nearly four decades, Wendy Lesser's primary source of information about three Scandinavian countries—Sweden, Norway, and Denmark—was mystery and crime novels, and the murders committed and solved in their pages. Having never visited the region, Lesser constructed a fictional Scandinavia of her own making, something between a map, a portrait, and a cultural history of a place that both exists and does not exist. Lesser's Scandinavia is disproportionately populated with police officers, but also with the stuff of everyday life, the likes of which are

**The Eye of the Leopard** May 27 2022 From the creator of the acclaimed Kurt Wallander series: A thrilling story set in Sweden and Zambia "told with heart-stopping tension" (Entertainment Weekly). Interweaving past and present, *The Eye of the Leopard* draws on bestselling author Henning Mankell's deep understanding of both Scandinavia and post-colonial Africa. Hans Olofson arrives in Zambia in the 1970s, at the start of its independence. There, he hopes to fulfill the missionary dream

of a boyhood friend who was unable to make the journey. But he is also there to flee the traumas of his motherless childhood in provincial Sweden: his father's alcoholism, his best friend's terrible accident, his fear of an ordinary and stifled fate. Africa is a terrible shock, yet he stays and makes it his home. In all his years as a *mzungu*, a wealthy white man among native blacks, he never comes to fully understand his adoptive home, or his precarious place in it. Rumors of an underground army of revolutionaries wearing leopard skins warn him that the fragile truce between blacks and whites is in danger of rupturing.

prize-winning “master of atmosphere” comes the surprising and affecting story of a man well past middle age who suddenly finds himself on the threshold of renewal (The Boston Globe). Living on a tiny island that is surrounded by ice during the long winter months, Fredrik Welin is so lost to the world that he cuts a hole in the ice every morning and lowers himself into the freezing water to remind himself that he is alive. When an unexpected visitor disrupts this frigid existence, Frederik begins an eccentric, elegiac journey—one that displays the full height of Henning Mankell’s storytelling powers.
