash didn't fit into easy political categories—liberal or conservative, Republican or Democrat, hawk or dove. Like most people, Cash's politics were remarkably consistent in that they were based not on ideology or scripts but on empathy—emotion, instinct, and identification. Drawing on untapped archives and new research on social movements and grassroots activism, Citizen Cash offers a major reassessment of a legendary figure.

Kate Moss - Addicted to Love Feb 20 2022 Party-girl supreme and queen of street fashion, supermodel and millionairess, Kate Moss is as familiar in headlines as on the catwalk as the twin narratives of lurid tabloid stories and continuing adulation of the fashion industry demonstrates to all the paradox of fame. Whether she's partying, finding another way to get out of it, or strutting self-assuredly down a catwalk in Paris you can be sure photographers are in a huddle close by, ready splash her or crash her in tomorrows headlines. She is now more familiar to some as the Cocaine Kate of recent tabloid headlines than as the face of Chanel and Burberry. This searching and remarkable book charts both her career and personality as she is propelled out of a misspent youth by the hand of fate to the top of her profession and beyond to become an icon, bigger than the brands she is paid a fortune to represent. However, within the whirlwind of that life the book reveals to us an all-too-human Kate Moss too, as surprised as anyone by the nonsense of celebrity, an apparently addictive personality with a frenetic desire to be loved that accounts for her merry-go-round of celebrity lovers and parallel quest for a dream man to endorse her ethereal fashion self. From the Johnny Depp saga to her strange affair with Pete Doherty, this book recounts it all in a fast-paced, taboo-shattering style that is in a mould reminiscent of previous daring exposes from Fred Vermorel.

A Series of Unfortunate Events 02. The Reptile Room Jul 28 2022 There is nothing to be found in the pages of A Series of Unfortunate Events but misery and despair. You still have time to choose another international best-seller to read. But if you must know what unpleasantries befall the charming and clever Baudelaire children read on . . . In The Reptile Room the siblings endure a car accident, a terrible smell, a deadly serpent, a long knife, a brass reading lamp, and the re-appearance of a person they'd hoped never to see again. With 5 million copies sold in the UK alone, one might consider Lemony Snicket's A Series of Unfortunate Events to make him one of the most successful children's authors of the past decade. We, however, consider these miserable so-called adventure stories and the Hollywood film starring Jim Carrey that accompanied the books for children as nothing more than a dreadful mistake.
