Justification and Sanctification Aug 18 2021 In the sixteenth century the Western Church was rent asunder by the quarrel over justification. Today scholars from churches on both sides of the controversy are carefully rethinking the question. Dr. Toon shows how contemporary biblical scholarship and exegesis are attempting to resolve the thorny question of justification without compromising the integrity of either side. Provocative and far-reaching in its analysis and conclusions, Justification and Sanctification gives the student an invaluable introduction while providing the scholar a fresh look at the issue.
