Grammar Essentials Jan 31 2020 This fully updated edition of Grammar Essentials is designed for students and adults who need to improve their writing ability quickly to move ahead. Invaluable for those who write reports, memos, correspondence, requests for material, this book focuses on "mastering the basics." Included is a 20-step guide to provide practical and fun exercises, and a self-study program that helps readers work at their own pace and make progress. A pre-test shows where the most help is needed, and a final exam tests newly learned grammar skills for reinforcement. Plus, you'll find the 25 most common grammar mistakes, and how to avoid them.

Tests that Second Language Teachers Make and Use Aug 27 2019 Classroom tests are an everyday feature of second and foreign language classrooms worldwide. Teachers spend a lot of time and energy making and using tests, and learners spend a lot of time and energy taking them. Nonetheless, such assessments are under-studied, as they are considered routine. This volume illuminates this little-researched area. Featuring fifteen classroom language tests made and used by Chinese, English, French, German, Italian, Japanese, Russian, and Spanish teachers, the book includes parallel teacher commentary and testing content chapters that transparently probe the teachers' processes of making and using their tests. Rather than view teachers' tests as poor shadows of what professional test writers do, this work identifies the reasoning behind teachers' tests. In addition, focused testing content chapters take examples directly from the actual tests and the accompanying teacher commentary. This book is an accessible, applied resource for second and foreign language teachers, language program administrators working with teachers, students in teacher preparation and enrichment programs, and scholars in language teaching, learning, and testing.

Cambridge Grammar for First Certificate with Answers and Audio CD Nov 30 2019 The syllabus for this exam has changed and this book has now been replaced by 9781107481060 Grammar and Vocabulary for First and First for Schools Book with answers and Audio.

Take an online quiz, get editing help, order the book, join the Q&A club, read Jane Straus's articles, or register for her monthly newsletter.

Classroom Assessment for Language Teaching Jul 07 2020 This book focuses where assessment has greatest relevance—the classroom. A great deal of research related to assessment is focused on 'the testing industry', high-stakes language proficiency testing, and related analytical and statistical reports that are far removed from teachers' and students' experiences in the classroom. Recently, more attention has been paid to assessment in language classrooms and the many challenges that teachers face in both measuring and promoting student learning. This book contributes to the body of knowledge related to teacher assessment competence, and how it is manifested in the decisions they make about assessment procedures and instruments in their classes. Focused on specific challenges related to classroom assessment, each chapter reports on particular assessment issues faced by teachers, their choices regarding such issues, and the consequences (actual or anticipated) of their decision-making. This book will interest the thousands of teachers globally dealing with the numerous challenges associated with effective classroom assessment in language learning. This collection of teacher voices, stories, and investigations provides possible solutions to such challenges, and will serve to promote assessment literacy in the language teaching profession.

Oxford Practice Grammar Aug 20 2021

DOD Pam Aug 08 2020

Gwynne's Grammar Nov 03 2022 'Grammar is the science of using words rightly, leading to thinking rightly, leading to deciding rightly, without which - as both common sense and experience show - happiness is impossible. Therefore: happiness depends at least partly on good grammar.' So writes Mr Gwynne in his small, but perfectly formed new book. Mr Gwynne believes passionately that we must regain our knowledge of the lost science of grammar before it is too late. Formerly a successful businessman, Mr Gwynne has for many years been teaching and tutoring just about every sort of subject to just about every sort of pupil in just about every sort of circumstance. His teaching methods are very much the traditional, common-sense ones, refined over the centuries, that were almost everywhere until they were abolished in the 1960s. Being disappointed in the standards of grammar he encountered in his pupils, Mr Gwynne, over time, wrote this wonderful, succinct and yet comprehensive little book - because nothing quite as suitable already existed. This edition also includes Strunk's classic guide to style, explaining how to write well and the main pitfalls to avoid. Beautifully designed, easy to understand and a joy to read, Gwynne's Grammar may be the best little book you will ever have in your life.
