My Makeup Practice Book Apr 27 2020 Many girls are intrigued by cosmetics. Young ladies all aspire to be like Mommy or their older sisters. If this sounds like a little one you know, then consider this book made for young girls who love to play and experiment with makeup. It includes plenty of basic face charts to keep anyone busy for hours. Whether using coloring pens or real makeup, it will give kids the opportunity to be creative and perfect a skill and hobby that might come in handy when they are older. Other than that it's tons of fun and will lessen the need for experimenting on their own faces. It's equally useful for any adult who wants to try new makeup looks and practice tutorials.

Foundations of Stage Makeup Sep 20 2019 Foundations of Stage Makeup is a comprehensive exploration into the creative world of stage makeup. Step-by-step makeup applications paired with textual content create an enriching experience for future performers and makeup artists. Students will learn relevant history, color theory, makeup sanitation processes, and the use of light and shadow to engage in discussions about the aspects of professional makeup. Those foundations are then paired with a semester's-worth of descriptive, engaging makeup applications. Old age makeup, blocking out eyebrows, gory burns, and creating fantastical creatures are just a few of the rewarding techniques found in Foundations of Stage Makeup. The book is complemented by an eResource page featuring makeup tutorials and an instructor's manual with example assignments and tips to teaching each chapter.

**Color Theory for the Makeup Artist** Oct 22 2019 Color Theory for the Make-up Artist: Understanding Color and Light for Beauty and Special Effects analyzes and explains traditional color theory for fine artists and applies it to the make-up artist. This book is suitable for both professionals and beginners who wish to train their eye further to understand and recognize distinctions in color. It explains why we see color, how to categorize and identify color, relationships between colors, and it relates these concepts to beauty and special effects makeup. The book teaches the reader how to mix flesh tones by using only primary colors, and explains how these colors in paints and make-up are sourced and created. It also discusses the reasons for variations in skin colors and undertones, and how to identify and match these using make-up, while choosing flattering colors for the eyes, lips, and cheeks. Colors found inside the body are explained for special effects make-up, like why we bruise, bleed, or appear sick. Ideas and techniques are also described for painting prosthetics, in addition to using color as inspiration for make-up designs. The book also discusses how lighting affects color on film, television, theater, and photography sets, and how to properly light a workspace for successful applications.
